WESTMINSTER CITY COUNCIL

PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

Extension to The Strand Conservation Area The Trafalgar Square Conservation Area and The Westminster Cathedral Conservation Area

Notice is hereby given that on 30th March 1993 the Westminster City Council as local planning authority designated under the provisions of sections 69, 70 and 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 those parts of the City of Westminster described in the schedule to this Notice as extensions to The Strand Conservation Area, The Trafalgar Square Conservation Area and The Westminster Cathedral Conservation Area.

The effect of designation is as follows:

Conservation Areas are designated in order to preserve or enhance the character or appearance of areas of special architectural or historic interest (as distinct from individual buildings), to control demolition in such areas and to stimulate and encourage measures to improve the environment.

Section 73 of the Act contains a special procedure for dealing with applications for planning permission for the development of land in or adjacent to a Conservation Area if the local planning authority is of the opinion that the development would affect the character or appearance of the area.

Sections 74 and 75 of the Act brings demolition of buildings in Conservation Areas under control by applying, with modifications, the listed building controls applying to works to listed buildings. Conservation Area consent must be sought for proposals involving the demolition of part or all of most buildings in a Conservation Area. Consent to demolish should not be taken to have been granted as part of the planning permission for redevelopment. In assessing whether or not consent should be granted planning authorities take account of the importance of the building to the character or appearance of any part of the Conservation Area.

Section 211-214 of the Town and Country Planning Act 1990 extends the control over trees in Conservation Areas. Any person wishing to cut down or carry out works to any such trees shall, subject to certain exemptions, give the local planning authority 6 weeks' notice of his intention of so doing, to enable the authority to decide whether or not to make a Tree Preservation Order.

Plans showing the Conservation Areas as extended are available for public inspection at One Stop Services, Westminster City Hall, Victoria Street, London SW1E 6QP.

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of any individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.

There's a free leaflet on *Statutes in Force* available from:
