MERCURY PERSONAL COMMUNICATIONS LIMITED AND ORANGE PERSONAL COMMUNICATIONS SERVICES LIMITED

Proposed modifications of the licences

The Director General of Telecommunications ("the Director"), in accordance with section 12(2) of the Telecommunications Act 1984 ("the Act"), hereby gives notice that he proposes to make modifications to the licence granted to Mercury Personal Communications Limited ("MPCL") on 9th May 1995, and to the licence granted to Orange Personal Communications Services Limited ("OPCL") on 27th July 1995

Modifications were made to the licences of MPCL and OPCL on 2nd April 1998, to remove the obligations contained in those licences to provide airtime to mobile service providers subject to a transitional period of 1 year from the date the modifications were made. At the same time changes were made to the licences, the effect of which was to remove the obligations under section 8(1) of the Act to publish charges and not to show undue preference or discrimination in respect of some of the services which the Licensees are obliged to provide under the licences. The Director now proposes to make the modifications described in the Schedule below in order to restore these obligations which are necessary to ensure that section 8 of the Act applies to the licences of MPCL and OPCL

The proposed modifications apply to the telecommunications services which the licensees are currently obliged to provide. The position relating to other services will be subject to review as part of the implementation of the Directive 97/13 EC of the European

Parliament and Council ("the Licensing Directive") on which the Department of Trade and Industry propose to issue a consultation document later this year

The Director is required by section 12(2) of the Act to consider any representations or objections which are duly made and not withdrawn. Subject to such considerations and the consent of MPCL and OPCL, the Director proposes to make the modifications forthwith.

Representations on or objections to the proposed modifications may be made to Rosemary Buck, OFTEL, 50 Ludgate Hill, London EC4M 7JJ (telephone 0171-634 8822, fax 0171-634 8847), by no later than Friday, 25th September 1998.

It is OFTEL's usual practice to have a two stage consultation, where the second stage of the consultation is for the purpose of providing comments on the responses to the consultation itself. However, on this occasion, in view of the technical nature of these modifications which serve only to remedy a possible defect in the modifications made on 2nd April 1998, it is not intended to have a second stage.

SCHEDULE

It is proposed to modify the licence as follows: Condition 8 (Publication of charges, terms and conditions to be applied)—by applying the obligation to publish charges to services which the licensees are currently obliged to provide under their licence, and Condition 9 (Prohibition on undue preference and undue discrimination)—by applying the prohibition on undue preference and undue discrimination to services which the licensees are currently obliged to provide under their licences. OFFICE OF THE RAIL REGULATOR

NOTICE UNDER SECTION 12(2) OF THE RAILWAYS ACT 1993

The Rail Regulator ("the Regulator"), pursuant to section 12(2) of the Railways Act 1993 (c 43) ("the Act"), hereby gives notice as follows:

- (1) In respect of the non-passenger and network licences now held by Railfreight Distribution Limited ("the licence holder")

under section 8 of the Act he proposes to make three modifications by:

- (i) amending Part II by inserting two additional definitions,
- (ii) adding a new condition relating to the provision of information annually to the Regulator in respect of goods wagons, locomotives and prices charged to customers, and
- (iii) adding a new condition relating to the provision of cross-subsidy between defined business activities of the licence holder and any affiliate or related undertaking.

- (2) The first new Condition requires the licence holder to provide an annual statement of the goods wagons and locomotives owned by it and of prices charged to its customers in each case in accordance with criteria specified in the condition divided into categories specified by the Regulator.
- (3) The second new Condition, by requiring certain transactions to be at arm's length, prohibits the giving by defined businesses of the licence holder of any cross-subsidy to or receipt of any cross-subsidy from any affiliate or related undertaking of the licence holder or any other defined business, and requires the maintaining of accounting records to enable the Regulator to monitor compliance with the Condition.
- (4) The reason why the Regulator proposes to make these modifications is to ensure that, following the change of control of the licence holder, these Conditions, which have previously been included in the licences of other companies in the Group, are contained in all group company licences. This will ensure that the Regulator can obtain the relevant information if assets and activities are switched between licence holders in the group.
- (5) A copy of the draft proposed modifications can be obtained, free of charge, from the address below or by telephone 0171-282 2001, fax 0171-282 2045, E-mail orr@dial.pipex.com.
- (6) Any representations or objections to the proposed modifications may be made in writing, on or before 25th September 1998, to Martin Brennan, Director, Freight Regulation, at the Office of the Rail Regulator, 1 Waterhouse Square, 138-142 Holborn, London EC1N 2ST.
