## **Transport Acts**

### **Docklands Light Railway Limited**

#### **TRANSPORT AND WORKS ACT 1992**

The Secretary of State gives notice pursuant to section 14(1)(b), (3A) and (3AA) of the Transport and Works Act 1992 ("the Act") that he has determined under section 13(1) of the Act to make with modifications the Docklands Light Railway (Silvertown and London City Airport Extension) Order 2002 ("the Order").

The Order was applied for by Docklands Light Railway Limited, PO Box 154, Castor Lane, Poplar, London E14 0DX ("DLR").

The Order will authorise DLR to construct and operate an extension to the Docklands Light Railway and to compulsorily acquire land required for the works. The extension would run from a point on the existing DLR route to Beckton some 350 metres south of Canning Town Station, via Silvertown and London City Airport to a new station at King George V Dock at the north end of Pier Road in North Woolwich, all within the London Borough of Newham. New stations would also be provided at West Silvertown, Pontoon Dock and London City Airport. A fifth station, at Thames Wharf, may be provided in the future.

Before making his determination, the Secretary of State considered the environmental statement submitted with the application. He complied with the obligations under section 10 of the Act in respect of all objections which related to the environment statement and referred to the inquiry all representations which related to it.

The Secretary of State is required by section 14(3AA) of the Act to describe the measures to be taken to avoid, reduce and, if possible,

remedy any major adverse environmental effects. He considers that the scheme could give rise to substantial adverse effects in regard to noise and vibration and visual appearance if no mitigation measures were undertaken. However, he is satisfied that the measures proposed to be taken to reduce the effects of noise and vibration during construction and operation of the scheme and, in regard to visual impacts, the control to be given to the local planning authority over design, external appearance and landscaping, would reduce the environmental impact of the proposed scheme to an acceptable level in those respects.

Copies of the Order (once made) may be obtained from The Stationery Office Limited or through booksellers.

## Telecommunications

### OFTEL

#### NOTICE UNDER SECTION 12(6A) OF THE TELECOMMUNICATIONS ACT 1984

#### MODIFICATION TO ALL PUBLIC TELECOMMUNICATIONS OPERATOR LICENCES

1. During the period beginning on 22 June 1984 and ending on 18 January 2002, the Secretary of State granted licences under section 7 of the Telecommunications Act 1984 (the “Act”) to particular persons which the Secretary of State has designated by order under section 9 of the Act as having public telecommunications systems, collectively referred to hereinafter as the “PTO licences”.

2. On 18 March 2002, the Director General of Telecommunications (the “Director”), in exercise of the powers conferred on him by section 12 of the Act, made the following modification to Condition 17 in Schedule 1 of the PTO licences:

The words ‘in writing’ in Condition 17.2 were deleted.

3. In accordance with section 12(6A) of the Act the Director hereby gives notice that his reason for making the modification was to enable the development and launch of new products and services using automatic calling equipment. The retention of the requirement to obtain consent ensures that consumers remain adequately protected. However, the removal of the requirement for this consent to be obtained in writing allows more products and services to be provided and consumers will be able to benefit from automated services should they wish to. The modification is deregulatory and in line with Of tel’s long-term strategy of ensuring that regulation is kept to the minimum necessary to obtain the appropriate outcome. (851)

### OFTEL

#### NOTICE UNDER SECTION 12(2) OF THE TELECOMMUNICATIONS ACT 1984

#### PROPOSED MODIFICATION TO THE LICENCES OF EARTHADVICE LTD, EUROCALL LTD, FIBRENET UK LTD AND AT&T GLOBAL NETWORK SERVICES (UK) B.V.

1. The Director General of Telecommunications (the “Director”) in accordance with section 12(2) of the Telecommunications Act 1984 as amended by the Electronic Communications Act 2000 (the “Act”) hereby gives notice that he proposes to make a modification to the licence granted to Earthadvice Ltd on 29 January 2002, the licence granted to Eurocall Ltd on 13 March 2002, the licence granted to Fibrenet UK Ltd on 13 March 2002 and the licence granted to AT&T Global Network Services (UK) B.V. on 15 March 2002, by the Secretary of State for Trade and Industry under section 7 of the Act, collectively referred to hereinafter as the “licences”.

