DEPARTMENT OF THE ENVIRONMENT

WATER INDUSTRY ACT 1991, SECTION 20

The following notice affects all consumers of water supplied by Sutton and East Surrey Water plc.

Sutton and East Surrey Water plc has failed to analyse samples of its water supplies using an appropriate method to determine whether it complies with the standard for quantitative odour. The Secretary of State proposes by Order to require samples to be analysed by an appropriate method within 28 days of the making of the Order.

The failure to analyse samples correctly has not made the water supplied unsafe to drink at any time.

SUTTON AND EAST SURREY WATER PLC

Notice under section 20, Water Industry Act 1991

The Secretary of State for the Environment hereby gives notice as required by section 20(1) of the Water Industry Act 1991 ("the 1991 Act") to Sutton and East Surrey Water plc ("the Company") as follows:

(1) He proposes to make a Final Enforcement Order under section 18 of the 1991 Act requiring the Company:

to apply, within 28 days of the date of the Order, such analytical systems and methods as are capable of establishing, within acceptable limits of deviation and detection, whether samples, taken for the purposes of Parts IV and V of the Water Supply (Water Quality) Regulations 1989 No. 1147 ("the 1989 Regulations"), contain values which contravene the prescribed value for the quantitative odour parameter (item 3 in Table A of Schedule 2 to the 1989 Regulations).

(2) The proposed Order is to be made for the purpose of securing compliance with Regulation 21(2)(d)(iii) of the 1989 Regulations as it applies to the analysis of samples for the purpose of establishing whether they contravene the prescribed value for the quantitative odour parameter.

(3) In the opinion of the Secretary of State, the following omissions by the Company constitute a contravention of Regulation 21(2)(d)(iii) of the 1989 Regulations:

(i) at its Godstone Laboratory the Drinking Water Inspectorate found by inspection that the Company had, as at 16th August 1996, failed to apply such analytical systems and methods as are mentioned in paragraph (1) above; and

(ii) following a more recent inspection, on 29th October 1996, of the Company by the Drinking Water Inspectorate he is satisfied that the Company continues not to apply such analytical systems and methods.

(4) He is therefore satisfied that samples of water taken for the purpose of Parts IV and V of the 1989 Regulations have not been and continue not to be analysed by the Company in the manner required by Regulation 21(2)(d)(iii) of those Regulations in order to establish whether those samples contain values which contravene the prescribed value for the quantitative odour parameter.

(5) Representations or objections with respect to the proposed Order may be made by 10th January 1997, and should be addressed to Mr. O. Hydes, Deputy Chief Inspector, Drinking Water Inspectorate, Room B148B, Romney House, 43 Marsham Street, London SW1 3PY. (Ref. No. E1441/01/DWI.) (3SI)

WATER INDUSTRY ACT 1991, SECTION 19(1)(b)

Consumers in the areas supplied by Dŵr Cymru Cfyngedig who might be affected by improvement work being carried out by the Company will wish to be aware of the following information.

The Company has found through its water quality monitoring programme that water received by consumers in these areas fails on occasion to meet the standards, for certain parameters (normally those associated with occasional occurrences of discoloured water), as required by the Water Supply (Water Quality) Regulations 1989, because of deficiencies in the distribution system. These failures do not make the water unsafe to drink at any time.

The Company gave a legally binding undertaking on 3rd October 1989, to carry out appropriate remedial work, as the first stage of a long term programme, to refurbish affected parts of the distribution system.

The Secretary of State for Wales reviewed this undertaking and concluded that whilst the Company had taken action to discharge its duties in respect of the undertaking, the steps in the undertaking no longer remained the most appropriate for the Company to take to achieve compliance with the standards for the particular parameters.

Consequently the Secretary of State required the Company to give a new undertaking containing appropriate steps to carry out further remedial work as the next stage in the programme of improvement.

The Company has given a new undertaking on 17th October 1996, and the Secretary of State has informed the Company that he is satisfied the Company is complying with this new undertaking by serving on them the notice below:

- (a) designate residents', 1-hour pay and display, 4-hour pay and display and 10-hour pay and display parking places on the highways specified in Schedules 1, 2, 3 and 4 respectively to this notice at which charges may be made by the Council for vehicles authorised by the appropriate Order to be left in those parking places;

- (e) specify, in respect of the pay and display parking places, that passenger vehicles (12 seats or less), goods carrying vehicles, motor cycles and invalid carriages may be left therein and, in respect of the residents' parking places, that a vehicle displaying a valid resident's permit issued by the Council may be left therein;

(f) specify that:

- (i) in respect of the residents' parking places, the charge for permits will be either £70 for twelve months, £40 for six months or £22 for three months, with permits in respect of Saturdays only costing £20 for twelve months and solo motor cycles costing £18 for twelve months;
- (ii) in respect of the pay and display parking places, the parking charge will be at the rate of 30 pence per hour; with the penalty charge being £60 (a discount of 50 per cent will be deducted if the penalty charge is paid within 14 days);

NOTE: A vehicle which displays either a resident's permit between 8.30 a.m. and 9.30 a.m. or 5.30 p.m. and 6.30 p.m.; or a disabled person's permit issued by the Council during the controlled hours will be exempt from any such charge during those times;

- (g) specify that, except in the designated parking places, waiting by vehicles will be prohibited during the controlled hours, unless currently prohibited for longer than the controlled hours, on all public highways in the controlled area.

The Orders provide that in pursuance of section 10(2) of the Road Traffic Regulation Act 1984, the Council's Head of Policy and Transportation for the time being, or some person authorised in that behalf by him, may, if it appears to him or that person essential in the interests of the expeditious, convenient and safe movement of traffic or of the provision of suitable and adequate parking facilities on the highway or for preserving or improving the amenities of the area through which any road affected by the Orders run, modify or suspend any of the Orders or any provision thereof.
