Water Industry

Dwr Cymru

WATER INDUSTRY ACT 1991, SECTION 13

PROPOSALS BY THE DIRECTOR GENERAL OF WATER SERVICES FOR THE MODIFICATION OF THE CONDITIONS OF APPOINTMENT OF DWR CYMRU CYFYNGEDIG

The Process

This notice seeks responses to the proposed modifications described below. Any representations or objections must be sent in writing to the Director General of Water Services, Centre City Tower, 7 Hill Street, Birmingham B5 4UA (fax 0121-625 3606 or e-mail allan.merry@ofwat.gsi.gov.uk) to be received no later than 5 p.m. on 4th April 2001.

Description of the proposed modifications and the reasons for them

Dwr Cymru Cyfyngedig ("Dwr Cymru") was, until recently, a wholly-owned subsidiary of Hyder plc. On 19th September 2000, following a successful takeover bid, ownership of Hyder plc passed to Western Power Distribution Limited (WPD).

Before the takeover, the Director General of Water Services ("the Director") obtained assurances from WPD that, if its bid was successful, it would ensure that Dwr Cymru consented to the modifications of its conditions of appointment described below. (WPD also agreed that, pending the modifications, it would ensure that Dwr Cymru carried out its activities as if the modifications had already been made).

WPD has now agreed terms for the acquisition of Dwr Cymru by Glas Cymru Cyfyngedig (Glas). Glas is a Company limited by guarantee incorporated under the Companies Act 1985. It will be a wholly debt-financed Company and proposes to outsource the day-to-day management of its operations and customer services to third parties.

Except for the modifications in section 5, the changes described in this notice will be made to the licence of Dwr Cymru regardless of whether Glas completes its proposed acquisition. If Glas is successful in acquiring Dwr Cymru, then the further changes set out in section 5 will also be made.

Both WPD and Glas have consented to the making of these proposed modifications.

1. Dwr Cymru's responsibilities as a water and a sewerage undertaker

WPD intends to let, by competitive tender, contracts for the provision to Dwr Cymru of all operational and customer services required for the discharge of its functions as a water and sewerage undertaker. Glas will, if its proposed acquisition of Dwr Cymru is successful, "inherit" these contracts which it intends to re-let over time.

All water and sewerage undertakers have the same responsibilities for the proper discharge of their functions. For example, they must comply with regulations about the quality of water intended for human consumption and with conditions of consents to the discharges from their sewage treatment works. It is exposed both to regulatory enforcement action and the criminal law. The Director considers that any contracting-out of the day-to-day operations of Dwr Cymru's core assets must not interfere with Dwr Cymru's continuing responsibilities as a water and a sewerage undertaker.

Dwr Cymru's licence already requires that its Board of Directors certify annually to the Director the adequacy of its financial and management resources, to enable it to discharge its core functions for the ensuing year. The Director proposes that these requirements be extended to require that:

Dwr Cymru's Board will certify annually the sufficiency of its methods of planning and control, to enable it to discharge its functions for the ensuing year.

For these purposes, Dwr Cymru will be required to ensure that those systems for planning and internal control comply with requirements specified by the Director in written, published guidance. This will ensure that Dwr Cymru maintains proper control over its legal obligations and responsibilities as a water and sewerage undertaker and also that it pursues proper market-testing of whatever services it chooses to continue to outsource (see section 2 below).

The Guidance on internal planning and control are based upon the Combined Code of the Committee on Corporate Governance and of the Turnbull Report: *Internal Control—Guidance for Directors on the Combined Code* (September 1999).

They require Dwr Cymru's Board to pay additional attention to the assessment and handling of hazard and risk, when the services in question are being provided by any contractor. For example, the Board will have to appoint a Water Quality Committee, to include independent experts on public health and operational aspects of water supply. Its findings should be reported to Dwr Cymru's Board and attached to its annual report to the Drinking Water Inspectorate (DWI) and

Environment Agency (EA). The Board should inform the DWI at once if it does not implement any of that Committee's recommendations. A similar arrangement is proposed for the oversight of sewerage services provided by outside contractors.

Dwr Cymru will be required to co-operate with its Reporter (an independent consultant, appointed by Dwr Cymru with the Director's approval). The Reporter will review, audit and challenge the work of the Committees and report to the Director and the DWI and EA upon the effectiveness of Dwr Cymru's internal controls. Similar requirements will apply to the contracting-out of the operation of Dwr Cymru's sewerage services.

In addition, the Director proposes a modification:

prohibiting Dwr Cymru from making any arrangement to transfer or delegate any of its functions as a statutory undertaker; or if prosecuted for any criminal offence (for example, the supply of water unfit for human consumption), from relying on the involvement of any contractor to establish that Dwr Cymru had taken all reasonable steps, or exercised all due diligence to avoid the commission of the offence in question.

In other words, that defence would only be available to it, to the extent that would have applied if no contractor had been involved in the activity concerned.

2. Arrangements for contracting-out (or outsourcing) of operations necessary for the discharge of Dwr Cymru's obligations as a water and a sewerage undertaker

Whilst outsourcing of some operational work is commonplace in the water industry, the scale of the proposed contracts, which will cover the provision of all services to Dwr Cymru, is new. Therefore, the Director considers it important that Dwr Cymru pursues proper market-testing of whatever services it chooses to outsource. This requirement will be formalised within the procurement condition.

