Company registration number: 2666895.

Registered address of applicant: Duncan Street, Salford M5 3SQ.

Directors of the applicant: Christopher D. Cooper, James Phillip Knott and John Michael Riley.

The Rail Regulator hereby gives notice in accordance with section 7 (4) of the Railways Act 1993 that he proposes to grant the applicant an exemption from the requirement to be authorised by licence to:

(a) operate the network which the applicant proposes to operate within a rail freight terminal at Duncan Street, Salford, Manchester;

Any person who wishes to make any representation or objection with respect to the proposed exemption should send such representation or objection to Miss Caroline Bedding, Licensing and Standards Team, Directorate of Regulation, Office of the Rail Regulator, 1 Waterhouse Square, 138-142 Holborn, London EC1N 2TQ, not later than 25th August 2000.

Hull Trains Ltd is a subsidiary of GB Railways Group Plc, and the Regulator proposes to include in the licence a condition relating to the ability of the licence holder to obtain certain information from its holding company or another member of the company group and a condition prohibiting unfair cross-subsidy.

Post & Telecom

Telecommunications

NOTICE UNDER SECTION 12(2) OF THE TELECOMMUNICATIONS ACT 1984 (AS AMENDED BY THE ELECTRONIC COMMUNICATIONS ACT 2000)

PROPOSED MODIFICATIONS TO THE LICENCES OF ALL PUBLIC TELECOMMUNICATIONS OPERATORS EXCEPT BT AND CONCERT

The Director General of Telecommunications (the "Director") in accordance with section 12(2) of the Telecommunications Act 1984 as amended by the Electronic Communications Act 2000 (the "Act") hereby gives notice that he proposes to make modifications to all 315 licences granted during the period beginning on 26th April 1985, and ending on 23rd June 2000 under section 7 of the Act to particular persons which the Secretary of State has designated by order under section 9 of the Act as having public telecommunications systems, except for the licence granted to British Telecommunications plc ("BT") on 22nd June 1984, and the licence granted to Concert Communications Company ("Concert") on 18th December 1996, collectively referred to hereinafter as the "PTO licences".

2. The effect of the modifications which the Director proposes to make is set out in the Schedule below.

3. The reason for the proposed modifications is to provide consistency with modifications made to the licences of BT and Concert on 11th May 2000, thus ensuring, in line with the Director's obligations under the EC Licensing Directive (97/13/EC), that licence conditions are not discriminatory, unless the discrimination can be objectively justified. The reasons for the modifications to the licences of BT and Concert, and a fuller description of their effect, are set out in the Consultative Document of November 1999 entitled *Competition in International Markets* and OFTEL's *Statement on Competition in International Markets* of 9th March 2000.

4. Section 12A(7) of the Act provides that a modification is deregulatory if—

- (a) the effect of the conditions to be modified is to impose a burden affecting the holder of the licence in which those conditions are included;
- (b) the modification would remove or reduce the burden without removing any necessary protection; and
- (c) the modification is such that no person holding a licence granted under section 7 [of the Act] to a particular person would be unduly disadvantaged by the modification in competing with the holder of the licence in which those conditions are included.

5. In the opinion of the Director, all of the proposed modifications of the PTO licences are deregulatory within the meaning of section 12A(7) for the reasons set out in the Schedule below.

6. The consultation procedure comprises two stages. In the first stage, representations on or objections to the proposed modifications may be made to: Beverley Blakeney, OFTEL, 50 Ludgate Hill, London EC4M 7JJ (telephone 020 7634 8828, e-mail beverley.blakeney@oftel.gov.uk), by no later than 25th August 2000.

7. Any confidential information should be clearly marked as such and separated out into a confidential annex. All representations received by OFTEL, with the exception of material marked confidential, will be made available for inspection in OFTEL's Research and Intelligence Unit and may be published.

8. In the second stage, interested parties are invited to send comments to Beverley Blakeney, details as above, by no later than 8th September 2000, on representations or objections received in the first stage.

9. Copies of the proposed modifications, and a full list of PTO licences affected, can be obtained from Shola Delip, at the above address (telephone 020 7634 8835, e-mail shola.delip@oftel.gov.uk). A full list of PTO licenses affected by the proposed modifications and OFTEL's Statement on Competition in International Markets (in which the proposed modifications to condition 47.6 and 55.4 are set out) are also available on OFTEL's website at www.oftel.gov.uk.

SCHEDULE

Condition 47.6

1. Condition 47.6 of the PTO licences would be modified to create separate notice periods for Competitive Standard Services, on the one hand, and Prospectively Competitive Standard Services and New Standard Services, on the other. Condition 47 only applies to operators with Significant Market Power ("SMP") for the purposes of the Interconnection Directive.

2. Condition 47.6 imposes a burden on licence holders by providing that, if they have SMP, they must send to the Director and certain

Schedule 2 Public Operators a Network Charge Notice before any change to a charge for a Standard Service or any introduction of a charge for a proposed New Standard Service is to take effect. The proposed modification reduces this burden by reducing the notice period from 28 days to one day in respect of Competitive Standard Services. As only competitive services are affected, and the modification is intended to be made to all PTO licences, the modification does not remove any necessary protection and does not unduly disadvantage any licence holder. For these reasons, the Director considers this modification of the PTO licences to be deregulatory within the meaning of section 12A(7) of the Act.

