WATER INDUSTRY ACT 1991, SECTION 20

The following notice affects consumers of South Staffordshire Water plc in parts of the Sutton Coldfield, Cannock, Cheslyn Hay, Newborough, Tutbury, Fradley, Rolleston, Stretton, Findern, Repton and surrounding areas, in zones supplied by Bourne Vale, Fradley, Slade Heath, Somerford and Pipe Hill Water Treatment Works.

South Staffordshire Water plc has failed to carry out investigations to determine whether additional treatment at Bourne Vale and Pipe Hill would achieve a significant reduction in lead

concentrations. Review of more recent monitoring data by the Drinking Water Inspectorate has identified that there is a risk that water in zones supplied from Slade Heath, Somerford and Fradley may exceed the standard for lead. The Secretary of State has proposed to require the completion of investigations at these five works by 31st October 1996 and, where significant reduction in lead concentrations can be achieved, completion of the installation and operation of suitable treatment by 31st January 1997.

At all times the water has been and remains safe to drink.

SOUTH STAFFORDSHIRE WATER PLC

Notice under section 20, Water Industry Act 1991

The Secretary of State for the Environment hereby gives notice as required by section 20(1) of the Water Industry Act 1991 to South Staffordshire Water plc "the Company" that—

- (1) he proposes to make a Final Enforcement Order under section 18 of the Water Industry Act 1991 requiring the Company:

to determine by 31st July (Somerford, Slade Heath, Bourne Vale) and by 31st October 1996 (Fradley, Pipe Hill) whether the installation of additional treatment at the five treatment works supplying those water supply zones where there is a risk that water supplied might cease to comply with the requirements of part II of the Water Supply (Water Quality) Regulations 1989, is likely to achieve a significant reduction in the concentration of lead in water after leaving the Company's pipes; and

to install, commission and operate treatment at those works where treatment is shown to be likely to achieve a significant reduction in the concentration of lead at taps on consumers' premises by 31st October 1996 (Somerford, Slade Heath, Bourne Vale) and by 31st January 1997 (Fradley, Pipe Hill).

- (2) the proposed Order is made for the purpose of securing compliance with Regulation 24 of the Water Supply (Water Quality) Regulations 1989 "the 1989 Regulations", and with an Undertaking accepted from the South Staffordshire Waterworks Company, now South Staffordshire Water Plc, on 23rd January 1990, under section 20 of the Water Act 1989, now section 19 of the Water Industry Act 1991, "the Undertaking",

that where such treatment was appropriate, it would be installed by the end of December 1995;

- (3) at Bourne Vale and Pipe Hill Water Treatment Works the Company had, as at 2nd April 1996, failed to complete investigations to determine whether treatment would achieve significant reduction in lead concentrations and where appropriate installations of treatment;
- (4) following review of more recent monitoring data by the Drinking Water Inspectorate he is satisfied that in the zones supplied by Slade Heath, Somerford and Fradley Water Treatment Works there is also a risk that the prescribed concentration for lead may be exceeded;
- (5) he is therefore satisfied that there is a risk that water supplied by the Company in the zones supplied from the sites identified in the Order would cease to comply with the requirements of Part II of the 1989 Regulations after leaving the Company's pipes by reason of the presence in the water of a concentration of lead which exceeds the prescribed concentration and which is attributable to the fact that lead is a major component of service pipes, and that the Company has not treated the water as required by Regulation 24(1)(a) of the 1989 Regulations;
- (6) representations or objections with respect to the proposed Order may be made by 29th July 1996, and should be addressed to Mr. O. Hydes, Deputy Chief Inspector, Drinking Water Inspectorate, Room B148B, Romney House, 43 Marsham Street, London SW1P 3PY. (Ref. E1366/01/DW1.) (9 SI)

MINISTRY OF AGRICULTURE FISHERIES AND FOOD

SCOTTISH OFFICE AGRICULTURE

ENVIRONMENT AND FISHERIES DEPARTMENT

WELSH OFFICE AGRICULTURE DEPARTMENT

The Minister of Agriculture, Fisheries and Food, in relation to England, and the Secretary of State, in relation to Wales, in exercise of the powers conferred on them by sections 32(3) and 34(7) of the Animal Health Act 1981(a), and of all other powers enabling them in that behalf, with the approval of the Treasury in accordance with the said section 32(3), hereby make the following Order:

S.I. 1996 No. 1352.

