TRANSPORT AND WORKS ACT 1992

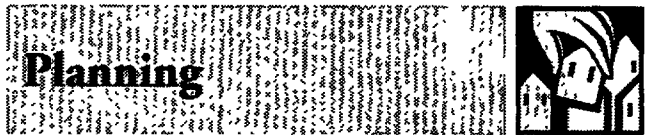

The Secretary of State for Environment, Transport and the Regions gives notice pursuant to section 14(1)(b), (3A) and (3AA) of the Transport and Works Act 1992 ("the Act"), that he has determined under section 13(1) of the Act to make with modifications the Tyne and Wear Passenger Transport (Sunderland) Order 1998 ("the Order") forthwith after the publication of this notice. The Order will come into force 21 days after it has been made. The Order was applied for by the Tyne and Wear Passenger Transport Executive ("the TWPTE"), Cuthbert House, All Saints, Newcastle upon Tyne NE1 2DA. The Order will authorise the TWPTE to construct, operate and maintain works for the extension of the Tyne and Wear Metro from Pelaw to Sunderland and South Hylton. The Order will authorise also subsidiary works and operations, the compulsory acquisition of land and rights over land and the extinguishment of rights of way, in connection with the proposed extension. Before making this determination, the Secretary of State considered the environmental statement submitted with the application for the Order. He complied with the obligations under section 10 of the Act in relation to all objections which related to the environmental statement and referred to the Inspector all representations (other than objections) which related to the environmental statement.

The main measures which the TWPTE will carry out to offset the effects of this project which, if unmitigated, would in the opinion of the Secretary of State be major adverse are as follows:

The TWPTE will provide substitute rights of way for the parts of the Hendon to Penshaw footpath and cycleway displaced by the reinstatement of the railway between Sunderland Civic Centre and South Hylton, produce a scheme of landscaping to be approved by the local planning authority, to deal with the effects of visual intrusion; implement the arrangements agreed with English Nature to minimise the loss of rare grassland habitat at Claxheugh Rock and Ford Limestone Quarry SSSI and establish an appropriate management regime, and produce a scheme of working practices and noise and vibration schemes, to be approved by the local planning authority, to minimise disruption and disturbance caused by construction works. Copies of the Order (once made) may be obtained from the Stationery Office Limited at the address shown on the last page of this Gazette or through booksellers

## Cherwell District Council

### PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

Notice is hereby given that the Cherwell District Council has, pursuant to section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990, amended the area of the Kirtlington Conservation Area as described in the Schedule below. A plan of the said area may be inspected at the Cherwell District Council Offices, Bodicote House, Bodicote, Banbury, Oxfordshire, or at the Area Office, 38 Market Square, Bicester, during normal office hours.

The effects of the designation are

(a) All planning applications for development which would affect the character of the area must be advertised and the site notices must be posted so that the maximum opportunity for comment is given to the public before a decision is reached.

(b) Cherwell District Council, as the local planning authority, will exercise particular care to ensure that change, when it occurs, will preserve or enhance the appearance and character of the area.

(c) No building in a conservation area may be demolished or partially demolished without conservation area consent having first been obtained from the local planning authority. (For alteration, demolition or extension of listed buildings in a conservation area, listed building consent must be applied for, and this takes precedence over conservation area consent.) Exceptions to this rule are those laid down in section 75 of the Planning (Listed Buildings and Conservation Areas) Act 1990, and

paragraph 4.25 of PPG15. These exceptions mainly affect small buildings within the curtilage of a dwellinghouse; gates, walls, fences or other enclosures below a certain height, temporary buildings; certain agricultural and industrial buildings, and buildings required to be demolished under the provisions of the Town and Country Planning Act 1990, the Housing Act 1985 or the Pastoral Measure 1983. Planning permission is required for some alterations to dwellings due to their locations within a conservation area. This control is exercised over all dormer windows and external cladding.

(d) It is an offence to cut down, top, lop, uproot or wilfully damage or destroy any tree (not already the subject of a tree preservation order) in a conservation area without giving 6 weeks' notice to the District Council. This provision does not relate to trees covered by a felling licence, to dead trees, to trees which do not exceed 75 mm (3 inches approx.) in diameter, or to certain other trees, details of which can be obtained from the address above.

(e) Cherwell District Council, as the local planning authority, will require planning applications in the Conservation Area to be accompanied by sufficient details to enable the impact of the proposed development on the character of the Conservation Area to be assessed. This may include details of scale, massing, design and materials of buildings and their relationship to existing buildings.
