3243/0269	Munro Wholesale Medical Supplies Limited	Ventolin Inhaler	Salbutamol BP 0.1 mg	Salbutamol is a selective beta-2 adrenoceptor agonist. At therapeutic doses it acts on the beta-2 adrenoceptors of bronchial muscle, with little or no action on the beta-1 adrenoceptors of the heart. With its fast onset of action, it is particularly suitable for the management and prevention of attack in mild asthma and for the treatment of acute exacerbation in moderate and severe asthma. Salbutamol provides short-action (4 hour) bronchodilation with fast onset (within 5 minutes) in reversible airways obstruction due to asthma. It is suitable for long term use in the relief and prevention of asthmatic symptoms. Ventolin should be used to relieve symptoms when they occur and to prevent them in those circumstances recognised by the patient to precipitate an asthmatic attack (e.g. before exercise or unavoidable allergen exposure). Ventolin is particularly valuable as rescue medication in mild, moderate or severe asthma, provided that reliance on it does not delay the introduction and use of regular inhaled corticosteroid therapy. 				muscle, with little or no action on the Beta-1 adrenoceptors of the heart. With its fast onset of action, it is particularly suitable for the management and prevention of attack in mild asthma and for the treatment of acute exacerbations in moderate and severe asthma. Salbutamol provides short-action (4 hour) bronchodilation with fast onset (within 5 minutes) in reversible airways obstruction due to asthma. It is suitable for long term use in the relief and prevention of asthmatic symptoms. Ventolin should be used to relieve symptoms when they occur and to prevent them in those circumstances recognised by the patient to precipitate an asthmatic attack (e.g. before exercise or unavoidable allergen exposure). Ventolin is particularly valuable as rescue medication in mild, moderate or severe asthma, provided that reliance on it does not delay the introduction and use of regular inhaled corticosteroid therapy. OFTEL

OFFICE OF TELECOMMUNICATIONS

Proposed Modifications of the Conditions of the Licence of British Telecommunications plc ("BT")

The Director General of Telecommunications (the "Director") in accordance with section 12(2) of the Telecommunications Act 1984 (the "Act") hereby gives notice that he proposes to make modifications to the licence granted to British Telecommunications on 22nd June 1984 (the "BT Licence").

The principal modifications which the Director proposes to make are set out in the Schedule below. The Director also proposes to make a number of minor and consequential modifications for the purposes of the principal proposed modifications.

The Director proposes to make the modifications because they are essential to ensure transparent interconnection arrangements and operators' confidence in them, efficient and sustainable interconnection charges, that interconnection charges and other arrangements are not unduly discriminatory or unduly preferential and that there are no unfair cross subsidies of any of BT's businesses.

The Director is required by section 12(2) of the Act to consider any representations or objections which are duly made and not withdrawn.

Representations or objections to the proposed modifications may be made to Graeme Maguire, OFTEL, 50 Ludgate Hill, London EC4M 7JJ (telephone 071-634 8925) no later than 31st January 1995.

Copies of the proposed modifications may be obtained from Ivan Thompson at the above address (telephone 071-634 8841).

SCHEDULE

*Proposed Principal Modifications of Conditions of the BT Licence
Accounting Separation (new Condition 20B)*

The proposed modification would require BT to prepare and publish separate financial statements (the "Financial Statements") for a number of separate businesses as agreed between the Director and BT before the Condition comes into force (each a "Business" and together the "Businesses") and, insofar as a Business has been disaggregated in terms of activities of the Business, each activity of that Business, together in the case of each Business, with a report from BT's auditors. In the first instance the Businesses proposed

would be the Access Business, the Apparatus Supply Business, the Network Business, the Residual Business, the Retail Systems Business and the Supplemental Services Business. The costs, revenues and assets comprised in each Business and the level of disaggregation of each Business would be as agreed between BT and the Director before the modification comes into force. Changes to the number of Businesses, the costs, revenues and assets comprised in each Business and the level of disaggregation of each Business would be made following agreement between BT and the Director or by direction by the Director after an investigation (see below).

Each Financial Statement would be prepared:

- (a) in accordance with certain accounting documents being the accounting policies, the attribution methods (which would include the cost drivers to be used in the Financial Statements), the regulatory accounting principles and the transfer charging system (together the "Accounting Documents"); and
- (b) in the form and with the content,

agreed between the Director and BT before the modification comes into force. Changes to the Accounting Documents and the form and content of the Financial Statements would be made following agreement between BT and the Director or by direction by the Director after an investigation (see below).

BT would be required to ensure that the number of Businesses, the costs, revenues and assets comprised in each of those Businesses, the level of disaggregation of each Business, the Accounting Documents and the form and content of the Financial Statements are consistent with, and give effect fully to, regulatory decisions made on or after the coming into force of the modifications.

BT would be required to publish details of the Accounting Documents and further information on the detail of its costs, revenues, assets and liabilities attribution systems as the Director directs.

BT would be required to prepare and publish interim financial statements (the "Interim Financial Statements") for the first six months of each financial year for each of the Businesses and, insofar as a Business has been disaggregated in terms of activities of the Business, each activity of that Business, together, in the case of each Business, with an interim report from BT's auditors.

