### From the Imperial Army commanded by Marshal Wallis, Sept. 2.

N the 30th of August the Enemy having approached the Danube on the other Side in the Bannat much higher up that River than Semlin, and it appearing from feveral Movements and Preparations that they not only had determined to attempt to pass the Danube, but that another Body of Turks would at the fame Time make the like Attempt on the Save, our Army marched that Day to Semlin; not only to prevent the Defigns of the Turks, but likewife to be at hand to affift the Prince of Hildsburghaufen. On the 31ft the Enemy's Fire against Belgrade was very great, and principally upon the new Redoubt, where many of our Men were killed in the Works by Yef-Cannon Shot, and others wounded. terday Count Neiperg came back to Belgrade from the Turkish Camp, and brought the Articles of Peace with him concluded with the Grand Vizier, by Virtue of which all the Works of Belgrade are to be blown up, within the Space of three Months; and To-morrow a Number of Men are to be commanded to begin the Mines: On the other Hand, the whole Bannat is to be yielded up to his Imperial Majefty : So that for the future the Danube and Empress of Russia ; and has not only de-

the Save are to be the Boundaries between the two Empires. All the Artillery, Ammunition and Provisions, as well in the Town of Belgrade, as in the Citadel; and alfo all the Ships of War, and other Veffels of all Sorts, shall remain to his Imperial Majesty; nor shall the faid demolished Place be put entirely into the Poffeffion of the Turks till all the faid Artillery and Stores are removed.

Vienna, Sept. 16. The Account in the preceeding Article dated from the Army under Marshal Wallis the 2d of September, is all that the Imperial Court thought fit to have published here on the 11th Instant concerning the Peace. But it is commonly re-ported here, that on the 1st Instant, on Count Nieperg's Return to Belgrade, a Sufpenfion of Arms with the Turks was proclaimed, and that on the 2d a Detachment of Janiffaries took Poffeffion of fome Out-Polts. This Day, the 16th, the Court has caused the following Declaration to be printed and published here.

The Imperial Court will foon make known to the World what has happen'd refpecting the Preliminary Articles of Peace concluded with the Ottoman Porte; in the mean Time his Imperial and Catholick Majefty has already written to the clared

clared to the Ruffian Envoy at this Court, in a particular Audience given him for that Purpofe, his Difpleafure at what has been done without his Knowledge, and contrary to his Intention; but has likewife ordered all his Ministers at Foreign Courts to declare, that Count Neiperg went to the Turkish Camp without his Knowledge, much lefs by his Order; that as well in what relates to Belgrade, as in all and every one of the other Articles, and particularly in the yielding to the ftrangely precipitate Execution of them, the faid Count has not only very much exceeded the Limitations of the Full Powers intrufted to him, but even acted directly contrary to the Orders therein contained; fo that neither his faid Imperial and Catholick Majesty, nor his Ministry, are in any Fault, having had no Part therein; for they had not the leaft Information of what was transacted in the Turkish Camp till after the Thing was done, and after the precipitate Execution; and confequently it being become impoffible to apply any Remedy, his Imperial and Catholick Majefty does on the one Hand highly difapprove the Preliminary Articles fo concluded, and will not fail at a proper Time to do what Justice requires; and on the other Hand, purfuant to the Ratifications, which have already pass'd, he will facredly fulfil, and firmly obferve and keep what is agreed upon with the Ottoman Porte.

To this Declaration is fubjoined in the fame Print,

It is reported that the Government of the Bannat of Temefwaer, which had been provisionally granted to Count Neiperg, is by his Imperial Majesty conferred upon Baron Suckow, in Confideration of the brave Defence he made in Belgrade.

We have received Vienna, Sept. 16. Advice, that a Body of Turks and Tartars which were ftrongly intrench'd under Choczim, was routed on the 28th past by the Ruffian Army commanded by Field Marfhal General Count Munich ; that the Ruffians made themfelves Masters of the

Enemy's whole Camp, with the Artillery and every thing elfe found in it. After which Choczim furrendred at Difcretion ; and the Garrison, among which was the greatest Part of the defeated Turks and Tartars, were all made Prisoners of War by the Ruffians.
