National Assembly for Wales

THE LONDON TO FISHGUARD TRUNK ROAD (A40)

PENBLEWIN TO SLEBECH PARK IMPROVEMENT

ENVIRONMENTAL IMPACT ASSESSMENT

DETERMINATION BY THE WELSH ASSEMBLY

GOVERNMENT UNDER SECTION 105(A) OF THE HIGHWAYS ACT 1980

The Minister for Enterprise, Innovation and Networks, acting on behalf of the National Assembly for Wales, is considering whether to proceed with the above project for constructing or improving a highway for which it is the highway authority.

The project involves primarily the on-line widening of a 2 kilometres (1 mile) length of single carriageway and the construction of a new 3-lane single carriageway bypass of Robeston Wathen in the county of Pembrokeshire. In addition a new bridge to carry the new highway over the Eastern Cleddau River and two new roundabouts at the new highway's junctions with the A4075 and the B4314 will be provided. The area through which this scheme would be constructed is rural in nature, with the valley and floodplain of the Eastern Cleddau and the Narberth Brook passing between the higher ground hills of Robeston Wathen to the east and Toch Wood to the west. The two watercourses form part of the Cleddau Rivers Special Area of Conservation (SAC) and the Eastern Cleddau itself is a Site of Special Scientific Interest (SSSI).

The existing trunk road west of the Eastern Cleddau and the A4075 form the northern and eastern boundaries of the Pembrokeshire Coast National Park.

The A40 Trunk Road westward from Penblewin roundabout follows gentle undulating contours to Redstone Cross. Travelling west from Redstone Cross the ground falls gently with relatively uninterrupted views of Robeston Wathen hill in the distance. The trunk road follows the contours until it starts to rise to almost the top of the hill before skirting around the top of its southern flank and also through the village. From here the trunk road descends at a relatively steep gradient approaching 1 in 12 before levelling off to cross the floodplain and the Eastern Cleddau.

It has been determined by the National Assembly for Wales that the project is a relevant project within Annex II to Council Directive 85/337/EEC ("the Directive") as amended by Council Directive 97/11/EC and that it should be made subject to an environmental impact assessment in accordance with the Directive.

In accordance with the above determination an Environmental Statement has been prepared. It identifies the following key environmental issues associated with the project, namely:

The effects of the project on local residents and road users as a result of lane closures, traffic management, noise, dust and disturbance during construction activity;

Effects of the project on biodiversity and protected species within the trunk road estate and potential impact on protected species on adjacent land;

The loss or damage to small areas of habitat on land to be acquired for construction of the widening;

The loss of areas of established roadside verge plantations which partially screen views of the road from adjacent properties and from the wider landscape;

The visual impact of the scheme and views of it from distance;

The loss of trees, woodland and hedgerow;

Loss of land with consequential effects on farm businesses;

Effects of the project on the National Park;

Effects of road drainage on water resources and habitat; and in particular the potential for impact on the Cleddau Rivers SAC;

Effects of excavation and deposition of substantial quantities of topsoil, subsoil, road construction material on the environment;

Effects on regional and national policies for development and transport, biodiversity and environmental sustainability.

The Environmental Statement also identifies the following measures to be incorporated into the project in order to avoid, reduce or offset its adverse effects:

To offset the impact on ecology and nature conservation, extensive new planting of trees, shrubs and hedgerows would be undertaken to more than replace the areas lost;

Trees and shrubs would wherever practical, be of local provenance to ensure that they provide useful habitat for native species of fauna;

Protected species requirements would be taken into account in the development of the scheme and programming of construction and mitigation would include replacement and new habitat, mammal underpasses, special fencing and other measures;

Pre-construction surveys would be carried out to take account of any changed circumstances since publication of the Environmental

Statement that may require a modified approach to construction or provision of mitigation;

Works near to watercourses would be managed to minimise the effects on water quality, habitat, protected species or fish;

Water/drainage attenuation ponds would be provided where required by the Environment Agency to minimise the effect of highway drainage on local water courses;

Where heritage sites are adversely affected by the scheme, investigations, surveys and mitigation would be carried out;

Before construction commences the new site boundary would be secured with fences;

During construction there will be on-site monitoring and control to ensure that the works are carried out in accordance with environmental commitments and legal requirements.

Copies of the Environmental Statement may be inspected, free of charge, at all reasonable hours from 13 December 2006 until 31 January 2007 or within 7 weeks from the date of publication of this notice, whichever period expires later, at the following deposit points:

Welsh Assembly Government, Transport Wales, Transport Planning and Administration Division 3, Cathays Park, Cardiff CF10 3NQ; Queens Hall, High Street, Narberth, Pembrokeshire SA67 7AS and Pembrokeshire County Council, County Hall, Haverfordwest SA61 1TP. In addition to the above deposit points the documents will be available for inspection at Robeston Wathen Village Hall, Robeston Wathen, Pembrokeshire on the following days and times:

Wednesday 10 January 2007, 2.00 pm to 8.00 pm;

Wednesday 17 January 2007, 10.00 am to 7.30 pm;

Thursday 18 January 2007, 10.00 am to 7.30 pm;

Wednesday 24 January 2007, 2.00 pm to 8.00 pm.

Additional copies of the Non-technical Summary (NTS) may be obtained from any of the above venues.

Any person may, not later than 31 January 2007 or within 7 weeks from the date of publication of this notice, if such period expires later, express an opinion on the published details of the Environmental Statement so that the National Assembly for Wales can take them into account when deciding whether or not to proceed with this project. Any such expression of opinion must be made in writing to Orders Branch, Transport Planning and Administration Division, Transport Wales, Welsh Assembly Government, Cathays Park, Cardiff CP10 3NQ, quoting Ref BZ042035-310-1. In the preparation of any expression of opinion it should be borne in mind that the substance of it may be communicated to other people who may be affected by it.

A copy of this notice in larger print can be obtained from Orders Branch, Transport Planning and Administration Division, Transport Wales, Welsh Assembly Government, Cathays Park, Cardiff CP10 3NQ.
