The boundary has been revised to include the eastern part of High Street, the western half of Station Road, the southern part of Clark's Hay including The Cross, the northern part of Ham Lane, the land between Bow Wow and Station Road, and to include the railway bridge at the north-east end of Bow Wow and its immediate setting. Two areas have been removed from the conservation area. These are two modern houses on land to the south of School Lane which now form part of a large housing estate, and a small area of modern development in Clark's Hay.

The purpose of the original designation and this revision is to preserve or enhance the character or appearance of the said conservation area which the Council considers is of special architectural or historic interest when proposals for development are under consideration, in accordance with section 72 of the Act. The designation affects permitted development rights appertaining to properties within the areas and proposals for demolition of buildings and other structures including walls, subject to certain exceptions, would require conservation area consent. Regarding trees within the area, subject to certain exceptions the Council must be given 6 weeks prior notice of any intention to cut down, top, lop, uproot, cause wilful damage to, or wilfully destroy any such trees. Failure to obtain the above consents or give such notices may constitute a criminal offence.
