The effect of the proposed Order will be to prohibit the waiting of any vehicles (with certain exceptions), and trading from verges and lay-bys, along those lengths of the trunk road described in the Schedule to this notice. This prohibition is already in effect by virtue of the Trunk Road (A4060) (Merthyr Tydfil, Mid Glamorgan) (Clearway) Order 1992, which will be revoked by the proposed Order. The necessity to revoke

and re-enact the existing Order has been brought about by the recent realignment and improvement of the Mountain Hare-Dowlais Top section of the trunk road described in the Schedule to this notice.

A copy of the proposed Order and the Order being revoked, together with a plan and a statement of reasons for making the Order may be inspected, free of charge, during normal office hours at the offices of Merthyr Tydfil County Borough Council, Civic Centre, Castle Street, Merthyr Tydfil.

Copies may also be obtained, free of charge, from the address below quoting the National Assembly for Wales Ref. CZ 510-2-52-5.

Objections, specifying the grounds on which they are made and quoting the above reference, must be sent in writing to the National Assembly for Wales, Highways Directorate, Cathays Park, Cardiff CF10 3NQ, by 31st March 2000. In the preparation of an objection and the statement of grounds of objection, it should be borne in mind that the substance of any objection or representation may be communicated to other people who may be affected by it.

The Director General of Telecommunications ("the Director") in accordance with section 12(2) of the Telecommunications Act 1984 ("the Act") hereby gives notice that he proposes to make modifications to the licence granted to British Telecommunications plc ("BT") on 22nd June 1984 and to the licence granted to Concert Communications Company ("Concert") on 18th December 1996.

The effect of the modifications which the Director proposes to make is set out in the Schedule below.

The purpose of the modifications is to relax the regulatory burden on BT and Concert in respect of markets which are increasingly or effectively competitive. This is in line with OFTEL's long term strategy that regulation should be proportionate to the level of competition, with lighter regulation where greater competition exists. The reasons for the proposed modifications and a fuller description of their effect are set out in the Consultative Document of November 1999 entitled *Competition in International Markets* and OFTEL's *Statement on Competition in International Markets* of 9th March 2000. The full text of the proposed modifications is set out in Annexes D and E to OFTEL's Statement of 9th March 2000.

The Director is required by section 12(2) of the Act to consider any representations or objections which are duly made and not withdrawn. The consultation procedure comprises two stages. In the first stage, representations on or objections to the proposed modifications may be made to:

Beverley Blakeney, OFTEL, 50 Ludgate Hill, London EC4M 7JJ (telephone 020 7634 8828, e-mail beverley.blakeney@oftel.gov.uk) by no later than 7th April 2000.

Any confidential information should be clearly marked as such and separated out into a confidential annex. All representations or objections received by OFTEL, with the exception of material marked confidential, will be made available for inspection in OFTEL's Research and Intelligence Unit.

In the second stage, interested parties are invited to send comments to Beverley Blakeney, details as above, by no later than 25th April 2000 on representations or objections received in the first stage.

Copies of the proposed modifications can be obtained from Shola Delip at the above address (telephone 020 7634 8835, e-mail shola.delip@oftel.gov.uk). Copies can also be obtained from the Statement which is available on OFTEL's website at www.oftel.gov.uk.

SCHEDULE

1. Condition 47.6 of both BT's and Concert's licences would be modified to create separate notice periods for Competitive Standard Services on the one hand and Prospectively Competitive Standard Services and New Standard Services on the other. Condition 47.6 requires the Licensee to send to the Director and certain Schedule 2 Public Operators a Network Charge Notice before any change to a charge for a Standard Service or any introduction of a charge for a proposed New Standard Service is to take effect. The proposed modification would reduce this notice period from 28 days to one day in respect of Competitive Standard Services. Condition 47 only applies to operators with Significant Market Power for the purposes of the Interconnection Directive and Condition 47.6 does not apply to the BT as long as BT is subject to Condition 69.4.

2. BT's and Concert's licences would be modified to allow the Director to vary the notice period required by Condition 55.4. Condition 55.3 requires BT to publish by notice information on offerings, technical characteristics, tariffs and supply and usage conditions in respect of Relevant Private Circuits. Under Condition 55.4 this must be published by (*inter alia*) sending a copy to the Director not less than 28 days before any proposal to introduce any new charge, or to amend any existing charge term or condition or the method of determining the same is to become effective. The proposed modification to Condition 55.4 would give the Director the discretion to vary this 28 day notice period. Broadly, Condition 55 applies only to Licensees determined by the Director as having significant market power in respect of a Relevant Private Circuit Market.

3. Condition 69.4 of BT's licence would be modified to create separate notice periods for Competitive Standard Services on the one hand and Prospectively Competitive Standard Services on the other. Condition 69.4 requires BT to send to the Director and certain other operators a Network Charge Notice before any change to a charge for a Standard Service or any offer of a new Standard Service is to come into effect. The proposed modification would reduce this notice period from 28 days to one day in respect of Competitive Standard Services. A further minor modification to Condition 69.22(c) would also be required to reflect this change.

4. A new provision would be inserted into Condition 71 of BT's licence. Condition 71 requires that the Director must provide prior written consent to any proposed changes to BT's General Prices which are less than the aggregate cost attributable to the provision of that service. The proposed modification would allow this Condition to be disapplied by written consent of the Director.

5. Condition 66.18 of Concert's licence would be modified to create separate notice periods for Competitive Standard Services on the one hand and Prospectively Competitive Standard Services and New Standard Services on the other. Condition 66.18 requires Concert to send to the Director and certain other operators a Network Charge Notice before any change to a charge for a Standard Service or any offer of a New Standard Service is to come into effect. The proposed modification would reduce this notice period from 28 days to one day in respect of Competitive Standard Services. A further minor modification to Condition 66.59(a) would also be required to reflect this change.
