*Venice, March 5.*

**L**etters from Corfu advise, that Sig. Pisani excuses himself from accepting the Office of Captain General to which he was elected; whereupon Orders are sent to Sig. Delfino to continue in that Command till further Notice. We have also Advice from Corfu, of General Schulembourg's Arrival there; that he will go to view Zant and Cephalonia, and then come back to Dalmatia, to take upon him the Command of the Forces there. These Advices add, that one of our Men of War called the Regina del Mare, was blown up in the Port of Corfu, by some Accident. Preparations are making for transporting a Number of Troops to Dalmatia; whence we have an Account, that our Forces already there, have made an Incurſion into the Turkish Territories, and brought back a good Booty. On the 2d Instant the Electoral Prince of Bavaria was to see the Arsenal here; where a Cannon was cast and a Galley launched in his Presence. He was on board a Man of War which is on the Stocks, and gave her the Name of the Triumphant Lyon; but there not being Water enough, she was not launched that Day. 'Tis said the King of Spain will furnish 6 Men of War and 4 Gallies, to joyn and act with those of the Pope, and those of Malta, against the Turks.

*Brussels, March 21.* M. Geldermalsen arrived here on the 15th Instant from Antwerp, whither he returned on the 17th. He and the rest of the Deputies appointed to settle the Barrier-Treaty being recalled, they design to leave that Place to Morrow, tho' the States General have not yet given up the Possession of the Pais Reconquis to the Emperour. M. Geldermalsen was twice in Conference with Count Kinifegg on that Subject during his Stay in this Town; but the States of Flanders delaying to put the States General into Possession of the

Lands granted them as an Extention of their Limits in that Province, before the Return of the Deputies of Flanders from Vienna, their High Mightinesses are resolved not to part with the Civil Government of the Barrier Towns, till the States of Flanders comply with what is proper to be done on their Part in relation to the Extention of Limits. M. Vanden Bergh, whose Commission here is at an End, having Liberty to return to the Hague, he designs to leave this Place about the latter End of the Month; and M. Peeters will be charged with the Care of what still remains to be done in Consequence of the Barrier-Treaty. Count Maldeghem returned Yesterday from Ruremonde, where he received the Oath of the Magistrates of that Place to the Emperour. 'Tis reported, that Lieutenant-General Ecklin passed through this Town privately two Days ago, and with him the Master of Sinclair, in their Way to Paris. They came from the Orkeneyes with about 40 others of the Scotch Rebels, among them (as is said) Mr. Hay, Son of the Earl of Kinnoul, in a small Bark that put into the Texel some Days ago.

*Dublin, March 9.* Yesterday the Parliament of this Kingdom met, according to the Order of Adjournment of the 20th of last Month; and adjourned again to the 29th Instant.

*Whitehall, March 16.* His Majesty has been pleased to appoint the Right Honourable the Earl of Rothes, to be Governour and Constable of the Castle of Stirling, in the Room of the late Earl of Mar.

*This is to give Notice, That the Right Honourable the Lords Commissioners of His Majesty's Treasury have been pleas'd to appoint Money for Paying all the Arrears due to the Pensioners belonging to the Chest at Chatham to Lady-Lay 1715; and that the said Pay will begin at Chatham on Thursday the 12th of April 1716.*
