Road Goods Vehicles Travelling to Mainland Europe:Quarterly Bulletins

The statistics used in these bulletins are compiled from quarterly returns, provided by the roll-on/roll-off ferry operators, giving the number of powered vehicles and unaccompanied trailers carried on each route to mainland Europe and from monthly information supplied by Eurotunnel. Disaggregation by the country of registration of powered vehicles is provided by most of the ferry operators and by Eurotunnel. On some routes the operators can extract the nationality directly from the manifests or waybills, while on others each one is identified from the registration number pattern.
