OXFORDSHIRE COUNTY COUNCIL

Oxfordshire County Council (A4142 Oxford Eastern By-pass, Horspath Road and Horspath Driftway Junctions) (Traffic Regulation) Order 1994

Notice is hereby given that the Oxfordshire County Council propose to make the above Order (under sections 1 and 2 of, and Part IV of Schedule 9 to, the Road Traffic Regulation Act 1984) introducing changes in the existing traffic movement arrangements at the Horspath Road and Horspath Driftway junctions of the Oxford Eastern By-pass, as part of the alterations to the junctions which are to be carried out in connection with the redevelopment of the Rover site. The proposed changes are:

Horspath Driftway. The Order made in 1984 which closed the gap in the central reservation of the Eastern By-pass would be revoked, to facilitate the creation of an "all-movements" junction controlled by new traffic signals. The resulting access facility from the by-pass into Horspath Driftway would replace the access via Horspath Road which would disappear under the proposals described below.

Horspath Road. Vehicle movements into and out of Horspath Road west of the Eastern By-pass would be prohibited, creating a "three-leg" junction in place of the existing roundabout, again controlled by new traffic signals. The Horspath Road junction on the west side of the by-pass would therefore be closed off, unless it proved necessary to allow limited access to maintain an adequate bus service. In that event, the Order would permit movements across the by-pass (but only for buses in the eastward, outbound, direction). Turning movements on to and off the by-pass would not be permitted.

Copies of the draft Order, the Order to be revoked, the relevant plans and the Council's statement of reasons, are available for public inspection at County Hall, New Road, Oxford, from 9.30 a.m. to 12.30 p.m. and from 2 p.m. to 4.30 p.m. on Mondays to Fridays for the period 8th July to 5th August 1994. The documents can also be seen at the Prince of Wales Public House, Horspath Road, during normal opening hours over the same period.

Objections to the proposed Order, stating the grounds on which they are made, and any other representations, should be submitted in writing by 5th August 1994, to the Assistant Chief Executive (ref. DE), at the address below.

J. Harwood, Chief Executive

County Hall, Oxford OX1 1ND.

WEYMOUTH AND PORTLAND BOROUGH COUNCIL

Planning (Listed Buildings and Conservation Areas) Act 1990

Weymouth and Portland Borough: Weston Conservation Area

Notice is hereby given that the Weymouth and Portland Borough Council has designated Weston on Portland as a Conservation Area under the provisions of the above Act. The area is more fully described in the Schedule to this notice.

The effect of designation is that special attention will be paid by the Council to the desirability of preserving or enhancing the character or appearance of the area concerned, which is defined in the Schedule below. Future development or advertising in the Conservation Area will be subject to strict planning control designed to secure the preservation of the character and general improvement of the area, including alterations to unlisted buildings which will affect the character of the Conservation Area; where permitted development rights do not apply. Within the Conservation Area demolition of buildings or any part of a building will now require the approval of the Council as Local Planning Authority, subject to certain exceptions.

In addition certain trees within the Conservation Area cannot be felled, topped or lopped or uprooted without the consent of the Weymouth and Portland Borough Council. If the trees are subject to wilful damage or wilful destruction an offence may have been committed.

The Borough Council will consider ways of improving or enhancing the Conservation Area through environmental enhancement schemes, subject to consultation with the public.

Documents including the map showing the precise boundaries of the designated area, have been deposited at the office of the Chief Planning Officer at the Municipal Offices, North Quay, Weymouth, and may be inspected during normal office hours.

M. N. Ashby, Chief Executive

SCHEDULE

Weston Conservation Area

The boundary of the area extends southwards from Gypsy Lane along the boundary wall of the Weston football pitches to the east of 39 Weston Street. (This includes an area with consent for the extraction of Portland stone. This consent will not be affected by the designation of the Weston Conservation Area.) It crosses the street to include 28 to 48 Weston Street and the Methodist Chapel. The boundary extends westwards to Avalanche Road (excluding Nos. 2 to 24 Weston Street), it then turns northwards to Barleycrates Lane. The boundary turns westwards for approximately 120 metres along Barleycrates Lane before turning northwards along the boundary walls to the rear of 106 Weston Road to include 100 and 102 Weston Road, before crossing Isle Road to the west of 98 Weston Road and extending northwards to the rear of, and including the Royal Exchange Public House and 50 to 98 Weston Road. The boundary then turns eastwards to the south of 33 Weston Road to include 35 to 47 Weston Road, it then turns northwards to include Gypsy Lane as far as Laburnum House.

The settlement of Weston is located on the west side of Portland, approximately two miles north of Portland Bill. The character of the area is dominated by Weston Green which is a large open space that provides an historically important setting for the surrounding buildings. It is the "heart" to the old settlement and is historically and visually linked to the old field systems to the south and west. A strong feature of these old field systems are the traditional Portland stone (drystone) walls, which can also be found to the rear of properties in Weston Road.

The existing buildings of Weston, are founded on a core of Tudor and Jacobean buildings in Weston Road and along Gypsy Lane to the north and west of the green. However, the majority of buildings date from the 19th century interspersed with some from the 20th century. Like the majority of buildings on the island, those in Weston are built with Portland stone and slate roofs, but some of the walls have been covered with render. The buildings bordering Weston Green vary in height but are principally small scale houses, with garden walls, which provide a border to the green without visually dominating it. Many of the buildings have been altered, yet they retain the simplicity of the local vernacular architecture.
