Electricity

NOTICE UNDER SECTION 11(2) OF THE ELECTRICITY ACT 1989

The Gas and Electricity Markets Authority ("the Authority") hereby gives notice pursuant to section 11(2) of the Electricity Act 1989 ("the Act") as follows:

1. In relation to each of the PES licences which have been granted under section 6(1)(c) of the Act in respect of an authorised area in Great Britain the Authority proposes to introduce a new licence condition to be inserted immediately following the Condition entitled "Provision of Information to the Director" and to have the same number followed by the suffix A, to have the effect specified below.

2. The reasons why the Authority proposes to introduce this licence condition and their effect are summarised below. Further information on the background to the licence condition can be found in the document "Information and Incentives Project: Output measures and monitoring delivery between reviews—Final proposals" (September 2000). Details on the reporting framework referred to in paragraph 3 can be found in the document "Information and Incentives Project: Regulatory instructions and guidance" (February 2000).

3. The purpose of this new licence condition is to put in place a reporting framework for the provision of information under the Information and Incentives Project (IIP) in relation to the distribution businesses of each licensee. The reporting framework will seek to ensure that information specified in or under the condition is collected on a common basis and to an appropriate degree of accuracy by each business, and to this end it also includes arrangements for the audit of the information that is collected. This information will be used to facilitate the establishment of an incentive scheme to improve the delivery of appropriate outputs of the distribution businesses, including key areas of quality of supply such as the number and duration of interruptions to supply. The information will also be used to monitor any perverse incentives arising from the incentive scheme itself and from the price control framework more widely.

4. A copy of the proposed licence condition and of the documents referred to in paragraph 2 are available (free of charge) from the Ofgem Library, 9 Millbank, London SW1P 3GE (020-7901 7003), or on the Ofgem website (www.ofgem.gov.uk).

5. Any representations or objections to the proposed licence condition may be made on or before 15th March 2001, to Joanna Whittington, Director Information and Incentives Project, Office of Gas and Electricity Markets, 9 Millbank, London SW1P 3GE (electronic responses may be sent to cemil.altin@ofgem.gov.uk).

6. Responses will be published by placing them in Ofgem's library.

J. Whittington, Director Information and Incentives Project, duly authorised on behalf of the Authority.

16th February 2001. (513)

NOTICE UNDER SECTION 11(2) OF THE ELECTRICITY ACT 1989

The Gas and Electricity Markets Authority ("the Authority") hereby gives notice pursuant to section 11(2) of the Electricity Act 1989 ("the Act") as follows:

The Authority proposes to modify the conditions of the private electricity supply licences granted to Scottish and Southern Energy plc (registered in Scotland under number 117119, formerly Scottish Hydro-Electric plc) ("SSE"), Southern Electric plc (registered in England and Wales under number 2366879) ("Southern") and SSE Energy Supply Limited (registered in England and Wales under number 3757502, formerly British Energy Retail Markets Limited) (herein referred to together as "the Licensees") under section 6(2) of the Act. It proposes to modify these conditions as a result of the acquisition by SSE of the

electricity supply businesses hitherto carried on by British Energy Retail Markets Limited (including the South Wales Electricity's public electricity supply business) and to give effect to the assurances given in relation to that acquisition.

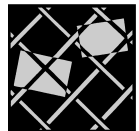

The proposed licence modifications will introduce a new condition prohibiting each of the Licensees (unless the Licensee is already subject to such a prohibition) from supplying or offering to supply electricity under its private electricity supply licence to designated customers in the authorised areas of SSE, Southern and South Wales Electricity plc, other than those with whom that Licensee has entered into a contract prior to the date on which the new condition comes into force, or from varying any such contract.

A copy of the proposed modifications can be obtained (free of charge) from the Office of Gas and Electricity Markets ("Ofgem"), 9 Millbank, London SW1P 3GE, and will be available also on the Ofgem website (www.ofgem.gov.uk) for a period of 28 days from the date of this notice. Any representations or objections to the proposed modifications may be made on or before Monday, 19th March 2001, to Ofgem at the address stated above, marked for the attention of Maria Bottomley.

J. Neilson, Managing Director, duly authorised on behalf of the Authority.
