## TOWN AND COUNTRY PLANNING ACTS

### ISLE OF WIGHT COUNCIL

#### PLANNING (LISTED BUILDING AND CONSERVATION AREAS) ACT 1990

##### Notice of designation of St Helens Green Conservation Area

Notice is hereby given, pursuant to section 70 of the Planning (Listed Buildings and Conservation Areas) Act 1990, that the Isle of Wight Council has determined that the area described in the Schedule to this notice is an area of special architectural or historic interest, the character or appearance of which it is desirable to preserve or enhance and has accordingly designated the said area as St Helens Green Conservation Area

The effect of the designation of a Conservation Area is as follows

(i) Where an application for planning permission for any development of land is made to the Council and the development would, in the opinion of the Council, affect the character or appearance of the Conservation Area, the application will be subject to a special procedure under which public notice will be given of the application and representations about the application will be invited

(ii) Any person proposing to carry out work to a tree situate within the area which is not already protected by a Tree Preservation Order must give to the Council 6 weeks notice of their intention. This will give the Council the opportunity to make a Tree Preservation Order if necessary

(iii) With certain exceptions, a building in a Conservation Area may not be demolished without the consent of the Council

A map of St Helens Green Conservation Area may be inspected during normal office hours at the offices of the Directorate of Development, Seaclose Offices, Fairlee Road, Newport, Isle of Wight PO30 2QS

## SCHEDULE

That part of the area of the Isle of Wight known as St Helens Green Conservation Area, comprising the following properties

- 1 The properties along the north side of Upper Green Road, which include two listed buildings, are of a predominantly early Victorian to late Victorian construction, with very few modern buildings (after 1918) introduced. Many of these Victorian buildings retain the original architectural detailing, including timber sliding sash windows, small verandahs, decorative quoins, brickwork, decorated barge boards and also retain original chimneys and doors. It is this plethora of Victorian detailing which contributes very much to the general character of this area and the designation would seek to protect and preserve this heritage.
- 2 To the south of The Green at Lower Green Road this character is continued, with some properties to the east of Mill Road of special interest and of a higher architectural character, set further back from the road and providing an attractive frontage to The Green.
- 3 The contribution of The Green itself as a landscaped area is considerable, greatly enhancing the character of the area. The integrity of this has, in the main, been preserved with little or no building in the central area, apart from the pavilion, Hillgrove Cottage and two recent houses at the east end. Unusually, The Green has no trees and relies for its landscape value on the uninterrupted areas of grass, breached only by two small roads linking the main road south of the village. The absence of kerbs around the actual grass area contributes to the rural aspect of The Green.
- 4 Many of the groups of houses form terraces, Binfield Cottages are classic examples of this type and it is the retention of many of these terraces and the architectural detailing which forms a part of them that contributes very much to the character of the built environment.
- 5 As can be seen by even a brief examination of the map of St Helens, the older properties that surround The Green are very compact, have little space between them, in many cases are semi-detached or in terraces and the whole general character is of a very tight knit rural community. To the south and particularly around Downs View Road, the recent developments are of larger properties standing in considerably wider plots of a far more regular and less interesting pattern and set back from the roadside, giving more front gardens, which do change the character.
- 6 The West Green has been excluded, since the close knit properties facing directly onto The Green tend to peter out here, there are no properties to the south part of this area of The Green and the Upper Green Road cuts right through the grassed area, rather than going round the periphery, as is the character of the main Green area.

The modern developments to the south and the east have been excluded, as has the historic grouping to the north-east, which although it has defined character, is different from that of the buildings surrounding The Green and indeed, a recommendation has been made from the Parish Council to consider this as a separate smaller Conservation Area.

The area enclosed by the boundary is irregular in shape, the reasons for this are to retain only those buildings where the defined characteristics noted above have been recorded, to keep the general area compact and not to water down the general status of the Conservation Area.

*The Area*

The following properties have been categorised in roads  
*Guildford Road*, Sea View, Marm Wal, Wimbledon, Guildford, Kingsley Villa, Thornbury, Windy Ridge, Nab Cottage

Where areas are designated as Conservation Areas, special attention must be paid by the Council to the desirability of preserving and enhancing its character or appearance with respect to any buildings or other land in that area (493)