Unfair subsidies or unfair cross subsidies (new Condition 20B; paragraph 20B.15)

The proposed modification would provide that where the Director is satisfied that BT:

- (a) is unfairly subsidising or unfairly cross subsidising; or
- (b) has unfairly subsidised or unfairly cross subsidised and has ceased to unfairly subsidise or unfairly cross subsidise but is likely to repeat that unfair subsidy or unfair cross subsidy at any time in the future,

any of the Businesses other than the Residual Business, and where the Director is satisfied that unfair subsidy or unfair cross subsidy has or could have a material effect on competition in the UK, any part or parts of any of those Businesses, the Director may direct BT to take steps to remedy the situation.

Investigations (new Condition 20B; paragraph 20B.18)

The proposed modification would allow the Director where he has reasonable grounds to believe that:

- (a) BT is unfairly subsidising or unfairly cross subsidising any of the Businesses specified in the new Condition 20B other than the Residual Business or any of the businesses specified in Condition 18;
- (b) BT is showing undue preference to, or exercising undue discrimination against, any operator in respect of the provision or quality of a Standard Service or private circuit contrary to Condition 17 or the new Condition 17B (see below), or, has shown such undue preference or exercised such undue discrimination, has ceased to do so but is likely to repeat that undue preference or undue discrimination at any time in the future;
- (c) BT is in breach of any of the obligations under the new Condition 20B; or
- (d) any of the Accounting Documents, the Financial Statements or the Interim Financial Statements are deficient in any way,

to require BT to co-operate with the Director for the purpose of furnishing the Director with information and, in particular, to allow the Director, his representatives or any members of his staff, access to investigate BT's accounting and reporting arrangements.

If, as a result of such an investigation the Director is satisfied that any of (a) to (c) above has occurred, that any of the Accounting Documents, the Financial Statements or the Interim Financial Statements are deficient in any way or he has insufficient information

to conclude whether or not BT has done, is doing or is likely to do any of the things referred to in (a) to (c) above then the Director may direct that:

- (i) the costs, revenues and assets comprised in any of the Businesses, the level of disaggregation of each Business, the form and content of the Financial Statements and Interim Financial Statements and/or the Accounting Documents be amended; and/or
- (ii) any Business be divided to create additional Businesses or that one or more Businesses be combined to create fewer Businesses for the purposes of accounting separation.

Standard Services (new Condition 16B)

The proposed modification would establish a structure in which the charges for each service for interconnection purposes (a "Standard Service", as defined in the new Condition 16B) that is provided by BT to one or more operators would be determined by the Director in each year on the basis of unbundled network components and network parts. All operators entitled to one or more Standard Services would then have the right to purchase them from BT at the same charges. The same charges would also be applied between the Businesses of BT created for the purposes of accounting separation (new Condition 20B).

The maximum charges payable for each Standard Service would be determined by the Director pursuant to the appropriate licence Condition. BT would be entitled to seek the Director's consent to charge a lower amount. If consent were given, those lower charges would apply to all operators.

The Director would be entitled, following representations from BT or other operators, to determine the market for a Standard Service to be competitive. Following such a determination, BT would be free to set the charges payable by other operators for that Standard Service but all operators entitled to it would pay the same charges.

BT would be required to publish and keep updated a full list of Standard Services identifying:

- (a) the charges to be paid by an operator for each Standard Service as determined by the Director;
- (b) the actual charges to be paid by an operator where it differs from the determined charges or where no charges have been determined;
- (c) the amount attributable to each network component and network part used in providing each Standard Service together with the unit cost charged by way of transfer charge for each network component and network part whether used in providing a Standard Service or not; and
- (d) each Standard Service the market for which is determined by the Director to be competitive.

Contemporaneous Indexation (modifications to Condition 13)

The proposed modifications would address the fact that at the time each Standard Service would be provided the necessary cost information would not be available. Therefore, the modification provides for the charges payable by operators to BT for:

- (a) each conveyance Standard Service, including Access Deficit Contributions, to be determined for each financial year in advance on the basis of a forecast; and
- (b) each non-conveyance Standard Service, to be determined for each financial year in advance based on the most recent cost data available.

Those charges would then be retrospectively adjusted when the actual data for that financial year became available.

Quality of Service (new Conditions 17B and 17C)

These proposed modifications would require that BT:

- (a) shall not show undue preference to, or exercise undue discrimination against, any operator in respect of the quality (as defined in the new Condition 17B) of any Standard Service or any private circuit provided under Condition 46; and
- (b) offer to use its reasonable endeavours to achieve specified quality targets in the provision of certain Standard Services and private circuits.

The quality targets would be agreed between the Director and BT and published, together with information on actual performance, at least once a year in a Quality of Service Report. BT would be entitled to exclude from any copy of this report that it is obliged to send to any person any matter that the Director agrees if included would or might seriously and prejudicially affect BT's interests. The quality targets would be revised by agreement between BT and the Director or by direction by the Director following an investigation of the kind described in the new Condition 20B (above).

