Notice of application for consent under Schedule 10

Notice is hereby given, pursuant to Schedule 10 of the Water Resources Act 1991, that the following application has been made to the National Rivers Authority, South Western Region. South West Water Services Ltd. have submitted an application for consent to discharge from a new sewage treatment works at Cornborough, North Devon. The proposed sewage treatment works will discharge treated sewage effluent through a new 500 metre outfall into Bideford Bay approximately 2 kilometres from Westward Hol. The discharge will replace discharges to the Taw-Torridge Estuary from Bideford Fine Screening Installation, Westleigh STW and Yelland and STW and the Rock Nose discharge into Bideford Bay from Northam Fine Screening Installation. In conjunction with the new Barnstaple (Ashford) STW, the scheme is intended to ensure that South West Water discharges do not cause non-compliance of the Bathing Waters (Classification) Regulations 1991 for EU Designated Bathing Waters and will result in overall improvements in the quality of waters in the Taw-Torridge Estuary. The scheme will significantly reduce the pollutant loadings on the Taw-Torridge Estuary and Bideford Bay.
