National Assembly for Wales

ENVIRONMENTAL IMPACT ASSESSMENT DETERMINATION BY THE WELSH ASSEMBLY GOVERNMENT UNDER SECTION 105 (A) OF THE HIGHWAYS ACT 1980

THE M4 MOTORWAY—JUNCTION 29 (CASTLETON) TO JUNCTION 32 (CORYTON) WIDENING SCHEME

The Minister for Economic Development and Transport, acting on behalf of the National Assembly for Wales, is considering whether to proceed with the above project for constructing or improving a highway for which it is the highway authority.

The project involves the on-line widening of a 13km (8 miles) length of dual two-lane motorway to dual three-lanes to the north of Cardiff through a relatively rural landscape and is bounded by agricultural land and woodland. The motorway is generally at grade, except for a substantial embankment and bridges over the River Rhymney and Began Road. From Pentwyn Junction 30 westwards, the topography is undulating. Consequently the motorway passes through substantial cuttings and on local embankments. Some parts are bounded by agricultural land and woodland, but substantial residential development in north Cardiff extends up to and adjoins the motorway boundary. A number of locally and nationally designated landscape and nature conservation sites are nearby, including the Cardiff Beechwoods Special Area of Conservation. The widening scheme will incorporate environmental mitigation works comprising of drainage attenuation areas, new planting, bunding and acoustic fencing in selected areas.

It has been determined by the National Assembly for Wales that the project is a relevant project within Annex II to Council Directive 85/337/EEC ("the Directive"), as amended by Council Directive 97/11/EC, and that it should be made subject to an environmental impact assessment in accordance with the Directive.

In accordance with the above determination, an Environmental Statement has been prepared. It identifies the following key environmental issues associated with the project, namely:

The effects of the project on local residents and road users as a result of lane closures, traffic management, noise, dust and disturbance during construction activity;

Effects of the project on biodiversity and protected species within the motorway estate and potential impact on protected species on adjacent land;

The loss or damage to small areas of habitat on land to be acquired for construction of the widening;
 The loss of substantial areas of established roadside plantations and false cuttings which currently screen views of the road from adjacent properties and from the wider landscape;
 The visual impact of the scheme;
 The loss of trees, woodland and hedgerow;
 Loss of land with consequential effects on farm businesses;
 Effects of the project on local people and residential areas due to the alteration of false cuttings and noise barriers and the changed profile of cuttings and embankments which currently ameliorate the effects of traffic noise;
 Effects of road drainage on water resources and habitat;
 Effects of excavation and deposition of substantial quantities of topsoil, subsoil and road construction material on the environment;
 Effects on regional and national policies for development and transport, biodiversity and environmental sustainability.

The Environmental Statement also identifies the following measures to be incorporated into the project in order to avoid, reduce or offset its adverse effects:

To offset the impact on ecology and nature conservation, extensive new planting of trees, shrubs and hedgerows will be undertaken to more than replace the areas lost, and existing plantations will be managed and under-planted to ensure that the visual impact of the motorway continues to be mitigated;
 Trees and shrubs will be of local provenance to ensure that they provide useful habitat for native species of fauna;
 Protected species requirements will be taken into account in the development of the scheme and programming of construction and mitigation will include replacement and new habitat, mammal underpasses, special fencing and other measures;
 Pre-construction surveys will be carried out to take account of any changed circumstances since publication of the Environmental Statement that may require a modified approach to construction or provision of mitigation;
 Works near to watercourses will be managed to minimise the effects on water quality, habitat, protected species or fish;
 Water/drainage attenuation ponds to minimise the effect of highway drainage on local water courses;
 Where effective, noise fences will be installed to mitigate the noise generated by traffic on the motorway;
 Where heritage sites are adversely affected by the scheme, investigations, surveys and mitigation will be carried out;
 Before construction commences, the new site boundary will be secured with fences;
 During construction there will be on-site monitoring and control to ensure that the works are carried out in accordance with environmental commitments and legal requirements.

Copies of the Environmental Statement may be inspected, free of charge, at all reasonable hours from 3 March 2006 until 21 April 2006, or within 7 weeks from the date of publication of this notice, whichever period expires later, at the following venues:

Any person may, not later than 21 April 2006, or within 7 weeks from the date of publication of this notice if such period expires later, express an opinion on the published details of the Environmental Statement so that the National Assembly for Wales can take them into account when deciding whether or not to proceed with this project. Any such expression of opinion must be made in writing to Orders Branch, Transport Policy and Administration Division, Transport Wales, Welsh Assembly Government, Cathays Park, Cardiff CF10 3NQ, quoting Ref BZ910193-310-1. DESIGNATION OF THE LEIGH STREET FURNITURE HERITAGE CONSERVATION AREA, HIGH WYCOMBE, BUCKINGHAMSHIRE AND EXTENSION OF THE FOUR ASHES CONSERVATION AREA, HUGHENDEN CIVIL PARISH

Notice is hereby given that, pursuant to the provisions of the above Act, the Wycombe District Council hereby gives formal notice of the designation of the Leigh Street Furniture Heritage Conservation Area in High Wycombe and that the boundary of the Four Ashes Conservation Area has been amended, both following public consultation and in the Four Ashes case a boundary review.

