Water Industry

Office of Water Services

WATER INDUSTRY ACT 1991, SECTION 13

PROPOSALS BY THE DIRECTOR GENERAL OF WATER SERVICES FOR THE MODIFICATION OF THE CONDITIONS OF APPOINTMENT OF WESSEX WATER SERVICES LIMITED AS A WATER AND SEWERAGE UNDERTAKER

The Process

Any representations about, or objections to, these proposals must be sent in writing to the Director General of Water Services, Centre City Tower, 7 Hill Street, Birmingham B5 4UA (fax 0121-625 3606; e-mail allan.merry@ofwat.gsi.gov.uk), by no later than 5.00 pm on 15 July 2002. Please quote Ref LEG 34.1.9.

The proposed modifications and the reasons for them

Wessex Water Limited, the owner of the regulated water and sewerage Company Wessex Water Services Limited (Wessex Water) was recently acquired by YTL Power International Berhad (YTLPI).

Whenever such acquisitions occur, the Director General of Water Services (the Director) seeks modifications to the Company's licence designed to ensure that the water company is properly ring-fenced, that its management act solely in the interests of the water company and that the new owner gives a legal commitment to facilitate the proper performance of the water company's functions.

Such modifications were made to Wessex Water's licence when it was acquired by Azurix Europe Limited in 1998. Since then a small number of changes have been made to the package of ring-fencing modifications put in place when water companies are taken over or restructured. Ofwat now intends to incorporate these changes into Wessex Water's licence. A number of changes are required to the condition which is concerned with the role of water company's owners, to reflect the recent change of ownership.

Wessex Water has consented to the making of these modifications.

Ring-fencing of Wessex Water

Although Wessex Water is a subsidiary within a group of companies, it has its own duties as the water and sewerage undertaker for its area. Its current licence conditions require it to behave as if the regulated business were substantially its sole business and it were a separate public limited company. In doing so it is required to have particular regard to a number of matters including the composition of its board. This part of the condition will be updated to ensure that the composition of the board allows it to act exclusively of the parent company or controlling shareholder.

Wessex Water currently has a licence condition requiring it to ensure that it maintains an investment credit rating on all of its outstanding borrowings. This condition will be modified to require Wessex Water to instead maintain a corporate investment grade credit rating. In Ofwat's view, such a rating of the Company, rather than any particular financial instrument, provides a more accurate picture of underlying credit

quality, particularly where Companies are adopting more complex financing structures than previously.

The role of Wessex Water's owners

All water companies need to have the active co-operation of their owners in carrying out their functions as water and sewerage undertakers and complying with the conditions of their appointments. Wessex Water's licence currently requires it to procure from its owners, legally enforceable undertakings that they will:

- give the Company all information it requires to comply with its licence;
- refrain from any action which would be likely to cause or require the Company to breach any of its obligations under the Water Industry Act 1991, or its licence as a water undertaker;
- ensure that the Company's Board contains not less than three independent non-executive directors;

The text of this licence condition will be modified to require it to obtain such undertakings from its new owners YTLPI and their ultimate parent company YTL Corporation Berhad.

Wessex Water will be prohibited (except with the Director's consent), from making any contract with YTLPI and YTL Corporation Berhad or its subsidiaries, before these undertakings have been given (or when there is any unremedied breach of them).
