**WATER RESOURCES ACT 1991—SCHEDULE 10
(AS AMENDED BY THE ENVIRONMENT ACT 1995)**

NOTICE OF APPLICATION FOR CONSENT FOR THE PURPOSES OF SECTION 88

Notice is hereby given in accordance with Schedule 10 of the above Act that an application has been made to the Environment Agency by BEA Holdings Ltd. for consent to discharge up to 8 cubic metres per day of highly treated sewage effluent from a sewage treatment plant serving the Birdham Business Park, Birdham Road, Chichester, West Sussex to an adjacent small watercourse at National Grid Ref SU 8361 0056, which flows into Chichester Harbour. This sewage treatment plant is being installed to replace the premises' existing sewage disposal system of a private pumping station and pumping main, which at present delivers the sewage to the public sewerage system. This old system, especially the pumping main of approximately 1 kilometre in length, is coming to the end of its life but its renewal/replacement would be prohibitively expensive. The applicants have therefore decided on the more cost-effective solution of on-site treatment and discharge to watercourse. The Environment Agency is committed to maintaining and, where possible, improving water quality. If, after full consideration of this application and any representations made by interested parties, it is decided that consent can be granted, then conditions will be imposed to ensure that these aims of the Agency regarding water quality are met. A copy of the application may be inspected, free of charge, during normal office hours at the Agency's offices at the address given below.

Any person who wishes to make representations about the application should do so in writing to Supra Area Water Quality Consenting Team, at the Agency's offices at Saxon House, Little High Street, Worthing, West Sussex BN11 2BP, during the period 4 June 2004 to 2 July 2004, quoting Ref P.11784/S/03.

Copies of the application may be inspected, free of charge, during normal office hours at the Agency's offices at the address given above.
