OFFICE OF THE RAIL REGULATOR

NOTICE UNDER SECTION 12 (2) OF THE RAILWAYS ACT 1993

The Rail Regulator ("the Regulator"), pursuant to section 12(2) of the Railways Act 1993 (c. 43) ("the Act") hereby gives notice as follows:

- (1) In respect of such of the passenger, non-passenger, and network licences as are now held by each of Rail express systems Limited and English, Welsh and Scottish Railway Limited ("the licence holders") under section 8 of the Act he proposes to make 4 modifications by:
 - (i) amending Part II by inserting 2 additional definitions;
 - (ii) amending the Condition entitled "Provision of information to the Regulator" in relation to the provision of information to the Regulator from affiliates or related undertakings of the licence holder;
 - (iii) adding a new condition relating to the provision of information annually to the Regulator in respect of goods wagons, locomotives and prices charged to customers; and
 - (iv) adding a new condition relating to the prohibition of cross-subsidy between defined business activities of the licence holder and any affiliate or related undertaking.
 - (2) The amendment to the Condition entitled "Provision of information to the Regulator" requires the licence holder to procure from its holding company an enforceable undertaking that the holding company will procure that each of its subsidiaries will give to the licence holder such information as may be necessary to enable the licence holder to satisfy its obligation to provide information to the Regulator. The amendment to Part II is to insert definitions used in this and the second new condition.
 - (3) The reason why the Regulator proposes to make this modification is that the licence holders, following their change of control, have become a part of a group and each company could not compel the provision of information to it by other members of the group which may be relevant to its licensed activities.
 - (4) The first new condition requires the licence holder to provide an annual statement of the goods wagons and locomotives owned by it and of prices charged to its customers in each case in accordance with criteria specified in the condition, divided into categories specified by the Regulator.
 - (5) The reason why the Regulator proposes to make this modification is to ensure that the Regulator will be able to obtain certain relevant information where, following the change of control, a substantial part of the rail freight business is owned by a single company.
 - (6) The second new condition, by requiring certain transactions to be at arms-length, prohibits the giving by defined businesses of the licence holder of any cross-subsidy to or receipt of any cross-subsidy from any affiliate or related undertaking of the licence holder or any other defined business, and requires the maintaining of accounting records to enable the Regulator to monitor compliance with the condition.
 - (7) This condition will enable the Regulator to monitor intra group company transactions so as to prevent cross-subsidies affecting the licence holder.
 - (8) A copy of the draft proposed modifications can be obtained, free of charge, from the address below or by telephone (0171-282 2001); fax (0171-282 2045); E-mail: orr@dial.pipex.com.
 - (9) Any representations or objections to the proposed modifications may be made in writing on or before 22nd April 1997, to Martin Brennan, Director, Freight Regulation, at the Office of the Rail Regulator, 1 Waterhouse Square, 138-142 Holborn, London EC1N 2ST.
- J. A. Rhodes*, Director, Passenger Services Group, duly authorised by the Rail Regulator. (10 SI)
