The Natural Mineral Water Regulations 1985, permit the Council to recognise a water source if the water satisfies certain criteria listed in Schedule 1 of the Regulations. The criteria includes the physical and chemical characteristics of the water, microbiological analysis, toxic substances, freedom from pollution and stability.

All the criteria have been satisfied and the Public Analyst has confirmed that the water was chemically and physically suitable for human consumption.

Take notice therefore that on 4th November 1993, Basingstoke and Deane Borough Council recognised the designation of Ashe Park Mineral Water obtained at Borehole A, at Ashe Park Estate, Stevenston, in Hampshire, as natural mineral water for the purposes of the Natural Mineral Water Regulations 1985.

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of any individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.