New Conservation Area Boundary:

Leigh Street Furniture Heritage Conservation Area.

From a point at the corner of Desborough Street, Desborough Road and Victoria Street (SU 8560 9342) the boundary crosses east to follow the curtilage of No 2 Victoria Street (the former Queen Victoria public house), turning south along its east curtilage and that of the former cane and rush works and No 280 Desborough Road. Continuing south the boundary skirts the west of the Apollo Centre and then east to follow the curtilage of Nos 2 and 4 Green Street, continuing south-east to include the Leigh Street frontage block of the APT Cenca Ltd factory, then south along the curtilage of the former William Birch factories known as Commercial Square, turning north-west and along the rear boundary between the factories including Leigh Court, Nos 28-64 (even) Kitchener Road.

The boundary then follows the rear boundary to No 66 Kitchener Road, passing behind the former Ebenezer Gomme House and along the east side of the Hillside Centre, turning north-west along the north elevation of the Hillside Centre to include the former Gomme Factory behind Nos 16-42 Green Street to meet Upper Green Street. The boundary crosses the street to incorporate the curtilage of No 46 Green Street (the former

Saracen's Head public house), then turns south-east briefly before turning north-east to follow the south-east boundary to Jubilee Court, then crossing Jubilee Road to include the building, Nos 41 and 43 Green Street and No 8 Jubilee Road (the former Jubilee Works factory). From a point between No 8 and No 10 Jubilee Road the boundary heads south-east along the south side of Jubilee Road past Nos 2 to 6 (even) and continuing on the same line as far as Green Street to include the former Green Street County First School turning north-west along the west side of Green Street back to the corner of Desborough Street, Victoria Street and Desborough Road.

Amended Conservation Area Boundary

Four Ashes Conservation Area Boundary is amended by the addition of land to the south-east of the footpath numbered 73 and separating the grounds of Brands House to the north-west of the footpath. Where the footpath meets the Kingshill Road (C96) the boundary turns south to follow the west boundary of the road to a point opposite Old Brands Lodge to turn west to follow the hedgerow and tree belt separating the former parkland from the grounds of the Wellesbourne Campus of the Buckinghamshire Chilterns University College to rejoin Footpath 73 at the hedgerow and tree belt's western end.

Plans showing the precise boundaries of the above new and amended conservation areas may be inspected in the Planning and Sustainability Department, Queen Victoria Road, High Wycombe, Buckinghamshire HP11 1BB, during normal office hours.

Sutton and East Surrey Water plc**WATER RESOURCES ACT 1991****DROUGHT PERMIT UNDER SECTION 79A**

Take notice that due to a serious water shortage in the Sutton and East Surrey Water supply area, caused by an exceptional shortage of rain over the winter of 2005/06, Sutton and East Surrey Water plc (the "Company") of London Road, Redhill, Surrey RH1 1LJ, is applying to the Environment Agency for a drought permit under section 79A of the Water Resources Act 1991.

The proposed drought permit will involve the amendment of the Company's existing abstraction licence (No 9/40/3/386/s) of April 1966 (and subsequent amendment No 6, dated 9 March 1999) regulating abstractions by the Company from the River Eden and Bough Beech Reservoir. The licence permits abstraction during the winter, subject to certain conditions, including the maintenance of a Minimum Residual Flow (MRF) of 22 Ml/d downstream of the abstraction. Abstraction is permitted from the reservoir at any time.

The proposed drought permit is to enable abstraction to take place in the month of May 2006 (abstraction is currently not permitted by the licence between 1 May and 31 August). This abstraction will be controlled by a continuation of the 22 Ml/d MRF for the duration of the permit. The drought permit application is therefore a request to continue the winter abstraction, with the same conditions, for the period of one month.

The proposed effect of the drought permit, if granted, will be to increase the amount of water available for supply from Bough Beech Reservoir to safeguard depleted sources.

The Company has investigated the potential impacts associated with this drought permit in consultation with the Environment Agency and other bodies, including English Nature. In order to ensure that water quality, ecological and other interests are protected downstream of the abstraction, it is proposed that the 22 Ml/d MRF condition is maintained for the drought permit. It has been demonstrated that this condition will protect these interests.

Anyone may inspect the proposals until 10 March 2006, free of charge, at:

Sutton & East Surrey Water plc, Head Office, London Road, Redhill, Surrey RH1 1LJ (during normal working hours);
Bough Beech Reservoir Water Treatment Works, Visitor's Centre (Monday to Friday, 9.00 am to 4.30 pm); and
Environment Agency, Orchard House, Endeavor Park, London Road, Addington, West Malling, Kent ME19 5SH (during normal working hours).

Objections may be made to the Environment Agency at Orchard House, Endeavor Park, London Road, Addington, West Malling, Kent ME19 5SH, for the attention of Steve Oakes, by 10 March 2006.

R Rap, Supply Manager
