THE WIRELESS TELEGRAPHY (LICENCE CHARGES) REGULATIONS 1999

The Secretary of State for Trade and Industry gives notice under section 6 of the Wireless Telegraphy Act 1998 of a proposal to make regulations under section 1 of that Act to amend the licence fees for the following licence classes Public Mobile Operator, On-Site Private Business Radio, Point to Point Fixed Links and to introduce two new licence classes in the Private Business Radio sector Wide Area Private Business Radio Licence, National and Regional Private Business Radio Licence, and two new classes to the Public Telecommunications Operator sector Remote Meter Reading Licence, Radio Fixed Access Licence

Extent of proposals

The proposals take further the introduction of spectrum pricing in the United Kingdom, Isle of Man and Channel Islands, and builds upon the first spectrum pricing fee regulations which entered into force in July 1998. The Radiocommunications Agency (RA) issued a Consultation Document in September 1998, which gives details of the present proposals for the new fee regulations. The proposals take account of responses received.

The proposals introduce fees based on a number of factors, including the level of congestion based on geographical location, (or if specific frequencies (identified by channel or band) are deemed to be congested). The details are contained in a summary document issued by the RA. Any representations about the above proposals must be made within 28 days of the date of publication of this notice.

The following documents are available: September 1998 Consultation Document, Summary of Responses, Summary of Proposals, Draft Wireless Telegraphy (Licence Charges) Regulations 1999, Regulatory Impact Assessment.

Please submit any representations or requests for documents to: Des Daly, Licensing Policy Unit, Radiocommunications Agency, New King's Beam House, 22 Upper Ground, London SE1 9SA. Telephone 0171-211 0477 Fax 0171-211 0523
