Pipe-Lines**Enterprise Oil plc****OFFSHORE PETROLEUM PRODUCTION AND PIPE-LINES (ASSESSMENT OF ENVIRONMENTAL EFFECTS) REGULATIONS 1999**

Pursuant to regulation 5 (8) of the above regulations, the Secretary of State for Trade and Industry gives notice that, being content that the requirements of the above regulations have been satisfied, he has, pursuant to Licence P958, granted a consent to Enterprise Oil plc to the drilling of an exploration well in block 154/1. The consent for well 154/1-A took effect from 13th January 2000.

Enterprise intends to drill well 154/1-A on the continental slope, west of the Hebrides, in 980 metres water. Target depth of well 2580 metres. The operation is expected to last for about 10 weeks. A semi sub drilling rig is intended to be used, with wbm disposed of to sea and a specialised well testing vessel employed to store any liquid hydrocarbons during a short well test of 24 hours. Any gas would be flared. A detailed environmental survey of the block was carried out in February 1998 and a post drilling survey will be carried out immediately drilling is completed to evaluate cuttings pile formation. No trace of the deep water coral *Lophelia pertusa* was found. Cumulative effects are considered negligible, both from wbm and atmospheric emissions. Closest oilfield development are some 280 kilometres to north-east; nearest transboundary line (with Faeroes) is 150 kilometres to north.

The Secretary of State is of the view, having regard to the environmental statement prepared in respect of the well and the comments received from those consulted, that the project is not likely to have a significant effect on the environment. The environmental statement adequately assessed the potential environmental impacts of drilling on a sensitive area and showed that all necessary contingency measures will be put in place. (1001)

Environment**Clean Air****London Borough of Camden****CLEAN AIR ACT 1993 SMOKE CONTROL AREA**

The whole of the London Borough of Camden was subject to Smoke Control Orders made under Clean Air Acts in the 1950s and 1960s. There have been boundary changes which have brought new areas into the borough, which are not subject to Smoke Control Orders. The Council wishes to subject these areas to Smoke Control Orders.

The Council of the London Borough of Camden proposes to revoke all existing Smoke Control Orders (see list below) pursuant to Section 18 of the Clean Air Act 1993 and to make a new Smoke Control Order covering the whole of the area of the borough. This, like the existing Orders, will make it an offence to emit smoke from any chimney in the borough, subject to some exceptions. *It will make it an offence, for example, to emit smoke from burning ordinary coal or wood on an open fireplace.* This will have no new effect on the vast majority of properties unaffected by the boundary change and will only apply these new controls to properties becoming part of Camden as a result of the boundary changes.

A copy of the order may be inspected at the Environment Department, 5th Floor, Town Hall Extension, Argyle Street, London W.C.1, for at least 6 weeks from the date of publication of this notice. Within that period any person who may be affected may by notice in writing object to the making of the order. Any objections made will be considered.
