

A NEW GENERAL LICENCE:

LICENCE No. (A) TAY/GEN/95/25 (in England).
(B) WOAD/GEN/95/13 (in Wales).

Subject: Fresh Meat, glands, organs and other offal (including interstitial mucosae) (not intended for human consumption) derived from ruminating animals, swine, domestic solipeds and poultry.

Country of origin: Spain (in the case of material derived from swine from acceptable areas only as described in Note 1).

Conditions attaching to licence:

1. Each consignment must be accompanied by a certificate signed by an official veterinarian of the Government of Spain stating:
 - (a) details of consignment (nature of consignment including species of animal from which the material was derived, number and nature of packages, identification marks, net weight);
 - (b) name and address of the slaughtering and dressing plants;
 - (c) name and address of the consignee establishment including the post code;
 - (d) (i) that the whole of the consignment originated from a slaughterhouse under veterinary supervision and approved by the Government of Spain;
 - (ii) that the material was not obtained from any establishment or zone from which movement of fresh meat of the species from which the material was derived would be permitted under the provisions of Directive 72/461/EEC or 91/494/EEC;
 - (iii) that the consignment consists entirely of low risk material as defined in Council Directive 90/667/EEC.

The legend "only for the manufacture of petfood" or "only for the manufacture of pharmaceutical or technical products" must appear on the certificate.

2. In the case of material derived from swine the certificate at 1. above should bear the following supplementary wording: "Meat conforming to Commission Decision 94/887/EC of 21st December 1994 derogating from prohibitions relating to African swine fever for certain areas in Spain."

3. The consignment must be sealed and labelled as follows:

(a) If the material is packaged:

(i) Either

Each carton or pallet-load must bear a label declaring the plant of origin and nature, including species of animal from which the material is derived, the name and address of the consignee and, in letters at least 2 centimetres high, the words "not for human consumption" or "only for the manufacture of petfood" or "only for the manufacture of pharmaceutical or technical products". The wrapping and labelling must be applied so that it will be immediately obvious if cartons or pallet-loads have been tampered with.

(ii) Or

The transport container or vehicle, must be sealed with a numbered seal applied under the supervision of an official veterinarian of the exporting country. Details of the seal must be recorded on the health certificate accompanying the consignment. The container or vehicle must also bear a label including, in letters at least 2 centimetres high, the words "not for human consumption" or "only for the manufacture of pharmaceutical or technical products".

(b) If the material is transported without packaging; the transport container must be sealed and labelled in accordance with (a) (ii) above.

4. Prior to importing material under this licence importers must advise the Divisional Veterinary Officer, in whose division the consignee establishment is situated, of their arrangements for receiving imported consignments and thereafter must report the arrival of consignments to the Divisional Veterinary Officer in accordance with his or her instructions.

5. All consignments of products to which this licence refers are subject to the terms of the Products of Animal Origin (Import and Export) Regulations 1992, and any product imported under this licence shall be made available, if so required, for inspection and/or sampling by an officer of the Ministry by appointment during the hours of 0900 and 1700 Monday to Friday, and in particular the provisions of Regulation 7(2) and (3) of the above Regulations shall apply. The importer or his agent shall afford all assistance necessary to such an officer to enable him/her to carry out the inspection and/or sampling in such manner as he/she shall determine and the importer

shall be responsible for meeting any costs of carrying out such an inspection.

Notes

1. The acceptable area of Spain mentioned in Condition 2:

Area defined as free from African Swine Fever and consisting of:

A. Autonomous Regions:

Aragon	Extremadura
