GREATER LONDON AUTHORITY ACT 1999

Transport for London hereby gives notice that on 7 December 2004, Transport for London made the Greater London (Central Zone) Congestion Charging (Variation No 4) Order 2004 and on 31 March 2005, the Mayor of London confirmed that Order without modification.

This Variation No 4 Order relates to the Greater London (Central Zone) Congestion Charging Order 2004, made by Transport for London on 30 September 2004, and confirmed with modifications by the Mayor of London on 27 October 2004. Transport for London is the charging authority.
Variation No 4 Order proposed:

Fleet Account Scheme Changes

Changes to the Scheme in order to discontinue the fleet notification scheme from 1 October 2005.
In order to facilitate this variation, no new accounts will be accepted on the notification scheme after 3 May 2005. All existing accounts on the notification scheme will have the opportunity to transfer to the automated scheme, which will permit the inclusion of all vehicle types (including cars) from 3 May 2005. This proposed variation would also mean that previously confirmed variation to reduce the vehicle threshold of the notification scheme from 25 vehicles to 10, which was scheduled to be implemented in 3 May 2005, will not take place. The reduced vehicle threshold for the automated scheme was implemented in December 2004.

Administration Charges
In addition, TfL proposed further changes, which reduce some of the administration charges as follows:

To reduce the administration charge for making amendments (eg, start date or Vehicle Registration Mark) to the detail of a charge which has already been paid from £5 to £2.50.
To reduce the administration charge for residents registered for the 90 per cent discount making a permanent substitution to the registered vehicle (eg, when purchasing a new vehicle) from £5 to £2.50.
To reduce the administration charge for residents registered for the 90 per cent discount making a temporary substitution to the registered vehicle (eg, for a courtesy car or hire car) from £5 to £2.50. The administration charge to reverse the temporary substitution (ie, re-registering original vehicle) would also be reduced to £2.50 from £5.

These administration charge changes will now come into force on 6 June 2005.
Copies of the Instrument of Confirmation, the Variation Order and other supporting documents may be inspected at all reasonable hours at the offices of Transport for London, Faith Lawson House, 15 Dacre Street, London SW1H 0DJ.

Variation No 5 Order proposed:

To raise the charge from £5 per charging day to £8 per charging day.
To raise the charge from £5.50 per charging day to £7 for vehicles on the automated fleet scheme. WATER RESOURCES ACT 1991

DROUGHT PERMIT UNDER SECTION 79A

Take notice that due to a serious water shortage in the Sutton and East Surrey Water supply area caused by an exceptional shortage of rain since November 2004, Sutton and East Surrey Water plc (the "Company") of London Road, Redhill, Surrey RH1 1LJ, is applying to the Environment Agency for a drought permit under section 79A of the Water Resources Act 1991.

The proposed drought permit will involve the amendment of the Company's existing abstraction licence (No 9/40/3/386/s) of April 1966 (and subsequent amendment number 6, dated 9 March 1999) regulating abstractions by the Company from the River Eden and Bough Beech Reservoir. The licence permits abstraction during the winter subject to certain conditions, including the maintenance of a Minimum Residual Flow (MRF) of 22 Ml/d downstream of the abstraction. Abstraction is permitted from the reservoir at any time.

The proposed drought permit is to enable abstraction to take place in the month of May (abstraction is currently not permitted by the licence between 1 May and 31 August). This abstraction will be controlled by a continuation of the 22 Ml/d MRF for the duration of the permit. The drought permit application is therefore a request to continue the winter abstraction, with the same conditions, for the period of one month.

The proposed effect of the drought permit, if granted, will be to increase the amount of water available for supply from Bough Beech reservoir to safeguard depleted sources.

The Company has investigated the potential impacts associated with this drought permit in consultation with the Environment Agency and other bodies, including English Nature. In order to ensure that water quality, ecological and other interests are protected downstream of the abstraction, it is proposed that the 22 Ml/d MRF condition is maintained for the drought permit. It has been demonstrated that this condition will protect these interests.

Anyone may inspect the proposals until 15 April 2005, free of charge, at:

Water Industry

Office of Water Services

WATER INDUSTRY ACT 1991, SECTION 13

PROPOSALS BY THE DIRECTOR GENERAL OF WATER SERVICES FOR THE MODIFICATION OF THE CONDITIONS OF APPOINTMENT OF SOUTH STAFFORDSHIRE WATER PLC AS A WATER UNDERTAKER

The process

South Staffordshire Water plc (SSW) is appointed as a water undertaker under the Water Industry Act 1991. We wish to modify the conditions of its appointment. Before doing so, we are required to give notice of the proposed modifications and invite representations or objections. This notice seeks responses to those modifications described below. Any representations or objections must be sent in writing to Keith Mason, Director of Regulatory Finance at Ofwat, Centre City Tower, 7 Hill Street, Birmingham B5 4UA (fax, 0121 625 3609 or e-mail keith.mason@ofwat.gsi.gov.uk), to be received no later than 5.00 pm on 5 May 2005.

