PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS)  
ACT 1990 SECTION 69

#### *East Coker Conservation Area*

Notice is given under the provision of the 1990 Act that South Somerset District Council has determined that the area described in the Schedule to this notice is an area of special architectural or historic interest and that it is desirable to preserve or enhance its character or appearance. It has accordingly extended the East Coker Conservation Area so as to include this area.

Inclusion within a Conservation Area means that the buildings within the area may not be demolished without the consent of South Somerset District Council. Notice must be given before works are carried out to any tree in the area. Special publicity will be given to planning applications for development in the area and in carrying out any functions under the planning Acts. Determining applications for planning permission or listed building consent, the Council and the Secretary of State are required to take into account the desirability of preserving or enhancing the character or appearance of the area. A map of the Conservation Area may be inspected during normal office hours and further information regarding conservation areas may be obtained from the Area Planning Manager, Maltravers House, Petters Way, Yeovil.

### NORTH WILTSHIRE DISTRICT COUNCIL

NOTICE OF DESIGNATION OF A CONSERVATION AREA  
PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS)  
ACT 1990

#### *Yatesbury Aerodrome Conservation Area Yatesbury Wiltshire*

Notice is hereby given that North Wiltshire District Council designated the above Conservation Area on 26th May 1998.

A plan of the Yatesbury Aerodrome Conservation Area is available for public inspection free of charge at the District Council Offices, Development Control Reception, Monkton Park, Chippenham, Wiltshire at the following times: 8.45 a.m. to 5.15 p.m. on Mondays to Thursdays and 8.45 a.m. to 4.45 p.m. on Fridays.

The Yatesbury Aerodrome Conservation Area contains several early aerodrome structures originally built in 1916 and accommodated two Royal Flying Corps training sites. In 1937 the school was further expanded. The site is considered to have national significance and a place in local history. The preserved buildings act as a visible reminder of the station and its role during World War I and World War II.

The principle objective of designation is to preserve and enhance the character and appearance of this area.

Designation provides control over demolition and anyone wishing to demolish any building or structure or part of any building or structure must first apply for Conservation Area Consent to the local planning authority. Further controls require anyone proposing to carry out work to trees within the Conservation Area which are not already protected by a Tree Preservation Order to give the local planning authority 6 weeks notice of their intention.

Designation also requires the local authority to publish an advertisement in the local newspaper and display a notice on or near the site in the case of every planning application which the authority considers would affect the character or appearance of the Conservation Area or the setting of a Listed Building. The application will not be determined for 21 days after the notice is first displayed during which time representations relating to any such

application may be made to the Council. In determining the application the local planning authority shall take into account the representation made.
