SCHEDULE

Description of Length of Highway to be Stopped Up

An area of land formerly part of the hard surface verge on the north side of the carriageway of the B5282 highway known as Park Road in Milnthorpe. The land is now occupied by two porches, built as one, and a garden lying in front of Nos 1 and 2 Spring Cottages, Park Road, Milnthorpe.

The porches together measure 3.65 metres wide parallel with the carriageway and are 1.2 metres deep, with a door on the west side serving 1 Spring Cottages and a door on the east side serving 2 Spring Cottages. To the west and east side of the porches are flagged steps leading down to the level of the verge. The steps are of an aggregate average width parallel with the carriageway of 4 metres and depth of 1.2 metres.

The garden area is between the carriageway and the porches and steps. Starting from the south-west corner of the steps to No 1 Spring Cottages, the low wall supporting the garden curves round until it runs parallel with the carriageway and continues until in line with the easterly end of the steps to No 2 Spring Cottages it turns north. The garden has an aggregate width of 7.2 metres and a maximum depth in front of 1 Spring Cottages of 1.9 metres and a minimum depth in front of No 2 Spring Cottages of 0.7 metres.

The total area to be stopped up is approximately 15 square metres.

The residual width between the edge of the carriageway and the area to be stopped up is 2.2 metres. The width of the road on the west side of 1 Spring Cottages is 7.1 metres overall including brick pavings on the west side of 0.6 metres wide and on the east side of 0.5 metres wide leaving a residual metalled carriageway of 6 metres in width.

NOTICE UNDER SECTION 11A(3) OF THE ELECTRICITY ACT 1989

The Gas and Electricity Markets Authority ("the Authority") hereby gives notice pursuant to section 11A(3) of the Electricity Act 1989, ("the Act") as follows:

1. The Authority proposes to modify the standard licence conditions contained in the licences of each electricity distributor treated as granted under section 6(1)(c) of the Act by amending standard licence condition 5 so that paragraphs 2 and 3 of that condition are suspended during such period as standard licence condition 49 has effect in relation to the licensee.
2. The reason why the Authority proposes to make these licence modifications and their effect were published by the Authority in a document entitled "Information and incentives project: Incentive schemes—Final Proposals" (December 2001).
3. In summary, the effect is to suspend the obligation to provide an annual report on quality of performance of the licensee's distribution system while the licensee is subject to a similar obligation under standard licence condition 49.
4. Copies of the proposed licence and the document referred to in paragraph 2 are available (free of charge) from the Ofgem Library, 9 Millbank, London SW1P 3GE, (020 7901 7003), or on the Ofgem website (www.ofgem.gov.uk).
5. Any representations or objections to the proposed licence modification may be made on or before 2 April 2002, to Chris Watts,

Senior Manager, Quality of Supply and Reporting, Ofgem, 9 Millbank, London SW1P 3GE, or by email to chris.watts@ofgem.gov.uk.

NOTICE UNDER SECTION 11(2) OF THE ELECTRICITY ACT 1989

The Gas and Electricity Markets Authority ("the Authority") hereby gives notice pursuant to section 11(2) of the Electricity Act 1989 ("the Act") as follows:

1. The Authority proposes to introduce a new special licence condition entitled "Incentive Scheme: Calculation of charge restriction adjustment" in the licence of each electricity distributor treated as granted under section 6(1)(c) of the Act. The introduction of this new licence condition also requires a modification to the existing Special Condition B [in Scotland C] (Restriction of distribution charges) to introduce two additional terms to facilitate adjustments to the maximum charge that licence holders can recover. The mechanism for calculating the adjustment is detailed in the new licence condition specified by this notice and outlined below.

2. The reasons why the Authority proposes to introduce this licence condition and their effect are summarised below. Further information on the background to the licence modifications can be found in the document "Information and incentives project: Incentive Schemes—Final Proposals" (December 2001). Reference to the Regulatory Instructions and Guidance in the licence modification refers to the document "Regulatory Instructions and Guidance—version 2" (February 2002). The licence modification contained in the December 2001 Final Proposals document is an earlier draft version of the licence modification specified by this notice. Details on how to obtain the proposed licence condition are outlined below.

3. The purpose of this new licence condition is to put in place a quality of service incentive scheme in relation to each licence holder to which the licence condition applies. The incentive scheme will apply from 1 April 2002 and will cover key areas of quality of service—the number and duration of interruptions to supply and the quality of telephone response provided by the relevant electricity distribution companies. The incentive scheme is designed to strengthen the financial incentives on distribution companies to deliver the appropriate quality of service to consumers. This is being facilitated through the possibility of distribution companies losing or being rewarded a proportion of their revenue (up to pre-determined maximums) depending on their performance with regards to specified targets for the number and duration of interruptions to supply and the quality of their telephone response to consumers (as assessed by a survey of consumers undertaken on behalf of Ofgem). The provisions for adjustment of certain targets set out in paragraphs 7A to 7D of the new licence condition will only apply to those licensees who request its inclusion.

4. Copies of the proposed licence condition and the documents referred to in paragraph 2 are available, free of charge, from the Ofgem Library, 9 Millbank, London SW1P 3GE (020 7901 7003) or on the Ofgem website (www.ofgem.gov.uk).

5. Any representations or objections to the proposed licence condition may be made on or before 2 April to Chris Watts, Senior Manager, Quality of Supply and Reporting, Ofgem, 9 Millbank, London SW1P 3GE, or by email to chris.watts@ofgem.gov.uk

Other Notices**PINNER FAIR****THE FAIRS ACT 1873 (1873 c. 37)**

The Secretary of State for Trade and Industry hereby gives notice that on 20 July 2001, representation was made to her by the London Borough of Harrow ("the Council"), that the Pinner Fair, which is held annually on the Wednesday following the late May bank holiday, should be held on Thursday 6 June 2002. The change is requested for 2002 only.

The Secretary of State will consider this representation on 25 March 2002.

Any objection to the alteration of the date on which the Fair is held in 2002, should be put in writing to Linda Prosper, Room 417, DTI, 1 Victoria Street, London SW1W 9SS, to be received before 22 March 2002.
