## Strategic report

The directors present their Strategic report for the year ended 30 September 2017.

#### Principal activities and review of the business

Voith Paper Limited (the "Company") is engaged in the service and maintenance of specialist machinery to the UK Paper Industry. The Company is also one of the worlds' leading producers of paper machine forming fabrics.

The core function of the Company is to provide solutions for the customers' process requirements through product design, manufacturing consistency, application, development and innovation. This concept is shared by the Voith Paper division which is unique as a manufacturer and supplier of both paper machines and clothing.

The products, systems and services that are offered by Voith Paper and Voith's strategic partners are coordinated with one another and support the paper industry in optimising its production processes and improving paper quality.

Worldwide research and development facilities include pilot machines in Appleton, Wisconsin; Saő Paulo, Brazil; Ravensburg and Heidenheim, Germany. At these facilities, professional engineers experiment with the theoretical and practical aspects of paper making to develop tomorrow's technological advances in the paper machine and paper machine clothing industry.

Trading during the year increased in comparison to previous years with turnover of £13,730,543 (2016: £13,611,584), driven by increased orders in the North American Market. The Company made a profit after taxation of £1,375,899 (2016: loss of £1,020,487).

The Company's products continue to perform well in the field and the directors are confident that this will enhance the good standing of the Company in the domestic and overseas markets.

#### Key performance indicators

The Company's key financial and other performance indicators during the year were as follows:

	2017	2016
	£	£
Turnover (£000)	13,731	13,612
Operating profit / (loss) (£000)	1,822	(239)
Profit / (loss) after tax (£000)	1,376	(1,020)
Shareholders' funds (£000)	4,676	3,300
Current assets as a % of current liabilities	119	103
Average number of employees	103	108

## Principal risks and uncertainties

#### Credit risk

The Company's objective is to reduce the risk of financial loss due to counterparty's failure to honour its obligations. Appropriate credit control procedures are in place for ensuring that orders are not accepted or services provided to non-creditworthy customers. Individual exposures are monitored with customers subject to credit limits to ensure that the company's exposure to bad debt is minimal.

## Strategic report (continued)

## Principal risks and uncertainties (continued)

#### Liquidity risk

The Company aims to mitigate liquidity risk by managing the cash generated by its operations. Investment is carefully monitored. Approval procedures apply to all capital items purchased outright, leased, rented or subject to hire purchase agreements.

## **Future developments**

The directors consider that the future developments of the Company remain positive, continuing with a strong product portfolio.

## **Directors' report**

The directors present their Directors' report for the year ended 30 September 2017.

#### Research and development

There was no research and development in the year (2016: £nil)

#### Results and dividends

The profit and loss account set out on page 9 shows the profit (2016: loss) for the year.

The directors do not recommend a final dividend (2016: £nil).

#### **Directors**

The directors who served the company during the year and thereafter were as follows:

R A O'Shaughnessy

S Hofmann (resigned 26 March 2018)

S Bee (appointed 26 March 2018)

#### Political and charitable donations

The Company made no political contributions (2016: £nil) and made no charitable donations (2016: £nil) during the year.

## **Equal opportunities**

The Company is an equal opportunities employer. The Company's aim is that no employee receives less favourable treatment or is disadvantaged in any sphere of employment on the grounds of age, sex or marital status, race or ethnic origins.

#### Disabled employees

The Company gives every consideration to applications from disabled persons where the requirements of the job may be adequately fulfilled by a handicapped or disabled person. Where existing employees become disabled, it is the Company's policy wherever practicable to provide continuing employment under normal terms and conditions and to provide training, career development and promotion wherever appropriate.

### **Employment involvement**

The Company is committed to involve all employees in the performance and development of the Company. Employees are encouraged to discuss with management matters of interest to the employee and subjects affecting the day to day operations of the Company. Goal agreements and employee dialogue are an integral part of the leadership concept implemented throughout the Company.

