Variation of Conservation Areas

Notice is hereby given that on 19th October 1994, the Mansfield District Council designated the areas specified in the Schedule hereto as conservation areas pursuant to section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990. A map of the designated areas may be inspected during normal office hours at the Civic Centre, Chesterfield Road South, Mansfield.

The purpose of designation is to preserve or enhance the character or appearance of areas which are of special architectural or historic interest. The main effects of designation are as follows:

1. To ensure special regard is paid to the architectural and visual qualities of each of the designated areas as a whole when proposals for development are under consideration.
2. Anyone wishing to demolish a building or wall in a conservation area will almost certainly require consent from the local Planning Authority.
3. Advertisements in conservation areas will be controlled by the Local Planning Authority to avoid detraction from the appearance of the area.
4. Trees in conservation areas are protected by the Act against felling, topping, lopping, uprooting and wilful damage. Any person wishing to carry out work to any tree should give the Council 6 weeks notice in writing of their intention to carry out works.
