STRATEGIC REPORT

YEAR ENDED 31 DECEMBER 2019

The directors present their strategic report for the EMI Limited (the 'company') for the year ended 31 December 2019.

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the company during the year was that of a non trading company.

The result of the company for the year ended 31 December 2019 and its position as at that date are set out in the statement of comprehensive income, statement of financial position and statement of changes in equity on pages 5, 6 and 7 respectively. The result and position of the company were in line with directors' expectations.

RESULTS AND DIVIDENDS

The company's loss for the financial year was £3,550,000 (2018 - loss £3,485,000). The retained loss for the year has been transferred to reserves.

The directors do not recommend a dividend payment for the year ended 31 December 2019 (2018 - £Nil).

KEY PERFORMANCE INDICATORS

Given the straightforward nature of the business, the Company's directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business.

PRINCIPAL RISKS AND UNCERTAINTIES AND FINANCIAL RISK MANAGEMENT

The company operates as part of the Vivendi Group (the 'group') and all of its transactions are with fellow group undertakings.

As such its activities are dependent on the activities of the group as a whole. The risks and uncertainties facing the company are linked to those of the group. A detailed discussion of the group risks and uncertainties and financial risk management policies is contained in the Vivendi SE annual report.

The company is exposed to the following risks:

- interest rate fluctuations
- exchange rate movements

All risks and uncertainties are regularly monitored by the Board of Directors of the company.

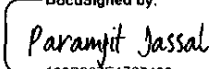

FUTURE DEVELOPMENTS

On the 31st January 2020 the United Kingdom (UK) left the European Union (EU) and is in the process of negotiating a future relationship with the EU.

As at the signing date the nature of this relationship and its implications for the company are not clear. The directors of the company continue to monitor the possible impact that the outcomes of this negotiation may have on the company. The directors have put in place scenario planning which will allow the company to continue to operate in any of the feasible scenarios including leaving the EU without a deal.

Notwithstanding the risks and uncertainties outlined above, the directors do not anticipate any significant change in the activities and results of the company in the foreseeable future.

DIRECTORS' QUALIFYING THIRD PARTY INDEMNITY PROVISIONS

A qualifying third party indemnity provision remains in force as at the date of approving the directors' report, subject to the provisions of section 236 of the Companies Act 2006. Vivendi SE, headed by Bolloré Group, the ultimate parent undertaking, maintains a Directors & Officers Liability Programme which indemnifies directors' personal liabilities resulting from alleged wrongful acts committed in the line of their employment.

POLICY ON THE PAYMENT OF CREDITORS

It is the company's policy that payments to suppliers are made in accordance with those terms and conditions agreed between the company and its suppliers, provided that all trading terms and conditions have been complied with.

DONATIONS

The company made no charitable or political donations in either year.

EMI LIMITED

DIRECTORS' REPORT (continued)

YEAR ENDED 31 DECEMBER 2019

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the annual report and financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2019

1. GENERAL INFORMATION

EMI Limited is a private company limited by shares and incorporated in the UK under the Companies Act 2006 and registered in England and Wales. The registered office is 4 Pancras Square, London, N1C 4AG.

The principal activities of the company and the nature of its operations are set out in the strategic report on page 2.

2. STATEMENT OF COMPLIANCE

The company's financial statements have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3. ACCOUNTING POLICIES

Basis of preparation of financial statements

These financial statements have been prepared on a going concern basis, under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the company, and have been rounded to the nearest £'000.

FRS 102 - Qualifying exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102:

- from preparing a statement of cash flows and related notes;
- from preparing a reconciliation of the number of shares outstanding from the beginning to the end of the financial year;
- from disclosing related party transactions; and
- from certain financial instrument disclosures required by FRS 102.11 *Basic Financial Instruments* and FRS 102.12 *Other Financial Instruments*.

This information is included in the consolidated financial statements of the company's ultimate parent undertaking, Vivendi SE, copies of which can be obtained from 42 Avenue de Friedland, 75380 Paris, Cedex 08, France.

