Mid Kent Water Plc

WATER INDUSTRY ACT 1991, SECTION 13

PROPOSALS BY THE DIRECTOR GENERAL OF WATER SERVICES FOR THE MODIFICATION OF THE CONDITIONS OF APPOINTMENT OF MID KENT WATER PLC AS A WATER UNDERTAKER

The Process

This notice seeks responses to the proposed modifications described below. Any representations or objections must be sent in writing to the

Director General of Water Services, Centre City Tower, 7 Hill Street, Birmingham B5 4UA, (fax: 0121-625 3606 or e-mail: allan.merry@ofwat.gsi.gov.uk) to be received no later than 5.00 pm on 15 October 2001. Please quote Ref LEG 34/2/10/4.

Description of the Proposed Modifications and the Reasons for them

Mid Kent Holdings plc, the owner of the appointed water company Mid Kent Water plc (Mid Kent Water) was recently acquired by Swan Capital Investments, a subsidiary of Swan Capital Group Ltd. Finance for the acquisition has been provided by Westdeutsche Landesbank Girozentrale (WestLB).

Whenever such acquisitions occur, the Director General of Water Services (the Director) seeks modifications of the Company's conditions of appointment. These modifications are designed to ensure that the water company is properly ring-fenced, that its management act solely in the interests of the water company and that the new owner gives a legal commitment to facilitate the proper performance of the water company's functions.

Mid Kent Water has consented to the making of these modifications.

Ring-fencing of the assets of Mid Kent Water and its ability to act separately from its parent company and all other companies in the Swan Capital Group

The Director wishes to ensure that Mid Kent Water's licensed business is ring-fenced from other activities which may be carried out by the Swan Capital Group (the Group). Mid Kent Water (the Company) must not, whether through its involvement in those other activities or by its dividend policy, put at risk its ability either to carry out its functions as a water undertaker or to finance them. Licence modifications will therefore:

- (1) prohibit the transfer of any asset from the Company to any Associated Company except with the Director's consent;
- (2) prohibit the Company from giving a guarantee of any liability to any other company within the Group or making to any such company any loan;
- (3) prohibit the Company from continuing or assuming any commitment which includes a "cross-default obligation" (whereby the Company's financial liabilities are increased or accelerated because of default elsewhere within the Group);
- (4) require the Company to maintain an investment-grade corporate credit rating.

The Directors of the Company are already required to certify annually to the Director that the Company has adequate financial and management resources. Further modifications will require:

- (5) (i) the Company to inform the Director if the Board believes that any circumstances might mean that its most recent certificate could not be repeated;
- (ii) the annual certificate to be accompanied by a report to the Director from the Company's Auditors, detailing any inconsistencies between the certificate and the statements submitted with it or the findings of their own audit;
- (iii) the Directors to record their opinion that any contracts with Associated Companies include all provisions necessary for the Company to meet its obligations as a water undertaker;
- (iv) that the Company's dividend policy will not, in the opinion of the Director, impair its ability to finance its functions.

Management of Mid Kent Water

Although the Company is a subsidiary, it has its own duties as the water undertaker for its area. The Director considers it important that the Company should, in carrying out those functions, behave as if they were substantially its sole business and it were a separate public limited company. Further modifications will therefore require:

- (6) (i) the Board to act independently of the parent company or controlling shareholder, and exclusively in the interests of the Company;
- (ii) the Board to ensure that each of its directors discloses any conflicts of interest between their duties to the Company and other duties, both to the Board and to the Director;
- (iii) that where potential conflicts exist between the interests of the Company and other companies in the Group, the Board of the Company must ensure that it has regard exclusively to its interests as a water undertaker;
- (iv) that no director of the Company should vote on any matter where he has an interest by virtue of other directorships (this arrangement should be reflected in the Company's Articles of Association);
- (v) the Company to inform the Director when a new director is appointed or leaves the Board or any important changes in the responsibilities of a director occurs;
- (vi) the principles of corporate governance which are from time to time recognised by the Listing Rules of the Financial Services Authority; and

(vii) the Company to publish the annual financial results information which would be required, were it subject to the Listing Rules of the Financial Services Authority.

Maintenance of comparisons with other water and sewerage undertakers

The Director considers that Mid Kent Water's core business should be as transparent to regulation as are the water undertakings of small independent companies that are not part of any similar group structure. To that end, the Director proposes modifications of Mid Kent Water's Conditions of Appointment, which will require it to operate at arm's length from its Group. The modifications will—

- (7) (i) ensure that payment for any services provided by any Associated Company does not exceed prices obtained by market testing, or where this is not appropriate, an appropriate proportion of the Associated Company's costs, as agreed by the Director;
- (ii) require the Company to obtain from the Associated Company information required by the Director about the latter's costs.

The role of the Company's owner and ultimate controller

The Company should have the active co-operation of its owner and ultimate controller in complying with the conditions of its Appointment and in the proper discharge of its functions as a water undertaker. Further modifications will—

(8) (i) require the Company to obtain from its parent Company, Swan Capital Group and its financiers, WestLB (and if necessary its successors), a legally-enforceable Undertaking, applicable to all other companies in the group, that each of them will—

- (a) give the Company all information it requires to comply with its licence;
- (b) refrain from any action which would be likely to cause or require the Company to breach any of its obligations under the Water Industry Act 1991 or the conditions of its Appointment as a water undertaker;

(ii) require Swan Capital Group Ltd., to provide a further undertaking that it will ensure that the Company's Board contains not less than three independent non-executive directors;

(iii) require the Company to inform the Director immediately in writing, if it becomes aware that the undertaking has ceased to be legally-enforceable, or that there has been any breach of its terms; and

(9) prohibit the Company (except with the Director's consent) from making any contract with a member of the Group which is not one of the Company's subsidiaries, for so long as the above undertakings have not been given or there is an unremedied breach of any of them.

a new Condition 70A was inserted after Condition 70.

