THE BOROUGH OF WATFORD (WEST WATFORD) (CONTROLLED MATCH DAY PARKING ZONES) (AMENDMENT NO. 1) ORDER 2001

Notice is hereby given that the Watford Borough Council, as Agent for the Hertfordshire County Council, made the above-mentioned Order under sections 1, 2, 4, 45, 46, 47, 49 and 53 and Part IV of Schedule 9 of the Road Traffic Regulation Act 1984. The effect of the Order would be:

(a) to make regulations to enable the Council to issue and control the use of Match Day Business Parking Permits. Match Day Business Parking Permits will be issued to entitled persons operating vehicles in connection with businesses at addresses within Zones M, N, P and R of the West Watford Match Day Controlled Parking Zones Scheme. Permits will be limited to one per business where there is no off-street parking place available and will be for use with operational vehicles only (up to two may be specified). They will be charged at £50 per annum and will be designated for use in the particular permit zone appropriate to the business address only.
(b) to revoke or amend as necessary the existing Traffic Regulation Orders.

The proposal is intended to assist business owners who use vehicles essentially in connection with their business but have no off-street parking at their premises and is similar to arrangements already existing in the Watford Central Area and West Watford Area Controlled Parking Zones Schemes. The Council intend to consult residents and businesses and to review all aspects of the West Watford Match Day Parking Control Scheme following the end of the current season including parking provision for business customers in the affected areas of West Watford.

If you wish to question the validity of the Order or any provision contained in it on the grounds that it is not within the powers conferred by the Road Traffic Regulation Act 1984, or on the grounds that any requirement of that Act or of any Instrument made under it has not been complied with in relation to the Order, you may, within 6 weeks from 11th May 2001, apply to the High Court for this purpose.

TRANSPORT AND WORKS ACT 1992

The Secretary of State for the Environment, Transport and the Regions gives notice, pursuant to section 14(1)(b), (3A) and (3AA) of the Transport and Works Act 1992 ("the Act"), that he has determined under section 13(1) of the Act to make with modifications the South Hampshire Rapid Transit Order 2001 ("the Order").

The Order was applied for jointly by Hampshire County Council, The Castle, Winchester, Hampshire SO23 8UD, and by Portsmouth City Council, Civic Offices, Guildhall Square, Portsmouth PO1 2AL ("the applicants").

The Order will authorise the applicants to construct and operate a rapid transit system between Fareham, Gosport and Portsmouth, including a tunnel under Portsmouth harbour and ancillary works, and for those purposes compulsorily or by agreement to acquire land and rights in land.

Before making his determination, the Secretary of State considered the environmental statement submitted with the application for the Order. He complied with the obligations under section 10 of the Act in relation to all objections which related to the environmental statement and referred to the inquiry held into this application any representations (other than objections) which related to the environmental statement.

Section 14(3AA) of the Act requires the Secretary of State to describe the main measures to avoid, reduce and, if possible, remove the major adverse environmental effects of the proposals authorised by the Order. The main effects of these proposals which, if unmitigated, would in the opinion of the Secretary of State be major adverse, with the related mitigation measures that are proposed, are as follows:

Noise and vibration from construction and operation

Mitigation measures: During construction, use where necessary of temporary noise barriers; and adherence to a Code of Construction Practice—including selection and proper use of quiet plant, use of enclosures and screens around noisy fixed plant, and the limiting of site working hours. For the purposes of operation, erection of noise barriers in sensitive locations, provision of secondary double glazing in eligible properties, landscape planting and maximum retention of existing trees, and use of continuously welded track.

Effects on harbour navigation

Mitigation measures: Temporary diversion of the deep water navigation channel on two occasions during tunnel construction in order to maintain normal usage during most of the construction period; immersion of tunnel sections at night, in order to minimise disruption to users during periods when the harbour would need to be closed; temporary relocation of jetties and mooring sites in order to provide continuing access for ferry services and other port users during tunnel construction.

Visual and landscape impact on 2 dwellings at the proposed Lees Lane tram stop.

Mitigation measures: The applicants propose to acquire the properties in question.

Copies of the Order (once made) may be obtained from the Stationery Office Limited at the address shown on the last page of this Gazette or through booksellers.

TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) ORDER 1995

NOTICE UNDER ARTICLE 6

CONSERVATION AREA AT BOURTON-ON-THE-WATER

Notice is hereby given that Cotswold District Council has confirmed a Direction made on 19th December 2000, restricting certain permitted development rights from certain dwellings in the Conservation Area of Bouton-on-the-Water, in accordance with article 4(2) of the Town and Country Planning (General Permitted Development) Order 1995. The Council is of the opinion that the control of certain works is expedient in futherence of the requirements of section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1999, in that such works could threaten the preservation or enhancement of the character or appearance of the said conservation area.

Notices of this confirmation are also being sent by post to the owners or occupiers of the dwellings affected by the Direction. Copies of the Direction, together with a map of the conservation area defining the dwellings so included, can be inspected (in normal office hours) at the Council Offices, Trinity Road, Cirencester, Gloucestershire, and at the Council Offices, High Street, Moreton-in-Marsh, Gloucestershire.

PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

NOTICE UNDER SECTION 70

CONSERVATION AREA AT LONGHOPE

Notice is hereby given that The Forest of Dean District Council has reviewed and amended the boundary of The Longhope Conservation Area in the County of Gloucestershire, pursuant to secton 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Copies of the map of the amended conservation area can be inspected (during normal office hours) at The Council Offices, High Street, Coleford, Gloucestershire GL16 8HG.

