WATER RESOURCES ACT 1991, SCHEDULE 10 (AS AMENDED BY THE ENVIRONMENT ACT 1995)

NOTICE OF APPLICATION FOR VARIATION OF CONSENT TO DISCHARGE

Notice is given, as required by Schedule 10 of the Water Resources Act 1991, that the following applications have been made to the Environment Agency, South West Region:

South West Water Limited has applied for variation of the existing Consents to Discharge from Okehampton Sewage Treatment Works at Hill Barton, Okehampton, Devon. The variations are for the increase in the volume arriving at the works in dry weather, due to the increase in the population in the catchment. This volume is forecasted to increase from 1,030 cubic metres per day to 2,246 cubic metres per day. The proposal is to improve the works by providing a major increase in treatment capacity. The proposal is to extend the treatment to be able to accept more flow through full secondary treatment, increase the flow passing through and the size of the storm tanks and increase the flow passed to treatment before storm sewage may be discharged. This will result in a better quality of treated sewage and a reduction in storm sewage discharges.
