London Borough of Lambeth

CHANGES TO PARKING PLACES IN HATFIELDS

CORRECTION OF AN ERROR IN A PREVIOUS NOTICE

1. On 28 March, the Council of the London Borough of Lambeth gave notice in *The London Gazette* that it had made an Order titled the Lambeth (Waterloo) (Parking Places) (No 1) Experimental Traffic Order 2002.

2. The notice specified that the general nature and effect of the Order will be to suspend certain existing parking places in Hatfields and to provide certain new parking places in Hatfields instead and that the Order is to come into force on 8 April 2002, and that it may continue in force for up to 18 months.

3. The notice incorrectly specified that the vehicles which may use the new residents' and business parking places in Hatfields will be (amongst certain others) those vehicles which display a valid residents' permit bearing the letters "KR" and those vehicles which display a valid business permit bearing the letters "KB", respectively. The notice should have specified that the vehicles which may use the new residents' parking places and the new business parking places in Hatfields will be (amongst certain others) those vehicles which display a valid residents' permit bearing the letters "WR" and those vehicles which display a valid business permit bearing the letters "WB", respectively.

4. The times that the parking places will operate, the charges for their use and the classes of vehicles which may use the parking places (otherwise than as specified above), remain as described in the notice given on 28 March 2002.

5. If you have any enquiries about this matter, please telephone the Council's Transport and Highways Group on 020-7926 2130.

6. Documents giving more detailed particulars of the Order are available for inspection between 9.30 am and 4.30 pm on Mondays to Fridays inclusive (except Bank Holidays) until the Orders cease to have effect, at the offices of Lambeth Borough Council's Transport and Highways Group, 3rd Floor, Blue Star House, 234-244 Stockwell Road, Brixton, London SW9 9SP.

7. The Council will be considering in due course whether the provisions of the experimental Order should be continued in force indefinitely by means of an Order made under sections 45, 46 and 49 of the Road Traffic

Regulation Act 1984. National Assembly for Wales**HIGHWAYS ACT 1980****COUNCIL DIRECTIVES NOS 85/337/EEC AND 97/11/EC****ST CLEARS TO PEMBROKE DOCK TRUNK ROAD (A477) NASH FINGERPOST TO BANGESTON IMPROVEMENT**

The National Assembly for Wales ("the National Assembly") is considering whether to proceed with the above project for constructing or improving a highway for which it is the Highway Authority.

The project involves the construction of 4.6 kilometres of road, located between the junction of A4075 at Nash Fingerpost and a previous improvement close to Bangeston Hall. The improvement will follow the general alignment of the existing road with widening generally on one side or other to accommodate the wider carriageway, provision of verges and revised junction layouts.

It has been determined by the National Assembly that the project is a relevant project within Annex 11 to Council Directive 85/337/EEC ("the Directive") as amended by Council Directive 97/11/EC and that it should be made subject to an environmental impact assessment in accordance with the Directive.

In accordance with the above determination an Environmental Statement has been prepared. It identifies the following key environmental issues associated with the project, namely:

The Cosheston Pill SSSI and the effect of the project on it.

The Pembrokeshire Marine (Candidate Special Area of Conservation) (CSAC) and the effect of the project on it.

The effect of the project on local populations of Greater and Lesser Horseshoe bats.

The loss of woodland, hedgerows and trees.

The farm land which will be lost and the effect of this loss on the viability of the farms concerned.

The visual impact of the project on the area.

The way in which the project complies with the National Assembly for Wales's policies and those of Pembrokeshire County Council.

The Environmental Statement also identifies the following measures to be incorporated into the project in order to avoid, reduce or offset its adverse effects:

Areas of tree and shrub planting alongside the proposed improvement will help to screen views of the road and its traffic and replace the trees removed during construction.

New hedges will be planted along the highway boundary to re-create field boundaries and link with adjoining hedges and woodland.

The lengths of new hedges and the areas of replacement woodland scrub and wildflower grassland will be equivalent to the losses incurred and provide habitats of equal, if not greater, diversity and value.

The new hedgerows, scrub and grassland will be species-rich and the plants used will be based on plant communities described by the National Vegetation Classification with local provenance.

The redundant sections of the existing A477, where not required for field access, will be broken up and planted or seeded. Some sections may be returned to agriculture, subject to the landowner's agreement.

To offset any impact on ecology and nature conservation, new planting will be carried out. The trees and shrubs to be planted will be species which are native to this part of Pembrokeshire. Planting will be varied to suit particular situations and will include new woodland, hedges and scrub. Within the highway boundary wildflower grasslands, also consisting of native species, will be created.

Enlarged culverts and mammal underpasses will permit the safe movement of otters, badgers, some species of bats and other mammals without conflict with traffic.

There will be a pre-construction ecological survey to take account of any changed circumstances which may require modifications to the mitigation measures.

To protect breeding birds, the removal of any trees, shrubs and hedgerows will not be permitted during the bird-nesting season. Trees identified as being used by bats will be removed only at appropriate times.

There will be on site monitoring of the effects of the works on the local environment during site clearance operations and the construction period.

The Environmental Statement also contains information for the purposes of an Appropriate Assessment under Regulation 48(1) of the Conservation (Natural Habitats & c.) Regulations 1994 which describes the implications for the Sites and qualifying interests involved in view of those sites' conservation objectives.

Copies of the Environmental Statement, the Non-technical Summary and the relevant plans and draft Orders relating to the project may be inspected, free of charge, at all reasonable hours from 5 April 2002 until 17 May 2002 or within 6 weeks from the date of publication of this notice, whichever period shall expire later, at Pembrokeshire County Council, Cambria House, Haverfordwest; Pembroke Dock Library, Water Street, Pembroke Dock and Roads Administration Division 3, Transport Directorate, Welsh Assembly Government, Cathays Park, Cardiff. Copies of the Environmental Statement can also be purchased on CD Rom, price £45 by request.

Any person may, not later than 17 May 2002 or within 6 weeks from the date of publication of this notice, if such period shall expire later, express an opinion on the published details of the project and the Environmental Statement to Roads Administration Division 3, Transport Directorate, Welsh Assembly Government, Cathays Park, Cardiff CF10 3NQ, quoting Ref BZ 952052-311-1.