This Order may be cited as the Brucellosis and Tuberculosis (England and Wales) Compensation (Amendment) Order 1996 and shall come into force on 23rd May 1996.

This Order amends the Brucellosis and Tuberculosis (England and Wales) Compensation Order 1978—"the principal Order". The principal Order prescribes the amount of compensation payable for bovine animals caused to be slaughtered by the Minister of Agriculture, Fisheries and Food or the Secretary of State in accordance with section 32 of the Animal Health Act 1981 because they are affected with brucellosis or tuberculosis, have been exposed to infection or are reactors when tested for either disease by reference to the market value of the animal or the average price, calculated in accordance with Schedule 2 to the principal Order.

Subject to a saving in relation to animals for which compensation has been calculated before coming into force of the Order, this Order amends the definition of "market value" in the principal Order so that in relation to animals over 30 months old the market value is higher of either the price which could have been obtained for the animal on the open market or the price which would have applied if the animal had been slaughtered in accordance with Commission Regulation (EC) No. 716/96 (O.J. L99, 19.4.96, p.14), as amended (article 2 (2)).

A Compliance Cost Assessment in relation to this Order has been placed in the Library of each House of Parliament. Copies can be obtained from the Animal Health (Disease Control) Division of the Ministry of Agriculture, Fisheries and Food, Government Buildings, Hook Rise South, Tolworth, Surbiton, Surrey KT6 7NF.

ROYAL BOROUGH OF WINDSOR AND MAIDENHEAD

TOWN AND COUNTRY PLANNING ACT 1990

PLANNING (LISTED BUILDING AND CONSERVATION AREAS) ACT 1990
SECTION 70 (8)

Designation of a Conservation Area

Notice is hereby given, pursuant to Section 70(8) of the Planning (Listed Buildings and Conservation Areas) Act 1990, that at its meeting held on 17th June 1996 the Planning Board of the Council of the Royal Borough of Windsor and Maidenhead resolved to amend the designated boundaries of the Conservation Area at Eton being an area in the said Royal Borough.

The main changes to note are the inclusion of the large area of land off Eton Wick Road known as Beckynton field including the canteen/refectory. The area now includes the area on the Brocas which was once the site of the sports pavilion and a slight amendment at Barnespool Bridge to bring the boundary in tighter along the lane off Baldwin's Shore. The boundaries are now as follows;

North: The northern boundary runs from the Pound on Eton Wick Road to follow the boundaries of Burnham Thorpe, Villiers house and Babylon and joins the end of Common Lane. It then follows the rear boundaries of Colenorton End to meet Colenorton Brook, which it follows until turning to follow the rear boundary of Five Courts to meet the rear Boundary of Wotton House and The

Timbralls. After crossing Slough Road it follows the rear boundary of Wall Cottage and encloses the Cloister Buildings and adjacent gardens.

East: The boundary follows the southern boundaries of the gardens on Baldwin's Shore and the eastern boundary of the lane which comes off Baldwin's Shore. The boundary turns 90 degrees to run east to follow the brook across Tangier Lane to join the western bank of Mill Race and joining the northern bank of the River Thames.

South: The southern boundary follows the northern bank of the River Thames until meeting the western edge of the boat houses.

West: The boundary runs from the western boundary of the boat houses on the River Thames, to follow the front boundary of Brocas Terrace until meeting Meadow Lane. It then follows the southern edge of the Lane until cutting across to Eton Court to include the car park. From Eton Court the boundary follows the rear of the properties from Eton Court House to no. 138 the High Street. The boundary then turns to include South Lawn and to meet Keats Lane. From Keats Lane it follows the rear boundaries of the Eton College buildings along the edge of the Recreation Ground, and then turns to follow the western boundary of Mustians until meeting Eton Wick Road. The boundary follows the southern edge of the road until crossing the road to follow the western wall of the pound.

The effect of designation is that special attention should be paid to the desirability of preserving or enhancing the character or appearance of the area designated. In particular, controls are applied regarding the demolition of buildings. Certain other controls are also imposed in respect of the display of advertisements and the felling, topping and lopping etc. of trees within the areas. Penalties apply in the event of violations against controls.

The map showing the Conservation Area, also a written statement describing it and indicating the effect of this designation are deposited at the Town Hall, St. Ives Road, Maidenhead, the Council Offices at York House, Sheet Street, Windsor, and Eton Town Council Offices and may be inspected at any of these offices during usual business hours.

D. Hills, Borough Secretary and Director of Leisure