Going concern

The Company's business activities, together with the factors likely to affect future developments, its financial exposures and its risk exposures are described above.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources available to it to continue in operational existence for the foreseeable future, and at least 12 months from the date the financial statements are authorised for issue. Accordingly, they continue to adapt the going concern basis in preparing the financial statements.

EMI LIMITED**NOTES TO THE FINANCIAL STATEMENTS (continued)****YEAR ENDED 31 DECEMBER 2019**

3. ACCOUNTING POLICIES (continued)**Going concern - continued support from parent undertaking**

The financial statements have been prepared on the going concern basis as the company has received confirmation from its intermediate parent, Vivendi SE, of its intention to continue to provide financial and other support to the extent necessary to enable the company to continue to pay its liabilities that it is subject to at the end of the financial year until fully satisfied. We have obtained a statement of guarantee by a parent undertaking from Vivendi SE to this effect for the year ended 31 December 2019. Having regard to this intention, and having reviewed the company's forecasts for the following financial year, the directors believe it is appropriate to prepare these financial statements on a going concern basis, notwithstanding the deficit on net current liabilities at 31 December 2019.

Financial instruments

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Debt instruments which meet the following conditions of being 'basic' financial instruments as defined in paragraph 11.9 of FRS 102 are subsequently measured at amortised cost using the effective interest method.

Debt instruments that have no stated interest rate (and do not constitute financing transaction) and are classified as payable or receivable within one year are initially measured at an undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

Other debt instruments not meeting conditions of being 'basic' financial instruments are measured at fair value through profit or loss.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

EMI LIMITED**NOTES TO THE FINANCIAL STATEMENTS (continued)****YEAR ENDED 31 DECEMBER 2019**

3. ACCOUNTING POLICIES (continued)**Interest receivable and Interest payable**

Interest payable and similar charges include interest payable, finance charges, unwinding of the discount on provisions, and net foreign exchange losses that are recognised through profit or loss in the statement of comprehensive income.

Interest receivable and similar income include interest receivable on funds invested and net foreign exchange gains.

Interest receivable and interest payable are recognised in profit or loss as they accrue. Foreign currency gains and losses are reported on a net basis

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised through profit or loss in the statement of comprehensive income except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the statement of financial position date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are *not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; and differences relating to investments in subsidiaries, associated and joint ventures to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.*

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the statement of financial position date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Foreign currencies

Transactions in foreign currencies are translated to the company's functional currency at the foreign exchange rate ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies at the statement of financial position date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised through profit or loss in the statement of comprehensive income except for differences arising on the retranslation of qualifying cash flow hedges and items which are fair valued with changes taken to other comprehensive income.

EMI LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

YEAR ENDED 31 DECEMBER 2019

3. ACCOUNTING POLICIES (continued)

Critical accounting judgements and key sources of estimation uncertainty

The directors may make judgements in the application of the accounting policies above that have a significant impact on the amounts recognised, and may make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In preparing the financial statements for the year, the directors have concluded there are no critical judgments and key sources of estimation uncertainty to disclose.

4. PARTICULARS OF EMPLOYEES

The company had no employees during the year ended 31 December 2019 (2018 - none)

Emoluments for the directors of the Company are paid for by a fellow group company. The fellow group company has not recharged any amount to the Company (2019: nil) on the basis that they are unable to make a reasonable apportionment of the portion of these total emoluments that relate to qualifying services provided by directors of the Company.

(b) Factors affecting current tax credit

The tax assessed on the loss on ordinary activities for the year is the same as than the standard rate of corporation tax in the UK of 19.0% (2018 - 19.0%).

Under the Finance (No.2) Act 2015, the main rate of corporation tax was reduced from 20% to 19% effective from 1 April 2017. A further reduction to 17% from 1 April 2020 was also enacted on 15 September 2016 by virtue of the Finance Act 2016 s46. However, as announced in the Budget on 11 March 2020, the corporation tax main rate will not reduce to 17% and remain at 19%. Deferred tax assets and liabilities are measured at the rate that is enacted and expected to apply to the accounting period when the asset is realised or the liability is settled, based on the above rates.
