

of the several Regiments quartered in this Kingdom.

Stockholm, Jan. 8. The Queen is perfectly recovered from her late Illness, and their Majesties have been complimented thereupon by the Senators, Foreign Ministers, and all the principal Nobility. 'Tis said their Majesties will certainly take a Tour, in the Spring, to Scania, and some other Provinces of this Kingdom which the King has never visited since his coming to the Throne. Last Week an Ordonnance was published throughout this Kingdom, forbidding, under Pain of corporal Punishment, the making Use of false Weights or Measures. We are informed by our last Letters from Gothenbourg, that the Managers of our East India Company seem to express the greatest Uneasiness, and Impatience for the Arrival of two Ships from China, and the rather, as they have been for some Time expected, and nothing has been heard of them since they left China.

Vienna, Jan. 9. A few Days ago a Stranger, who goes by the Title of the Baron de Bulow, was apprehended at the Convent of the Franciscans; he says he is an Officer in the Service of a neighbouring Prince; but, by the Depositions of his Servants, he seems rather to have been an Adventurer. The particular Behaviour of this Person, even at first caused him to be suspected, but there are now several Crimes of an extraordinary Nature laid to his Charge.

Dresden, Jan. 10. This Court has given Orders for completing all the Regiments in this Electorate; and they continue to say, that a large Body of Troops will be encamped in the Month of May next, in the Neighbourhood of this City, in order to learn a new Exercise. A few Days ago a Fire broke out in the Town of Strebla, situate upon the River Elbe, about three Miles below Meissen, which burnt with such Violence, that the greatest Part of that Town is reduced to Ashes. Orders are given by Count Bruhl, our Prime Minister, for casting several Pieces of Cannon to send to Warsaw.

Hague, Jan. 23. On Friday last Major General Bigot took the usual Oaths, before the Assembly of the States General, in Quality of Commandant of Gertruydenbourg; as did M. Zoelen, in Quality of Counsellor of the Admiralty of the Meuse. The same Day died here the Marquess del Puerto, the Spanish Ambassador to this Court, in an advanced Age. The Deputies of the several Colleges of the Admiralty of these Provinces, being to assemble To-morrow, most of the Members are already come to Town. This Morning her Royal Highness the Princess Governante took the Diversion of Sledging for the first Time this Winter, in which she was accompanied by her Children, and attended by all the principal Lords and Ladies of the Court. We are informed by our last Letters from Italy, that the Hereditary Princess of Modena was safely delivered of a Prince on the 4th Instant.
