Petersbourg, August 18.

OME Days ago this Court received an Account from their Conful at Rash in Persia, that Schach Nadyr had gained a great Victory over the Grand Mogul, in the Province of Caboul, and that afterwards the Grand Mogul was come into his Camp, on certain Conditions not yet known, where he deliver'd his Crown to the Sophy, who generously return'd it to him. As the Russian Minister at Ispahan has not mention'd this great Event, every body doubts of the Truth of it, though the said Russian Consul has sent, in the Persian Language, a printed Relation thereof. The Russian Fleet commanded by Rear Admiral Russian Fleet commanded by Rear Admiral Men have likewise been supplied with some Cannon and Gabions; and they have begun O Brion, confisting of seven Men of War, is failed from Crownstadt in order to exercise the Seamen. This Week Prince Dolgorucky, who was formerly named to go to England, was fent back into Banishment. The 17th being the Prince of Brunswick Wolfenbuttle's Birth-day, there was a great Number of Persons of Distinction at Peterhoff, to

Vienna, Sept. 9. Our last Advices from Belgrade are of the 29th of August. On the 26th in the Evening a Number of Peafants were employed to make a Line before the Redoubt on the further Side of the Island in the Danube; which Redoubt very much incommodes the Turks; who thereupon made a very great Fire, during the Time the Line was throwing up, with their Artillery and Muskets, which was answered on our Part with equal Vigour. The same Night 3000 Cannon and Gabions; and they have begun to intrench themselves, in order to preserve the Communication between Belgrade and that Dedoubt. It appears that the Enemy think the taking that Redoubt would be of great Advantage to them, for they carry on their Attacks with great Diligence, and continue to cannonade and bombard it without make their Compliments to his Highness.

Vienna, Sept. 8. This Day an Estafette from Men have been killed or wounded, among Prince Lobkowitz brought Letters from a German Colonel in the Russian Army, with Assurender of Charging Has five Court of the Suprender of Charging Has five Charging Has five Charging Has five Charge of the Suprender of Charging Has five Charging Has five Charge of the Suprender of Charging Has five Charging Has five Charging Has five Charging Has five Charge of the Suprender of Charging Has five Charging Has five Charge of the Suprender of the Suprender of Charge of the Suprender of of the Surrender of Choczim: He says Count On the 28th, early in the Morning, the Munich had attacked the Turkish Army near whole Body of Turks on the other Side that Town, and with the Loss of 60 Men of the Danube, moved out of their Camp, only, had killed some Hundreds of the Ene-my, and put the rest to Flight; whereupon he summon'd the Town, which surrendred at Discretion. In the Battle he took 19 they sound our Men posted in a proper Manner to give them a warm Reception, or that

they could not pals the Moralles that are on the Side of the Danube facing that Island. The Safety of our Navigation on the Danube diminishes daily, for the Turks put out with their finall Veilels from the Borza, and slipping by our large Ships and Vessels, take all the little ones they meet. The Breach which the Enemy are making in the Bastion of St. Elizabeth, begins to be considerable, so that it costs a great deal of Labour and Trouble to repair it tolerably from Time to Time. The Enemy have made another Breach in the Bastion of St. Francisco, and though they make no great Progress in it, they are continually firing upon it. We have Intelligence that the Turks are making all necessary Dispo-fitions for passing the Save at Dragolosski, having got together a good Number of Boats there; and 'tis the more suspected they defign to attempt that Passage, because they have cut the Banks of the River on their Side to draw off Part of the Water.
