WATER RESOURCES ACT

NATIONAL RIVERS AUTHORITY—ANGLIAN REGION

Notice of applications for licences to abstract water

Notice is hereby given that applications are being made to the National Rivers Authority by ARC Ltd., of The Ridge, Chipping Sodbury, Bristol BS17 6AY, for two licences, to allow their conjunctive use, which are outlined as follows:

(a) *Rivers Abstraction Licence*

It is proposed to abstract water from the west bank of the River Great Ouse and transfer it to operational lagoons owned and used by ARC Ltd. Abstractions from the Rivers Great Ouse will be made at NGR TL 3640 7195, and will entail:

(i) Use 1: for make-up water in mineral washing at rates of:

42 cubic metres per hour
1,000 cubic metres per day
250,000 cubic metres per annum

during the period October to May each year.

(ii) Use 2: Seasonal augmentation to effect replenishment of lagoons and localised recharge of groundwater at total rates of:

375 cubic metres per hour
9,000 cubic metres per day
220,000 cubic metres per annum

during the period November to April each year.

The total abstraction requirement (Uses 1 and 2 combined) will entail rates of:

417 cubic metres per hour
10,000 cubic metres per day
470,000 cubic metres per annum

during the period October to May each year.

(b) *Groundwater Abstraction Licence*

It is proposed to abstract groundwater from the Sand and Gravel aquifer by means of:

operational lagoons and pits located within the NGR enclosure of:

TL 3570 7215, TL 3570 7260, TL 3620 7300, TL 3660 7360,
TL 3690 7330, TL 3680 7260, TL 3635 7195, TL 3605 7120.
an array of tubewells located within the NGR enclosure of:
TL 3640 7280, TL 3685 7270, TL 3620 7230, TL 3660 7230.

A total abstraction from groundwater for make-up water in mineral washing (Use 1) will entail rates of:

42 cubic metres per hour
1,000 cubic metres per day
275,000 cubic metres per annum

during the period April to December each year.

(c) *Aggregate Quantities for the River Abstraction and Groundwater Abstraction Licences*

The River Abstraction and Groundwater Abstraction Licences will be used conjunctively.

The aggregate abstraction for make-up water in mineral washing (Use 1) from both licences combined will entail total limits on rates of:

42 cubic metres per hour
1,000 cubic metres per day
365,000 cubic metres per annum

during the period January to December each year.

The River Abstraction for seasonal augmentation (Use 2) is not included in the above aggregate totals.

A copy of the applications and any map, plan or other documents submitted with it, may be inspected, free of charge, at St. Ives Public Library, Station Road, St. Ives, Huntingdon, Cambridgeshire PE17 6BH, at all reasonable hours during the period beginning 11th August 1995, and ending 11th September 1995.

Any person or persons who wish to make representations about the applications should do so in writing to the National Rivers Authority, Anglian Region, Central Area, Bromholme Lane, Brampton, Huntingdon PE18 8NE, before the end of the said period.

NATIONAL RIVERS AUTHORITY—ANGLIAN REGION

Notice of application to vary a licence to abstract water

Take notice that Barry Howes, t/a Howes & Son, of Furze Lane Farm, Booton, Norwich NR10 4NW, is applying to the National Rivers Authority to vary licence serial number 7/34/11/GS/316 to abstract water from the River Aisne, at National Grid Ref. TG 1045 2227, at Furze Lane Farm, Booton, Norwich.

The variation applied for is to increase the quantities which may be abstracted to 68 cubic metres per hour, 1,500 cubic metres per day, 36,000 cubic metres per year between April and September.

This application is to replace the current abstraction authorised which would otherwise revert back to lesser quantities on 30th September 1995.

A copy of the application and map, plans and other documents submitted with it may be inspected, free of charge, at all reasonable hours at Furze Lane Farm, Booton, Norwich, between 7th August and 4th September 1995.

Any person who wishes to make representations about the application should do so in writing to the National Rivers Authority, Anglian Region, Eastern Area, Cobham Road, Ipswich, Suffolk IP3 9JE, before the end of the said period.

D. Horsfall, of Steggles Hughes on behalf of Howes & Son
4th August 1995. (724)

NATIONAL RIVERS AUTHORITY—ANGLIAN REGION

Notice of application to vary a licence to abstract water

Take notice that Tarmac Quarry Products Limited, of Millfields Road, Ettingshall, Wolverhampton, is applying to the National Rivers Authority for a licence to abstract water from Great Ouse River Terrace Gravel, at National Grid Ref. TL 201 719, at Brampton West Quarry, Huntingdon District, Cambridgeshire.

The proposal is to abstract water at the following rates 1,364.4 cubic metres per hour, 13,644 cubic metres per day, 3,411,000 cubic metres per year between January and December each year.

The water will be used for mineral washing. The water is reclaimed and returned to the abstraction lagoon after use.

A copy of the application and any map, plans and other documents submitted with it may be inspected, free of charge, at all reasonable hours at Brampton West Quarry, between 28th August and 29th September 1995.

Any person who wishes to make representations about the application should do so in writing to the National Rivers Authority, Anglian Region, Central Area, Bromholme Lane, Brampton, Huntingdon PE18 8NE, before the end of the said period.

M. Lawer, on behalf of Tarmac Quarry Products Limited
9th August 1995. (723)

NATIONAL RIVERS AUTHORITY—ANGLIAN REGION

Notice of application for a licence to abstract water

Take notice that D. H. Sanderson & Son Ltd., of St Johns Farm, Beachamwell, Swaffham, Norfolk, is applying to the National Rivers Authority for a licence to abstract water from chalk underground strata at National Grid Reference TF 749 074 at Warren Farm, Beachamwell, Norfolk and at National Grid Reference TF 742 058 at St Johns Farm, Beachamwell, Norfolk.

The proposal is to abstract water at the following rates: 2.72 cubic metres per hour, 49.9 cubic metres per day, and 18,219 cubic metres per year anytime throughout the year. The water will be used for watering livestock. 139.58 cubic metres per hour, 2,438.6 cubic metres per day, and 188,681 cubic metres per year between April and September. The water will be used for irrigation.

This is an application to amalgamate two existing licences, without any overall increase in quantities. The existing licences are No. 6/33/49/43 which expires on 30th September 1995 and 6/33/49/53 which expires 30th September 1999.

A copy of the application and any map, plans and other documents submitted with it may be inspected, free of charge, at all reasonable hours at D. H. Sanderson & Son Ltd., St Johns Farm, Beachamwell, Swaffham, Norfolk, between 14th August 1995 and 14th September 1995.