In addition to the requirement to comply with the Director's guidance on internal controls this condition will also require Dwr Cymru to:

Submit a Procurement Plan to the Director. This plan will have to set out:

- (i) an assessment of the competitiveness of the market in which the contract is being let;
- (ii) details of the number, mix and type of current and proposed contracts;
- (iii) details of the procurement process including how Dwr Cymru will maintain a "level playing field" for all prospective tenderers, so that no existing contractor derives any advantage from that position;
- (iv) how Dwr Cymru will retain control of contractor's operations, including the ability to direct action and assume control of operations when necessary and to ensure the maintenance of assets so that serviceability to customers is maintained.

The plan will have to cover at least the 3 following years. It will be reported upon annually by the independent Reporter (see section 1). The Director may decide following a report, that he requires an amended plan to be submitted. In any case, the plan will have to be resubmitted (that is, rolled forward over the following 3 years) at least every eighteen months.

Other Regulatory Matters

3. Financial ring-fencing and corporate governance of the appointed business

As in all acquisitions, the Director is concerned to ensure that no actions taken by Dwr Cymru's owners (currently WPD, and proposed to be Glas) should jeopardise its ability to go on financing the proper discharge of its functions as a water and a sewerage undertaker. To this end the Director proposes to amend Dwr Cymru's licence to:

prohibit it from raising any finance for the regulated business which include any "cross-default" obligation. (A cross-default obligation is one under which, if lenders to other parts of the enlarged group were to foreclose or otherwise enforce their rights under those contracts, lenders to Dwr Cymru would also be entitled to call in their loans) without the Director's consent;

prohibit Dwr Cymru from holding any investments except those required in the ordinary course of its business;

require it to maintain an investment-grade corporate credit rating.

A further modification will require Dwr Cymru to ensure that its dividends are prudent, in the sense that they do not jeopardise its ability to go on financing its functions and reflect the amount of risk borne by shareholders in financing Dwr Cymru's activities.

To ensure proper corporate governance of Dwr Cymru it will obtain from its owner (either WPD or Glas), undertakings:

that they will refrain from any action which would put Dwr Cymru in breach of its licence obligations; and

that there will be at all times on Glas' Board a majority of independent, non executive directors.

Dwr Cymru's Board will be required to comply with the Principles of Good Governance and Code of Best Practice as for the time being approved for the purpose of the listing rules of the London Stock Exchange.

4. Access to comparative information

The Director places considerable importance on his ability to make comparisons between undertakers in order to assess their relative efficiency. Access to this information is required in particular to enable the Director to review price limits at Periodic Reviews, but is important on an ongoing basis to monitor and publish information on Companies' relative performance.

To ensure that the Director will continue to have access to the information he requires (including information from contractors) he has proposed that Dwr Cymru should obtain from its immediate parent and from either WPD or Glas, as the case may be, undertakings that they will provide to Dwr Cymru information:

necessary to enable it to comply with the conditions of its appointment; which the Director may reasonably require about the activities and financing of either WPD or Glas as appropriate.

Furthermore, Dwr Cymru will be required to:

maintain the listing on a recognised Stock Exchange of a financial instrument (either a bond or a preference share), although it will be permitted to seek the Director's approval to the postponement of that listing, depending upon market conditions; and

publish the information which would be required to comply with the listing Rules of the London Stock Exchange, if Dwr Cymru were itself a listed Company.

5. Additional proposals provisional upon the successful acquisition of Dwr Cymru by Glas

Because Glas' plans are predicated on the pursuance of a single purpose, namely the provision of water and sewerage services, the Director proposes to modify Dwr Cymru's licence to:

require Dwr Cymru to obtain a legally enforceable undertaking from Glas prohibiting Glas and its subsidiaries from making any changes to their Memorandum and Articles of Association without the Director's consent;

prohibit it, or any other subsidiary of Glas from conducting any other activities of a material nature except those required of or connected with a water and a sewerage undertaker.

Finally, one minor change to Dwr Cymru's licence will be required to reflect the fact that Dwr Cymru will be wholly debt-financed rather than owned by Shareholders. This modification will be to:

Amend the interest-cover test used, by the Director in the context of interim determinations of price limits in determining whether a Company is able to finance its functions. This will require him to assume that Dwr Cymru will fund new expenditure solely by raising new debt finance.

Statistics & Standards Tracker

Including Daily UK & European Press Releases

A weekly guide to statistics from ONS and new Standards published by BSI

Every day, *The London Gazette* provides a summary of official publications, from press releases to statutes. Each day includes complete listings of all official press releases together with material designed to give a different viewpoint on the activities of Government:

Monday – New Law Tracker. A weekly guide to all new legislation from Westminster including all Statutes and Statutory Instruments.

Tuesday – Statistics & Standards Tracker. A round up of the latest from the Office of National Statistics and the British Standards Institution.

Wednesday – Parliamentary Tracker. A full summary of the events in Parliament including committees and the progress of new legislation.

Thursday – European Tracker. A guide to the latest European materials including consultative documents, draft legislation, treaties, conventions and directives.

Friday – Government Tracker. All new Government publications and what's new on Government websites.

To make it easier to use, everything is put into one of eight broad categories and then further classified according to more specific subject areas.

Home Affairs encompasses items which relate to internal affairs such as law & order, the courts, public records and the workings of Government.

International Affairs covers foreign policy & issues of concern Europe and world-wide.

Trade, Industry & Energy provides a guide to developments in the world of business.

Social Policy concerns matters which affect individuals in their everyday lives, such as education, employment & health.

Transport & Environment encompasses transport policy & the environment, from pollution to regeneration & planning.

Defence, Science & Technology includes defence issues, research & development and technological advances.

Culture & Sport covers leisure time, the media and sport.

Agriculture & Food includes farming, food & fisheries.
