LAND COMPENSATION ACT 1973—PART 1 (AS AMENDED) A6 ALVASTON BYPASS

The Secretary of State for Transport hereby gives notice that the length of highway detailed in the Schedule below was first open to public traffic on 17 December 2003.

Under Part I of the Land Compensation Act 1973 (as amended) there is a right to compensation in respect of any depreciation of more than £50 in the value of certain interests in land caused by the use of new or altered highways or the use of other public works including street lighting and resulting from specified physical factors (noise, vibration, smell, fumes, smoke and artificial lighting and the discharge onto the land in respect of which the claim is made of any solid or liquid substance). Compensation is assessed by reference to prices current at a date twelve months after the new or altered highway is first open to public traffic. Interests qualifying for compensation are specified in section 2 of the above-mentioned Act and there are special provisions relating to claims by mortgages and persons entitled under trusts and settlements. However, no compensation can be paid under Part I where part of a property has been acquired for the purpose of constructing the highway. Any person entitled to a qualifying interest who considers they have a claim under the said provisions may obtain further information and claim forms from Susan Jahr at the Highways Agency, Lands, Room C2, 5 Broadway, Broad Street, Birmingham B15 1BL, telephone 0121 678 8112.

Claims may be made 12 months after the new highway is first open to traffic, that is on or after the 18 December 2004 (the "first claim date"). Claims should be made within 6 years from this date.

However, any person who within the 12 months preceding that date makes a contract for disposing of his interest or (insofar as the interest is in land which is not a dwelling) or granting a tenancy may make a claim within that period and must do so before the interest is disposed of or the tenancy granted. Compensation in such cases will not be payable before the first claim day.

SCHEDULE

A6 Alvaston Bypass completes the final link between the A52 to the north of Derby and the A50 Derby Southern Bypass. The new dual carriageway is approximately 1.5 miles (2.3 km) long and passes to the east of Alvaston between the existing Thulston Roundabout at the end of the A6 Spur and the new Raynesway Park Roundabout at the junction with the A5111 Raynesway. The scheme provides one new junction into Elvaston Lane, and includes two pedestrian over-bridges at Green Lane and Elvaston Lane, and an underpass at the southern end of the road. The scheme also includes a significant amount of environmental mitigation, including a 3.5 metre high earthen mound, separating the road from the outskirts of Alvaston.
