Water Industry

Cambridge Water Plc

WATER INDUSTRY ACT 1991, SECTIONS 13 AND 14

PROPOSALS BY THE DIRECTOR GENERAL OF WATER SERVICES FOR THE MODIFICATION OF THE CONDITIONS OF APPOINTMENT OF CAMBRIDGE WATER PLC

The process

Any representation about, or objection to, these proposals must be in writing and sent to the Director General of Water Services, Centre City Tower, 7 Hill Street, Birmingham B5 4UA (fax 0121-625 3606) so as to be received by him not later than 5 p.m. on Friday, 21st April 2000. Please quote Ref. LEG34/2/3.

Explanation of the proposed modifications and the reasons for them

Cambridge Water Plc has been acquired by UFACEX UK Holdings PLC, a wholly-owned subsidiary of Union Electrica Fenosa SA, a Spanish Company which is listed on the Madrid Stock Exchange.

Whenever a Company such as Cambridge Water becomes part of a larger group, the Director General of Water Services (the Director) seeks modifications of the water company's licence conditions. They are designed to preserve the viability of the water Company as a comparator with the other licensed companies, to preserve the independence of action of the water company's Board when conducting the core business and to formalise the commitment of the parent Company to facilitating the proper performance of the water Company's functions. Cambridge Water has consented to these proposed modifications.

Maintenance of comparisons with other water and sewerage undertakers

The Director considers that Cambridge Water's core business should be as transparent to regulation as are the water undertakings of small independent Companies which are not part of any similar group structure.

To that end, the Director proposes modifications of Cambridge Water's Conditions of Appointment, which will require it to operate at arm's length from its Group.

The modifications will:

- 1.(a) prohibit payment to any Associated Company in respect of any Charging Year, of any amount on account of services received by the Cambridge Water ("the Company") from its associate which exceeds:
 - (i) the prices ascertained from market testing carried out by the Company in accordance with arrangements previously approved by the Director and which have no prejudicial effect on the proper carrying out of the Company's functions; or
 - (b) require the Company to obtain from the Associated Company information required by the Director about the latter's costs.

Ring-fencing of the assets of the Company and its ability to act separately from its parent Company and all other Companies in the Group

At the same time, the Director wishes to ensure that the Company's licensed business is ring-fenced from other activities of the Group. The Company must not, whether through its involvement in those other activities or by its dividend policy, put at risk its ability either to carry out its functions as a water undertaker or to finance them. Further modifications will therefore:

2. prohibit the transfer of any asset from the Company to any Associated Company except with the Director's consent and in compliance with his requirements concerning the valuation of the asset and its treatment in the Company's accounts;
3. prohibit the Company from:
 - (i) giving any guarantee of any liability of any Company within the Group;
 - (ii) making to any such Company any loan;
 - (iii) continuing or assuming any commitment which includes a cross-default obligation (whereby the Company's financial liabilities are increased or accelerated because of default elsewhere within the Group) without the Director's consent and
4. require that the Company's dividend policy will not, in the opinion of the Director, impair its ability to finance the proper carrying out of its functions.

The Directors of the Company are already required to certify annually to the Director that the Company has adequate financial and management resources. Further modifications will require:

- 5.(i) the Company to inform the Director as soon as its Board becomes aware of any circumstances which causes the Board to believe that its most recent annual certificate of the adequacy of its financial management resources could not be repeated in the light of those circumstances;
- (ii) that every annual certificate referred to in (i) shall be accompanied by a report prepared by the Company's Auditors and addressed to the Director, stating whether they are aware of any inconsistencies between,

on the one hand, that certificate and the statements submitted with it and, on the other hand, any information which they obtained during their work as the Company's Auditors; and

(iii) that the Directors record their opinion that all contracts entered into with any Associated Company include all necessary provisions and requirements concerning the standard of service to be provided to the Company to ensure that it is able to meet all its obligations as a water undertaker.

Although the Company is a subsidiary, it has its own duties as the water undertaker for its area. The Director considers it important that the Company should, in carrying out those functions, behave as if they were substantially its sole business and it were a separate public limited Company. Further modifications will require:

6. that the Company shall, at all times, conduct the Appointed Business as if it were substantially the Company's sole business and it were a separate public limited company. In doing so, the Company should have particular regard to the following:
 - (a) the composition of its Board should be such that its directors, acting as such, act independently of the parent Company or controlling shareholder and act exclusively in the interests of the Company;
 - (b) it must ensure that each of its directors must disclose, to it and to the Director, conflicts between their duties to the Company and other duties;
 - (c) where potential conflicts exist between the interests of the Company as a water undertaker and those of other Companies in the Group, the Company and its directors must ensure that, in acting as directors of the Company, they have regard exclusively to its interests as a water undertaker;
 - (d) no director of the Company should vote on any contract or any arrangement or any other proposal in which he has an interest by virtue of other directorships. This arrangement should be reflected in the Company's Articles of Association;
 - (e) The Company should inform the Director without delay when:
 - (i) a new director is appointed;
 - (ii) the resignation or removal of a director takes effect; or
 - (iii) any important change in the functions or executive responsibilities of a director occurs.

The Company should notify the Director of the effective date of the change and, in the case of an appointment, whether the position is executive or non-executive and the nature of any specific function or responsibility;

(f) the dividend policy adopted by the Company in the light of proposal 4 (above); and

(g) the principles of corporate governance which are from time to time recognised by the Listing Rules of the London Stock Exchange;

7. that the Company will publish the annual financial results information which would be required, were it subject to the Listing Rules of the London Stock Exchange;

The role of the Company's owner

The Company should have the active co-operation of its owner in complying with the conditions of its Appointment and in the proper discharge of its functions as a water undertaker. Further modifications will:

- 8.(a) require the Company to obtain from its parent Company a legally-enforceable undertaking in the Company's favour and in a form specified by the Director, that it will:
 - (i) refrain from any action which would be likely to cause or require the Company to breach any of its obligations under the Water Industry Act 1991 or the conditions of its Appointment as a water undertaker; and
 - (ii) ensure that the Company's Board contains not less than three independent non-executive directors, being persons of standing who shall collectively have relevant experience, local knowledge and understanding of the interests of the Company's customers.
- (b) require the terms of that undertaking to apply to all other Companies within the Group;
- (c) require that the undertaking remain in force for so long as the Company holds its Appointment as a water undertaker and remains a member of the Group and
- (d) require the undertaking to be delivered to the Director not later than 21 days after this modification comes into force;
9. require the Company to:
 - (i) produce to the Director the original of the undertaking under 8 above and provide him with any certified copies which he requires and
 - (ii) inform the Director immediately in writing, if it becomes aware that the undertaking has ceased to be legally-enforceable, or that there has been any breach of its terms; and