2. Both the effect of and the reason for the proposed modification are set out in the Schedule below. They have been detailed in full in the Consultation Document of June 2001 entitled ‘Use of automatic calling equipment review’. The full text of the proposed modification is set out in Annex B to Of tel’s Statement of January 2002. Both documents are available through the Of tel website at [www.of tel.gov.uk](http://www.of tel.gov.uk).

3. The same modification was made on 18 March 2002 to all licences granted during the period beginning on 22 June 1984 and ending on 18 January 2002 under section 7 of the Act to particular persons which the Secretary of State has designated by order under section 9 of the Act as having public telecommunications systems. The notice for this modification was published on 18 January 2002 in accordance with section 12(2) of the Act. The proposed modification will bring the licences into line with those licences already modified.

4. Section 12A(7) of the Act provides that a modification is deregulatory if:

- the effect of the conditions to be modified is to impose a burden affecting the holder of the licence in which those conditions are included;
- the modification would remove or reduce the burden without removing any necessary protection; and
- the modification is such that no person holding a licence granted under section 7 of the Act to a particular person would be unduly disadvantaged by the modification in competing with the holder of the licence in which those conditions are included.

5. In the opinion of the Director, the proposed modification of the licences is deregulatory within the meaning of section 12A(7) of the Act for the reasons set out in the Schedule below.

6. The Director is seeking comments on the proposed modification to the licences. Interested parties have 28 days from the day after publication of this notice to make representations on the proposed modification. There will be no further period for interested parties to make comments on any representations made during the above-mentioned period. In accordance with section 12(6D) of the Act, representations made against the proposed modification shall be taken to constitute an objection only if they are accompanied by a written statement that they are to be so taken.

7. Representations on or objections to the proposed modification may be made to Selina Chadha, OfTel, 50 Ludgate Hill, London EC4M 7JJ (telephone 020 7634 5307, e-mail selina.chadha@oftel.gov.uk) by no later than 22 April 2002.

8. Any confidential information should be clearly marked as such and separated out into a confidential annex. All representations received by OfTel, with the exception of material marked confidential, will be made available for inspection on OfTel's Research and Intelligence Unit and may be published.

9. The Director is required by section 12(2) of the Act to consider any representations or objections on the proposed modifications duly made and not withdrawn. Subject to such consideration, the Director proposes to make the modifications as soon as practicable after the statutory consultation has been completed.

10. Copies of the proposed modifications and a full list of licences affected can be obtained from Gabrielle Dakhama, OfTel, 50 Ludgate Hill, London EC4M 7JJ (tel 020 7634 8735, e-mail gabrielle.dakhama@oftel.gov.uk)

#### SCHEDULE

1. The words 'in writing' in Condition 17.2(a) are to be deleted.

2. In its present form, Condition 17 prohibits the use of ACE where the resultant call does not consist of live speech, unless written consent has been obtained from the recipient of the call.

3. The effect of the modification is that Licencees will no longer have to obtain consent in writing.

4. The Director considers that requiring consent to be obtained in writing is inhibiting the development and launch of new products and services. The retention of the requirement to obtain consent will ensure that consumers remain adequately protected. However, removing the requirement for this consent to be obtained in writing will allow more products and services using ACE to be provided that will enable consumers to receive the benefit of automated services should they wish to. This is in line with OfTel's long term strategy of ensuring that regulation is kept to the minimum necessary to obtain the appropriate outcome.

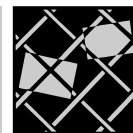

5. The Director considers this amendment to be deregulatory for the following reasons:

(a) in its present form, Condition 17 imposes a burden on licensees by prohibiting the use of ACE where the resultant call does not consist of live speech, unless written consent has been obtained from the recipient of the call;

(b) the proposed modification reduces this burden by removing the requirement that consent be obtained in writing. It does not remove any necessary protection as the retention of the requirement to obtain consent, albeit not in writing, will ensure adequate consumer protection; and

(c) the modification will not unduly disadvantage any person holding a licence granted under section 7 of the Act to a particular person as the proposed modification will apply to all licence holders which have been designated under section 9 of the Act as having public telecommunication systems.