The proposed modifications and the reasons for them

First Islamic Investment Bank E.C. (FIIB), through its acquisition vehicle AquaInvest Acquisitions Limited (AquaInvest), acquired South Staffordshire plc in November 2004. South Staffordshire plc is the immediate owner of SSW. On 15 March 2005, FIIB was re-named Arcapita Bank B.S.C. (c) (Arcapita).

We propose to make the following appointment modifications to bring SSW's appointment into line with other water companies that have become part of larger groups. SSW has agreed in principle to the making of these modifications.

Maintenance of comparisons with other water undertakers

We consider that the core business of SSW (the Company) should be transparent to regulation. To that end, we propose appointment modifications that will require it to operate at arm's length from Arcapita and its subsidiaries (SSW's Group). The modifications will:

(1) (i) ensure that payment for any services provided by any company within the Group (Associated Company) does not exceed prices obtained by market testing, or where this is not appropriate, an appropriate proportion of the Associated Company's costs, as agreed by Ofwat; and
(ii) require the Company to obtain from that Associated Company information required by Ofwat about the latter's costs.

Ring-fencing of SSW

We wish to ensure that SSW's regulated business is ring-fenced from the other activities of Associated Companies. SSW must not, whether through its involvement in those other activities or by its dividend policy, put at risk its ability either to carry out its functions as a water undertaker or to finance them. Appointment modifications will therefore:

(2) prohibit the transfer of any asset from the Company to any Associated Company except with Ofwat's consent;
(3) require the Company to maintain an investment-grade corporate credit rating;
(4) prohibit it from giving a guarantee of any liability or making any loan to any other company within the Group except with Ofwat's consent;
(5) prohibit it from entering into or continuing any commitment which includes a "cross-default obligation" (whereby its financial liabilities are increased or accelerated because of a default elsewhere within the Group) except with Ofwat's consent;
(6) require it to declare or pay dividends only in accordance with a dividend policy which has been approved by its Board, which rewards efficiency and the management of economic risk, and which will not impair its ability to finance its functions as a water undertaker; and
(7) require it to publish the financial information that would be required if it were subject to the Listing Rules of the Financial Services Authority.

The Company's Directors are already required to certify annually to Ofwat that the Company has adequate financial and management resources. Further modifications will require:

(8) (i) the Directors to certify their opinion that any contracts with Associated Companies include all provisions necessary for the Company to meet its obligations as a water undertaker;
(ii) that certificate to include the main factors which the Directors took into account in giving it;
(iii) the Company to inform Ofwat if the Board becomes aware of any circumstances which might mean that its most recent certificate could not be repeated; and
(iv) the annual certificate to be accompanied by a report to Ofwat from the Company's Auditors, detailing any inconsistencies between the certificate and the statements submitted with it or the findings of their own audit.

Management of SSW

Although the Company is a part of Arcapita's group, it has its own duties as the water undertaker for its area. A further appointment modification will:

(9) require the Company, in carrying out those functions, to behave as if they were substantially its sole business and it were a separate public limited company. In doing so it will be required to have particular regard to the following:

(i) the composition of the Board should allow it to act independently of the parent company or controlling shareholder, and exclusively in the interests of the Company;
(ii) the Board must ensure that each of its directors discloses any conflicts of interest between their duties to the Company and other duties, both to the Board and to Ofwat;
(iii) where potential conflicts exist between the interests of the Company and other companies in the Group, the Board must ensure that it has regard exclusively to its interests as a water undertaker;
(iv) no director of the Company should vote on any matter where they have an interest by virtue of other directorships;
(v) the Company should inform Ofwat of any important changes in the composition of the Board or the responsibilities of any director;
(vi) the Company's dividend policy; and
(vii) the principles of corporate governance which are from time to time recognised by the Listing Rules of the Financial Services Authority.

The role of SSW's owners

The Company should have the active co-operation of its owners in carrying out its functions as a water undertaker and complying with the conditions of its appointment. Further modifications will:

(10) (i) require the Company to obtain from Arcapita (its Ultimate Controller) and AquaInvest (its UK holding company), or their successors, legally-enforceable undertakings that they and their subsidiaries (apart from the Company and its subsidiaries) will:

(a) give the Company all information it requires to comply with its appointment;
(b) refrain from any action which would be likely to cause or require it to breach any of its obligations under the Water Industry Act 1991 or its appointment as a water undertaker; and
(c) ensure that its board contains not less than three independent non-executive directors.
(ii) require it to inform Ofwat immediately in writing, if it becomes aware that the undertaking has ceased to be legally enforceable, or that there has been any breach of its terms; and

(11) prohibit it (except with Ofwat's consent) from making any contract with a member of the Group which is not one of its own subsidiaries, for so long as the above undertakings have not been given or there is an unremedied breach of any of them.
