National Assembly for Wales

THE FISHGUARD TO BANGOR TRUNK ROAD (A487) IMPROVEMENT AT CASTELL CADW, FELINDRE FARCHOG, PEMBROKESHIRE

ENVIRONMENTAL IMPACT ASSESSMENT DETERMINATION BY WELSH ASSEMBLY GOVERNMENT UNDER SECTION 105A(3) OF THE HIGHWAYS ACT 1980

The Minister for Economic Development and Transport acting on behalf of the Welsh Assembly Government is considering whether to proceed with the above-mentioned highways project being the construction or improvement of a highway for which it is the highway authority.

The project involves the realignment of a 560 metre long section of the A487 Trunk Road at Castell Cadw, Felindre Farchog in the county of Pembrokeshire. The existing A487 would be re-routed permanently through pasture land. It will depart, in a right hand curve, from the existing road approximately 50 metres west of Castell Cadw and rise gradually until it rejoins the existing carriageway 250 metres to the east of Castell Cadw. The old road will be broken up, removed and seeded with grass. Part of the old road will be used to form a picnic area. A small lay-by will be constructed adjacent to the picnic area. The uninhabited property known as Castell Cadw is to be demolished.

The project is a relevant project within Directive 85/337/EEC Annex II as amended by Directive 97/11/EC and should be made subject to an Environmental Impact Assessment in accordance with the Directive.

In accordance with the above determination an Environmental Statement has been prepared, it identifies the following key environmental issues associated with the project, namely:

The loss of farm land, woodland and hedgerow;

The visual impact of the project on the area;

The potential risk of increased flooding as a result of the project;
The demolition of the property Castell Cadw;
Reduction in traffic noise levels when project is completed;
Potential visual impact on the Preseli landscape to the south of the project.

The Environmental Statement also identifies the following measures to be incorporated into the project in order to avoid, reduce or offset its adverse effects:

A landscaping plan is in place to maintain the landscaping of the area. Species of hedgerow of local provenance will be used to replace removed hedgerow;

Polycyclic aromatic hydrocarbons (PAH) may be encountered during excavation of the existing section of the A487. Methods of best practice will be used during excavation of the road;

During construction periodic spillages may occur from the use of fuels. These will be caught by an interceptor and contained within the settlement pond. Silt arising from the runoff from the soil heaps will also be contained within the settlement pond. Drainage plans are in place to ensure there is no increase in surface water run-off;

No increase of dust is expected after completion of the project and mitigation measures are in place to ensure that the increased levels of dust during construction works will not affect passing drivers or local residents;

During construction there will be a slight negative effect upon the temporary noise levels at the site;

The project may have negative ecological effects upon bats, otters and badgers. Badgers cross the existing A487 at two locations and will potentially cross the proposed route once completed. Temporary marker tape will be installed at the site to ensure all site personnel avoid working within the area of the badger sett. Otters are presumed to cross the A487 during times when food is scarce. The drainage outfall pipe will be located 1 metre above ground level to discourage otters from entering the pipe. The demolition of Castell Cadw is to be phased to coincide with periods least sensitive to bats swarming outside the dwelling. A licence for the disturbance of bat roosts has been applied for. Trees will be checked for bats prior to felling and mitigation measures are in place to phase works to coincide with periods of least sensitivity to the bats. Equipment left overnight adjacent to the river may hinder feeding barbostelle and Daubenton's bats;

Demolition of Castell Cadw is to be phased to coincide with periods least sensitive to barn owls. A new southern boundary delineated by two rows of fencing, one a 1.2 metre high paling fence and the second a 1.8 metre high concrete post wire and fence, will be erected 1.2 metres apart at the top of a two to four metre high embankment. This will encourage the barn owls to fly away from the carriageway;

The potential release of sediment during the construction phase of the scheme into the Afon Nyfer may have an effect on the benthic species living in the river. This may effect the pollution level of the river. Appropriate safeguards will be agreed with the Environment Agency. A balancing pond will be constructed early in the Scheme to enable its use to contain spillage or pollution from road users;

Temporary traffic management measures during the construction period will increase journey times and queues and disruption may be experienced due to traffic using haul routes between the disposal site and the highway works site;

Details of scope and extent of the Environment Impact Assessment (EIA) work undertaken and consultations with any principal council, the Countryside Council for Wales and the Environment Agency;

A Stage 3 Environmental Impact Assessment has been completed with consultations with Pembrokeshire County Council, West Wales Trunk Road Council for Wales, CADW and the Environment Agency;

Drainage plans for the Scheme have been agreed with the Environment Agency;

Pembrokeshire Coast National Park and Countryside Council for Wales agree with the landscaping plans formed for the scheme.

Copies of the Environmental Plan may be inspected, free of charge, at all reasonable hours from 23 March 2005 until 4 May 2005, or within 6 weeks from the publication of this notice, whichever period shall expire later, at Welsh Assembly Government, Transport Wales, Roads Administration Division 3, Cathays Park, Cardiff CF10 3NQ; and at the offices of Pembrokeshire County Council, West Wales Trunk Road Agency, County Hall, Haverfordwest SA61 1TP, and Newport Post Office, Crosshouse, Long Street, Newport, Pembrokeshire.

Any person may, not later than 4 May 2005 or within 6 weeks from the date of publication of this notice if such period shall expire later, express an opinion on the published details of this project so that the Welsh Assembly Government can take them into account when deciding whether or not to proceed with this project. Any such expression of opinion must be made in writing to the Welsh Assembly Government, Transport Wales, Roads Administration Division 3, Cathays Park, Cardiff CF10 3NQ, quoting Ref CZ510-6-27-4. In the preparation of

any expression of opinion it should be borne in mind that the substance of it may be communicated to other people who may be affected by it.
