Rome, August 15.

P RINCE Ruspoli is set out from hence for Venice, in order, as 'tis said, to make some Propositions for amicably adjusting the Differences which have arisen between this Court and that Republick, on Account of the Patriarchate of Aquileja. The tempestuous Weather we have lately had in this Country, has done a deal of Mischief to all the Fruits of the Earth in general.

Genoa, Aug. 17. This Government having been informed, that three Barbary Corsairs were cruizing off the Island of Gorgone, in the Sea of Corfica, they immediately ordered three armed Gallions, which lay ready in Port, to go in quest of them. Seven Dutch Ships have arrived here within these few Days; and as we were informed that one of them had touched on the Coast of Africa, where a contagious Distemper still reigns, the Government have obliged her to perform an exact Quarantine.

Petersbourg, Aug. 18. A few Days ago her Imperial Majesty went to visit their Imperial Highnesses the Grand Duke and Grand Dutchess, at their House at Oranienbaum, where a most magnificent Entertainment was provided; to which the principal Lords and Ladies of the Court, and all the Foreign Ministers were invited. Count Rasomowsky, the new Atteman or General of the Cossacks, has obtained the Rank of Field Marshal of her Imperial Majesty's Armies.

Leghorn, Aug. 20. Yesterday the new Men of War put to Sea for the Levant, having on board several Knights of the Order of St. Stephen, who have been waiting here for some Time past to go on this Expedition. We have received Advice, that the Republick of Lucca having been informed that the Duke of Modena was arrived at Castelnovo, upon the Frontiers of that Republick, they had sent M. Sardini, to compliment him thereupon in their Name.

Vienna, Aug. 22. We are informed by Letters from Bohemia, that their Imperial Majesties arrived at Neuhoff on the 17th Instant; and the next Morning all the Troops which are encamped near that Place, under the Command of Prince Lobkowitz, were drawn out in order of Battle, and performed all their Military Evo-

lutions in the Presence of their Imperial Majesties, who afterwards withdrew to a magnificent Tent purposely erected for them, when all the Troops, both Horse and Foot, passed in Review before them; after which they returned to Neuhoff. On the 19th their Imperial Majesties went again to the Camp, and saw all the Troops drawn out as before, and having seen them perform several Exercises, Evolutions and Firings, they returned again to Neuhoff, extremely pleased with the Appearance and Behaviour of those Troops. On the 20th the Court set out from Neuhoff to visit the other Camps in Bohemia; and 'tis said they will return to Schonbrun by the 26th or 27th at farthest, in order to celebrate the Empress Dowager's Birth-Day.

Warsaw, Aug. 22. Last Thursday being the Anniversary of their Polish Majesties Day of Marriage, the same was celebrated at Court with great Magnificence; on this Occasion their Majesties received the Compliments of the principal Nobility of the Kingdom; after which his Majesty disposed of several Important Posts, amongst which the young Count de Bruhl was appointed Starostie of this City, and was accordingly installed in that High Office by the Prince of Czartorinsky, Palatin of Russia. The Senatus Consilium opens on the 25th Instant, so that their Majesties Departure for Dresden will not take Place so soon as was expected. So many Robberies and Murders are committed in this City almost every Night, that they have been obliged to reinforce the Garrison, and to double the Guards and Patroles. They write from Podolia, that the Heyducks, notwithstanding their late Defeat, had appeared again in that Province; that a large Body of them had plundered the Inhabitants of the Town of Latyczew, and that they had retired to the Mountains with their Booty, before the Arrival of a Detachment of the Crown Army, who was ordered to the Relief of the Town.

Copenhagen, Aug. 25. The King has caused an Ordonnance to be published, by which the Portuguese Jews are allowed the same Freedom of Commerce throughout his Dominions, as is allowed to those of all other Nations. His Majesty, in Consideration of the great Loss which many of the Inhabitants of this Kingdom have suffered

[Price Two pence.]
