DEPARTMENT OF TRADE  
AND INDUSTRYTHE WIRELESS TELEGRAPHY (LICENCE CHARGES)  
(AMENDMENT NO. 2) REGULATIONS 1998

The Secretary of State for Trade and Industry gives notice under section 6 of the Wireless Telegraphy Act 1998 of a proposal to make regulations under section 1 of that Act to revise the fees charged for the following licence classes

Public Mobile Operator (PMO):  
Cellular Radiotelephone  
Digital Cellular PCN radiotelephones

and to introduce a new On-Site Private Business Radio Licence Class.

It is intended that the proposed regulations will enter into force in July 1998 subject to Parliamentary approval.

*Summary of proposals for PMO*

Following detailed discussions with the operators of public mobile radio telecommunications (the Cellular and PCN operators), it was agreed that their licence fees should be increased in 1998 by 120 per cent. of fees that would have been payable under existing regulations.

*Summary of proposals for On-site Private Business Radio Users*

The Secretary of State is also proposing to introduce a new licence class, "On-site Private Business Radio". Under the existing regime of the current Private Mobile Radio (Standard) Licence Class, the charge is based on the number of mobiles in use, starting at £140 per 10 mobiles. This fee scale covers any type of use and any number of systems, irrespective of being on-site, wide area or use anywhere within the UK.

Following consultation with the industry, it is aimed to introduce pricing proposals which are more proportionate to the extent of each system's use of spectrum. The new On-site class will have a simple flat rate fee of £100 per system per site.

Any representations about the above proposals must be made before 15th June 1998, and sent to the address below.

The following documents relating to the proposals are also available at the address below:

- (i) Compliance Cost Assessment Ref. RA/FR/98-2; and
- (ii) Draft Regulations.