Confidential Information (new Condition 41A)

The proposed modification would provide for the protection of confidential information disclosed both during negotiations to enter into agreements for the provision of Standard Services and during the term of those agreements.

Further Provisions Relating to General Prices (new Condition 24F)

The proposed modification would require BT to obtain the Director's consent before the introduction of retail prices for certain of its services specified in Condition 24A if the proposed price would be below BT's costs for that retail service.

The proposed modification would also require BT to provide information to the Director in the form of a "Price Control Notice" when BT proposed to change the price of one of those services (whether or not to a level below BT's costs for that retail service).

In addition, BT would be required to publish each Price Control Notice excluding any information which the Director agrees if included would or might seriously or prejudicially affect BT's interests.

At the same time that any price change took effect, BT would be required to make appropriate reductions to access deficit contributions and or Standard Service charges payable by other

operators so that BT was not unduly discriminating against other operators or unduly preferring itself.

The proposed modification would also set a maximum duration of three months for special offer retail prices and a prohibition on a repeat of the same or a similar special offer in relation to the same retail service for a period of three months. Further, the proposed modification would prevent any increases in access deficit contributions that would be payable in respect of any Standard Service to provide other retail services as a result of the reduction in price through the introduction of a special offer.

Consents, directions and determinations

Where in the proposed modifications the Director:

- (a) proposes to give consent or a direction or to make a determination; or
- (b) gives consent or a direction or makes a determination,

he would be required to consult with BT and other interested parties as he considers appropriate and to give his reasons for the proposed decision or decision unless the consent, direction or determination is expressly excluded from these requirements.

For each additional 5 lines or under: £11.25 + VAT.

NOTE. Should it be necessary for a notice or advertisement to be reinserted owing to advertisers errors in the original, such reinsertion will carry a heading to the effect that it is a substituted notice or advertisement and the charge for this heading will be calculated at the rate given under (k)(iii). This does not apply if the heading appears before a notice or advertisement which has a fixed charge when the cost for such heading will be £13.22 (£11.25 + VAT).

All notices and advertisements should reach The London Gazette Office before 11.30 a.m. two days previous to publication except the Monday edition, for which notices must be received before 11.30 a.m. on the previous Thursday. Notices and advertisements received after that time will be inserted, or withdrawals or alterations effected, if circumstances permit, on payment of a late fee for each notice or advertisement at the following rates:

Up to 4 p.m. on the day previous to publication £13.22 (£11.25 + VAT).

This fee will also be charged for notices withdrawn after 11.30 a.m. 2 days prior to publication.

Notices which include column setting should reach the London Gazette Office at least one week prior to publication if possible.

The London Gazette is published every Monday, Tuesday, Wednesday, Thursday, and Friday except Public Holidays.

A voucher copy will be posted on the day of publication on prepayment of £1.45 (inclusive of postage).

NOTICE

All Notices and Advertisements are published in the London Gazette at the risk of the Advertiser and at the discretion of the Editor. Whilst every endeavour will be made to ensure that the publication is made in accordance with the advertiser's requirements the Crown accepts no responsibility for any loss or damage howsoever arising from either a failure to meet those requirements or in respect of any errors or omissions which may inadvertently be made in respect of those requirements or in connection with any notice or advertisement.

Notices and Advertisements by Private Advertisers may be tendered at or sent direct by post to HMSO, The London Gazette Office, Room 418, Publications Centre, 51 Nine Elms Lane, London SW8 5DR, for insertion at the authorised rates of payment. All Notices and Advertisements must be pre-paid. The Office hours are from 8.30 a.m. to 4 p.m., Mondays to Fridays, inclusive. Notices and Advertisements sent direct by post must be accompanied by postal orders or cheques made payable to The London Gazette.

Advertisements purporting to be issued in pursuance of Statutes (other than under Section 27, Trustee Act, 1925 and section 28, Water Resources Act, 1963) or under Orders of Court will not be inserted unless signed or attested by a Solicitor of the

Supreme Court, by a member of any body of accountants established in the United Kingdom and for the time being recognised by the Board of Trade for the purposes of Section 389 (1) of the Companies Act, 1985, or by a member of the Institute of Chartered Secretaries and Administrators. Notices of Dissolution of Partnership which are signed by all the Partners named therein or their legal representatives will be accepted if signed or attested as above. A Notice not signed by all the Partners named therein or their legal representatives must be accompanied by a Statutory Declaration made by a Solicitor of the Supreme Court to the effect that such Notice is given in pursuance of the terms of the partnership to which it relates.

Advertisements purporting to be issued in pursuance of Section 27, Trustee Act, 1925, will not be inserted unless they are signed or attested by a Solicitor of the Supreme Court or by a duly authorised official of a London Clearing Bank or the Grant of Probate or Letters of Administration relating to the estate to which the advertisement refers is produced for inspection at the time the advertisement is submitted.

Advertisements relating to Bills before Parliament will not be inserted unless signed by a Parliamentary Agent or a Solicitor of the Supreme Court.