3. In accordance with section 12(6A) of the Act, the Director hereby gives notice that his reason for making the modification is to provide a mechanism so that, in the event of a reference being made by 31 January 2002 by the Director to the Competition Commission (the "Commission") of any modifications to the Licences that the Director might propose in the future as a result of his ongoing review of competition in the market for calls to mobile phones, the existing controls on termination charges in Condition 70 of the Licences will be maintained for a further 12 month period beginning on 1 April 2002 and ending on 31 March 2003. In the Director's view, this extended period will allow the existing controls to be maintained until the Commission has had time to report on its findings and any of the Commission's recommendations to remedy any effects adverse to the public interest to be implemented by the Director. NOTICE¹ UNDER SECTION 12(2) OF THE TELECOMMUNICATIONS ACT 1984

PROPOSED MODIFICATION OF ALL PUBLIC TELECOMMUNICATION OPERATORS ("PTO") LICENCES

1. The Director General of Telecommunications (the "Director") in accordance with section 12(2) of the Telecommunications Act 1984 as amended by the Electronic Communications Act 2000 (the "Act") hereby gives notice that he proposes to make modifications to all licences granted by the Secretary of State for Trade and Industry (the "Secretary of State") under section 7 of the Act to particular persons during the period beginning on 22 June 1984 and ending on 29 August 2001 for the running of telecommunications systems which the Secretary of State has

designated by order under section 9 of the Act as public telecommunication systems, collectively referred to hereinafter as the "PTO licences".

2. The effect of the proposed modifications to the PTO licences would be to widen the definition of what type of premium rate services ("PRS") might be caught under the PTO licences by replacing the current definition of 'Controlled Services' with the definition of 'Controlled Premium Rate Services'. In broad terms, only live PRS are currently caught by the former definition. As a result, there is no code of practice governing the provision of PRS other than live PRS (such as recorded PRS) that can be recognised by the Director under the PTO licences. The proposed modifications take the form of replacing the current Condition 22 (Controlled Services) of the PTO licences with a new Condition 22 (Controlled Premium Rate Services).

3. The reason why the Director is making the above-mentioned proposal is to strengthen the regulatory regime in the PRS industry, so that the provision of a potentially larger category of PRS (other than simply live PRS) could be governed by a code of practice recognised by the Director. In this way, the Director will have more 'backstop' powers to require network operators to cut off such services that are not complying with the code of practice administered by the Independent Committee for the Supervision of Standard of Telephone Information Services ("ICSTIS") following it making such a request to the Director and the Director considers it appropriate to make such a direction.

4. The Director also proposes to make modifications of a relatively minor drafting nature to the current Condition 23 (Provision of Special Facilities Relating to Chatline and Message Services) by replacing it with a new Condition 23. The Director is making this proposal because it is necessary to refer to certain definitions now contained in the proposed new Condition 22 and the Director also considers that Condition 23 could be made clearer in certain other parts.

5. The text of the proposed modifications and their effects are set out in full in the Oftel Statement entitled 'Regulation of Premium Rate Services: Licence Modification', which was published on 24 July 2001. The document is available via Oftel's website (www.oftel.gov.uk). The Director is seeking comments on the proposed modifications to the PTO licences. Interested parties have 28 days from the day after publication of this notice to make representations on the proposed modifications. There will be no further period for interested parties to make comments on any comments made during the above-mentioned period. In accordance with section 12(6D) of the Act, representations made against the proposed modifications shall be taken to constitute an objection only if they are accompanied by a written statement that they are to be so taken.

6. Copies of the full text of the proposed modifications (and a full list of licences affected) are also available from Gabrielle Dakhama at the address below (telephone: 020 7634 8735; e-mail: gabrielle.dakhama@oftel.gov.uk).

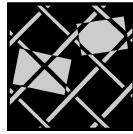

7. Representations on the proposed modifications can be made to Gavin Daykin, Regulation of PRS Consultation, Numbering Unit OFTEL, 50 Ludgate Hill, London EC4M 7JJ, (telephone: 020 7634 5338; e-mail: gavin.daykin@oftel.gov.uk) by no later than 12 October 2001.

8. The Director is required by section 12(2) of the Act to consider any representations or objections on the proposed modifications duly made and not withdrawn. Subject to such consideration, and to receiving any objection to the respective modifications by the licensees of the PTO licences, the Director proposes to make the modifications as soon as practicable after the statutory consultation has been completed.

9. Any confidential material should be clearly marked as such and separated out into a confidential annex. All representations and objections received by Oftel, with the exception of material marked confidential, will be made available for inspection in Oftel's Research and Intelligence Unit.

¹This notice replaces the previous notice published on 7 September 2001 under section 12(2) of the Telecommunications Act in *The London, Belfast and Edinburgh Gazettes* and placed in the *Official Journal of Europe* setting out the proposed modifications of Conditions 22 and 23, and making reference to a new Condition 26, in all PTO licences, and was subsequently withdrawn. Committee on Standards in Public Life (Wicks Committee) today published The First Seven Reports A Review of Progress - a stock-take of the Committee's work to date. The report reviews the outcomes which have followed over 300 recommendations made by the Committee in its first seven reports. The scope of the Committee's work to date, coupled with changes in public life over the past seven years, make it appropriate for the Committee to consider now the outcome of action taken in response to its recommendations.