The boundary has been revised to include a brick section of the former railway embankment extending northwards from the north-east corner of the Recreation Ground, Church Road. One area has been removed from the conservation area. This is a group of 4 modern houses to the north of Pool House, Church Road.

The purpose of the original designation and this revision is to preserve or enhance the character and appearance of the said conservation area that the council considers is of special architectural or historic interest when proposals for development are under consideration, in accordance with section 72 of the Act. The designation affects permitted development rights appertaining to properties within the area and proposals for demolition of buildings and other structures including walls, subject to certain exceptions, would require conservation area consent. Regarding trees within the area, subject to certain exceptions the Council must be given 6 weeks prior notice of any intention to cut down, lop, uproot, cause wilful damage to, or wilfully destroy any such trees. Failure to obtain the above consents or give such notices may constitute a criminal offence.

Post & Telecom

Telecommunications

Crown Castle UK

NOTICE UNDER SECTION 12(2) OF THE TELECOMMUNICATIONS ACT 1984 (AS AMENDED BY THE ELECTRONIC COMMUNICATIONS ACT 2000)

PROPOSED MODIFICATION TO THE LICENCE OF CROWN CASTLE UK LTD

The Director General of Telecommunications (the "Director"), hereby gives notice, in accordance with section 12(2) of the Telecommunications Act 1984, as amended by the Electronic Communications Act 2000 (the "Act"), that he proposes to make a modification to the licence (the "Licence") originally granted by the Secretary of State for Trade and Industry to HSCO Limited under section 7 of the Act on 23rd January 1997, under which Crown Castle UK ("CCUK") now provides, inter alia, certain analogue transmission services to the BBC.

The Director proposes to modify the definition of "Relevant Price" currently set out in Condition 9.9 of the Licence. The effect of the modifications which the Director proposes to make is set out in the Schedule below.

The reason for the modification is to ensure that CCUK is able to meet the BBC's requirements for additional services in accordance with the price control provision in the licence.

The consultation period comprises two stages. In the first stage, representations on or objections to the proposed modifications may be made to Robert MacDougall, Oftel, 50 Ludgate Hill, London EC4M 7JJ, (telephone 020 7634 8726, facsimilie 020 7634 8893, e-mail: robert.macdougall@oftel.gov.uk) by no later than 8th June 2001. Objections to the proposed modification should be accompanied by a notice stating clearly that it is an objection to the modification.

Any confidential material should be clearly marked as such and separated out into a confidential annex. All representations and objections received by Oftel, with the exception of material marked confidential, will be made available for inspection in Oftel's Research & Intelligence Unit and may be published.

In the second stage of consultation, interested parties are invited to send comments on representations and objections received in the first stage to Robert MacDougall at Oftel, details as above, by no later than 22nd June 2001. Copies of the proposed modification can be obtained from Robert MacDougall at the above address.

J. Niblett, for the Director General of Telecommunications. A person duly authorised under paragraph 8 of Schedule 1 of the Telecommunications Act 1984.

SCHEDULE

The effect of the modification is to alter the definition of Relevant Price as currently set out in Condition 9.9 of the Licence. This will clarify that Relevant Price services are those services which are of the same nature and extent as those charged for and provided to the BBC between 1st April 1996 and 31st March 1997. MODIFICATION OF LICENCE CONDITION

EXPLANATION OF PROPOSAL AND THE REASON FOR IT

The Licence of each water and water and sewerage undertaker in England and Wales contains a condition B. Amongst other things, that condition provides for the revision of the price limit which that company must observe each year. Those price limits must be reset at a five-yearly Periodic Review. In defined circumstances, they may also be changed between five-yearly reviews, at an Interim Determination.

Condition B contains detailed provisions about the circumstances under which an Interim Determination may be made, either on the application of the Company or on the Director's initiative. This may only happen if a (defined) Relevant Change of Circumstance has happened, or a Notified Item is triggered. A Notified Item is something which the Director said had not been allowed for (either in part or at all) when price limits were last set.

As part of the 1999 Periodic Review Final Determination (PR99), companies' licences were modified, by inserting a new test of the materiality of changes in operating expenditure and revenue losses attributable to a Relevant Change of Circumstance or a Notified Item. This new test made it more likely that changes in operating expenditure or revenues might trigger an Interim Determination. However, although losses of revenue might be taken into account in considering whether a material change has occurred, no equivalent provision was made concerning gains in revenues. If circumstances changed in a way that allowed a company to recover higher revenues than was assumed in setting price limits, this could not be taken into account by the Director when making Interim Determinations.

This is particularly relevant to the issue of optional metering, which is treated as a "Notified Item". Customers who choose to change to a metered supply generally do so because they will enjoy lower measured bills, which usually results in lower revenues. At PR99, price limits were based on assumptions about the likely uptake of optional meters and the anticipated impact on each company's revenues. If the uptake of optional metering is faster than assumed at PR99, this may result in greater revenue losses for that company.

In December 2000, Dwr Cymru Cyfyngedig (Welsh Water) and Tendring Hundred Water had their price limits reset, because the uptake of optional metering had been faster than the Director assumed at PR99. He made revised assumptions about the likely future trends in optional metering.

The proposed licence modification will allow the Director to take account of any revenue gains that accrue to Dwr Cymru Cyfyngedig and Tendring Hundred, if the uptake of optional metering is slower than assumed in their respective revised Notified Items.

If implemented, it will enable the Director to make a further Interim Determination, should his assumptions about the rate of take-up of the free optional meter by customers of Dwr Cymru and Tendring Hundred turn out to pay higher prices than justified by the actual uptake of optional meters.