Condition 55.4

3. The PTO licences would be modified to allow the Director to vary the notice period required by Condition 55.4. Broadly, Condition 55 applies only to licensees determined by the Director as having SMP in respect of a Relevant Private Circuit Market.

4. Condition 55 imposes a burden on licence holders by providing that, if they have SMP in respect of a Relevant Private Circuit Market, they must publish by notice information on offerings, technical characteristics, tariffs and supply and usage conditions in respect of Relevant Private Circuits. Under Condition 55.4, this must be published by (inter alia) sending a copy to the Director not less than 28 days before any proposal to introduce any new charge, or to amend any existing charge term or condition or the method of determining the same is to become effective. The proposed modification would reduce this burden by allowing the Director to consent in writing to reduce this 28 day notice period. The modification does not remove any necessary protection and does not unduly disadvantage any licence holder as, in accordance with OFTEL policy, the Director's consent to such reduction will only be granted where the relevant market is sufficiently competitive. For these reasons, the Director considers this modification of the PTO licences to be deregulatory within the meaning of section 12A(7) of the Act. (1010)

NOTICE UNDER SECTION 12(2) OF THE TELECOMMUNICATIONS ACT 1984 (AS AMENDED BY THE ELECTRONIC COMMUNICATIONS ACT 2000)

PROPOSED MODIFICATION TO ALL PUBLIC TELECOMMUNICATIONS OPERATOR LICENCES

The Director General of Telecommunications (the "Director") in accordance with section 12(2) of the Telecommunications Act 1984, as amended by the Electronic Communications Act 2000 (the "Act") hereby gives notice that he proposes to make a modification to all 315 licences granted during the period beginning on 26th April 1985 and ending on 23rd June 2000, under section 7 of the Act to particular persons which the Secretary of State has designated by order under section 9 of the Act as having public telecommunications systems, collectively referred to hereinafter as the "PTO licences".

The effect of the modification which the Director proposes to make is set out in the Schedule below.

The proposed modification involves the removal of condition 31 of the PTO licences. The reason for the proposal is that the Competition Act 1998 (the "Competition Act"), which came into force on 1st March 2000, now prohibits anti-competitive agreements and conduct formerly covered by condition 31. Condition 31.9(a) provides that the condition shall cease to apply to any behaviour prohibited by new legislation that:

- "(i) contains a prohibition enforceable by the Director... of any behaviour prohibited [under condition 31];
- (ii) gives to third parties in respect of a breach of that prohibition at least the rights they have under section 18 of the [Telecommunications Act 1984] in respect of a breach of a provisional or final order; and
- (iii) permits the imposition on the Licensee of monetary penalties in respect of the breach of that prohibition."

The Director believes that the Competition Act meets these criteria and that condition 31 should therefore cease to apply to agreements and conduct that would otherwise be in breach of both condition 31 and the Competition Act. The removal of condition 31 will therefore serve to simplify the licence and avoid confusion.

Section 12A(7) of the Act provides that a modification is deregulatory if: (a) the effect of the conditions to be modified is to impose a burden affecting the holder of the licence in which those conditions are included; (b) the modification would remove or reduce the burden without removing any necessary protection; and

(c) the modification is such that no person holding a licence granted under section 7 [of the Act] to a particular person would be unduly disadvantaged by the modification in competing with the holder of the licence in which those conditions are included.

In the opinion of the Director, the proposed modification of the PTO licences is deregulatory within the meaning of section 12A(7) for the reasons set out in the Schedule below.

The consultation procedure comprises two stages. In the first stage, representations on or objections to the proposed modifications may be made to Beverley Blakeney, OFTEL, 50 Ludgate Hill, London EC4M 7JJ (telephone 020-7634 8828, e-mail beverley.blakeney@oftel.gov.uk), by no later than 25th August 2000.

Any confidential information should be clearly marked as such and separated out into a confidential annex. All representations received by OFTEL, with the exception of material marked confidential, will be made available for inspection in OFTEL's Research and Intelligence Unit and may be published.

In the second stage, interested parties are invited to send comments to Beverley Blakeney, details as above, by no later than 8th September 2000, on representations or objections received in the first stage.

Copies of the proposed modifications, and a full list of PTO licences affected, can be obtained from Shola Delip at the above address (telephone 020-7634 8835, e-mail shola.delip@oftel.gov.uk). A full list of PTO licences affected by the proposed modifications and OFTEL's Statement on Competition in International Markets (in which the proposed modifications to condition 47.6 and 55.4 are set out) are also available on OFTEL's website at www.oftel.gov.uk.

SCHEDULE

1. Condition 31 would be removed from the PTO licences.
2. Condition 31 imposes a burden on licence holders by providing that they may not do anything which has or is intended to have or is likely to have the effect of preventing, restricting or distorting competition where such act or omission is done in the course of, as a result of or in connection with, providing telecommunication services, or any particular description of telecommunication service, or running a telecommunication system. The proposed modification would reduce this burden by removing the condition. The modification does not remove any necessary protection as the provisions of the Competition Act 1998 will continue to provide the Director with adequate powers against operators which engage in anti-competitive agreements or conduct. The modification does not unduly disadvantage any licence holder as it is intended to be made to all PTO licences. For these reasons, the Director considers this modification of the PTO licences to be deregulatory within the meaning of section 12A(7) of the Act. (1011)
