Department of the Environment, Transport and the Regions

TRANSPORT AND WORKS ACT 1992

The Secretary of State for the Environment, Transport and the Regions gives notice, pursuant to section 14(1)(b), (3A) and (3AA) of the Transport and Works Act 1992 ("the Act"), that he has determined, under section 13(1) of the Act, to make with modifications the Welsh Highland Railway Order 1999 ("the Order") forthwith after the publication of this notice. The Order will come into force 21 days after it has been made.

The Order was applied for by the Festiniog Railway Company ("the FRC"), of Harbour Station, Porthmadog, Gwynedd LL49 9NF.

The Order will authorise the FRC to construct, operate and maintain a railway between Dinas (approximately 5 kilometres south of Caernarfon) and Porthmadog, generally following the formation of the former Welsh Highland Railway.

Before making his determination, the Secretary of State considered the environmental statement submitted with the application for the Order. He complied with the obligations under section 10 of the Act in relation to all objections which related to the environmental statement and referred to the inquiry under section 11(1) of the Act all representations (other than objections) which related to the environmental statement. The main effects of this project which, if unmitigated, would in the opinion of the Secretary of State be major adverse are as follows.

Severance or disturbance of badger setts and otter habitats,
Loss or degradation of aquatic environments,
Permanent or temporary loss of access to residential properties and farm,
Character of Bryn Gloch caravan park.

He considers that these adverse effects would be reduced, through appropriate planning conditions he will attach to the planning direction. Mitigation could be achieved by the provision of suitable alternative access or occupational crossings, the provision of badger gates and culverts, and by appropriate controls on the construction works, including adherence to Environment Agency guidelines on working in or near watercourses. The adverse effect on the caravan park would be mitigated by lowering the track to minimise the height of the proposed overbridge, by adjusting the alignment of the railway and bridge and by re-siting the storage and gas cylinder compound.

Copies of the Order (once made) may be obtained from The Stationery Office Limited or through booksellers.

A S D Whybrow, Head of Charging and Local Transport Division
Department of the Environment, Transport and the Regions, Great
Minster House, 76 Marsham Street, London SW1P 4DR (950)
