Turin, Jan. 1. An extraordinary Council was held a few Days ago at Court, in which it was resolved, That all the Foot Soldiers belonging to this Kingdom shall for the future be dressed in an Uniform of Blue Cloth, each Regiment being to be distinguished by the different Facings of their Coats. The Affairs of the Bankers Morin, Moris and Company, who failed some Time since for a considerable Sum, are at last adjusted, by which the Creditors have agreed, that all Mortgages shall be immediately paid off; and all other Debts, as Bonds, Notes, Bills, &c. shall bear Four per Cent. Interest till they are discharged, provided it be done in the Course of Six Years, after which Time all that are not paid off are to carry Five per Cent.

Prague, Jan. 5. Last Week a considerable Sum of Money arrived here from Vienna, for discharging the Arrears due to the Troops in Garrison in this City and its Neighbourhood. The great Frost we had in this Country for three Weeks together, is gone off all at once, which gives us some Apprehensions, lest the prodigious Quantity of Ice in the Moldau should greatly injure the Bridges over that River, as has often happened on the like Occasion. 'Tis said a considerable Camp will be formed next Summer in this Kingdom, and that the Empress Queen will shortly name the Regiments

of which it is to be composed, and appoint the General Officers who are to command it.

Berlin, Jan. 11. The King has raised the Majors General Kiow and Schwerin to the Rank of Lieutenants General. A Commission is established at Breslau for adjusting and paying off all those who have any Demands upon the Dutchy of Silesia, which Commission is composed of Count Munchow, first Minister of the Department of Silesia, the Syndic Lowen, and the Counsellors Tepler and Bohme.

Vienna, Jan. 15. We are assured that a Resolution is taken by the Empress Queen to establish a Military School at Neustadt, for instructing such young Noblemen and Gentlemen as propose going into the Army, in the Art of Fortification, and other Parts of the Mathematics.

Brussels, Jan. 17. This Court has agreed to the Proposals that were lately made of paying an annual Sum into the Treasury, for Liberty to erect a Dock for Building Ships at Ostend, and for bringing Timber for that Purpose from Norway, and other Places in the North, free of all Duties.

Amsterdam, Jan. 17. Yesterday, about Six in the Evening, the Stone Bridge, situate upon the Heergragf, fell down suddenly, by which Accident some People who were on it lost their Lives.

Paris, Jan. 18. A Project is said to be on Foot for joining the River Saone to that of the Marne, and by this Means to open a Communication from Marseilles to Havre de Grace; from which Project great Advantages are expected to arise, not only to the Commerce of this City, but to that of the whole Kingdom. By our last Letters from Rochelle we are informed, that two Ships, richly laden, arrived there the Beginning of this Month from Canada, and that two others were shortly expected.

Hague, Jan. 20. All the Officers of State, and General Officers, are arrived here, to be present at the Funeral of his late Serene Highness the Prince of Orange: Their High Mightinesses have not invited the Foreign Ministers as was reported, neither is any Day as yet fixed for the Interment, although, by the Preparations that have been for some Time making, it is soon expected. Her Royal Highness the Princess Governante has appointed M. Tets, Grand Bailiff and Councillor of the Town and Marquisate of Veere, to be one of the Directors of the West India Company, for the Chamber of Zealand, in the Room of M. Exrik, lately deceased.

Whitehall, December 27, 1751.

THE Duke of Newcastle having received a Letter, by the General Post, dated, Bury, December 22, 1751; If the Person, who wrote it, will attend Him, at His House, in Lincoln's Inn Fields, or at His Office at Whitehall, and there make, and prove, the Discovery, mentioned in the Letter; He may be assured of all fitting Encouragement, and a very handsome Reward.

Admiralty Office, Dec. 23, 1751.

Admiralty Office, January 10, 1752.

J. Cleveland.

* * * As there are a greater Number of Sheets in these Volumes than are usually given, or indeed can be well afforded for Six Shillings, it has been insinuated, that the Proprietors thereby intended to undermine and prevent the Sale of other Books of the like Nature; but nothing can be more invidious and wicked than such a Conclusion. The only Motive that induced them to put this Book at so low a Price was, that true Medical Knowledge might be propagated on as easy Terms as possible, and that every Practitioner might procure to himself the Means of acting rationally, of knowing the Sentiments and Practice of all eminent Physicians on the several Diseases to which Human Nature is subject, and of doing the utmost Justice to those who entrust their Lives to his Care. If these Reasons are not thought sufficient to extenuate the Charge brought against them, they can produce the Testimony of four eminent Physicians, who were privy to the Affair, and know that what we have inserted is nothing but the Truth.