## **Directors' report** (continued)

#### Treasury policies

The Company finances its activities with a combination of own cash flow and the Voith cash pool in the UK. Other financial assets and liabilities, such as trade debtors and trade creditors, arise directly from the Company's operating activities. Some of the Company's transactions are in other currencies than sterling therefore the Company operates overdrafts/positive balances in Euro and US Dollar to hedge this exposure. The Company's exposure to liquidity risk and policies adopted for its mitigation has been described above.

#### Disclosure of information to auditor

The directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

#### Other information

An indication of likely future developments in the business and particulars of significant events which have occurred since the end of the financial year have been included in the Strategic report on page 2.

#### **Auditor**

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

# Statement of directors' responsibilities in respect of the Strategic report, Directors' report and the financial statements

The directors are responsible for preparing the Strategic report, the Directors' report, and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company
  or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

## Independent auditor's report to the members of Voith Paper Limited

#### Opinion

We have audited the financial statements of Voith Paper Limited ("the company") for the year ended 30 September 2017 which comprise the profit and loss account and other comprehensive income, balance sheet, statement of changes in equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 September 2017 and of
  its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102
   The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

## Going concern

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. We have nothing to report in these respects.

#### Strategic report and Directors' report

The directors are responsible for the Strategic report and the Directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the Strategic report and the Directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- · we have not identified material misstatements in the Strategic report and the Directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

#### Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

# Independent auditor's report to the members of Voith Paper Limited (continued)

#### Matters on which we are required to report by exception (continued)

We have nothing to report in these respects.

#### Directors' responsibilities

As explained more fully in their statement set out on page 6, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at <a href="https://www.frc.org.uk/auditorsresponsibilities">www.frc.org.uk/auditorsresponsibilities</a>.

#### The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

## 1. Accounting policies

Voith Paper Limited (the "Company") is a company limited by shares and incorporated in the UK.

The Company is exempt by virtue of s400 subject to the small companies regime of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the Company as an individual undertaking and not about its group

These financial statements were prepared in accordance with Financial Reporting Standard 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014. The amendments to FRS 102 issued in July 2016 and effective immediately have been applied. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1.

The Company's ultimate parent undertaking Voith Paper GmbH & Co. KG, Heidenheim includes the Company in its consolidated financial statements. The consolidated financial statements of are prepared in accordance with International Financial Reporting Standards as adopted by the EU and are available to the public and may be obtained from Post Box 2003, 89510 Heidenheim, Germany. In these financial statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- · Cash Flow Statement and related notes;
- · Key Management Personnel compensation; and
- Related party disclosures

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements. On first time adoption of FRS102, the Company has not retrospectively changed its accounting under old UK GAAP for accounting estimates.

#### 1.1 Measurement convention

The financial statements are prepared on the historical cost basis.

## 1.2 Going concern

After making enquiries, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the directors report and financial statements.

#### 1.3 Foreign currency

Transactions in foreign currencies are translated to the Company's functional currency at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised in the profit and loss account.

At 30th September 2017

### 1. Accounting policies (continued)

#### 1.4 Classification of financial instruments issued by the Company

In accordance with FRS 102.22, financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions:

- (a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and
- (b) where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

#### 1.5 Basic financial instruments

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

#### Investments in subsidiaries

These are separate financial statements of the Company. Investments in subsidiaries are carried at cost less impairment in accordance with FRS 102.17.15E-F, Property, Plant and Equipment, with net revaluation gains recognised in OCI and net revaluation losses in profit or loss.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

#### 1.6 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. The company assesses at each reporting date whether tangible fixed assets are impaired.

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of an item of tangible fixed assets. Leased assets are depreciated over the shorter of the lease term and their useful lives. Land is not depreciated. The estimated useful lives are as follows:

Freehold buildings

4% per annum

Plant and machinery

- 8% to 25% per annum

Fixtures and fittings

20% per annum

No depreciation is provided on freehold land.

At 30th September 2017

## 1. Accounting policies (continued)

#### 1.7 Stocks and work in progress

Stocks are stated at the lower of cost and net realisable value. In the case of work in progress and finished stocks, cost consists of direct materials, less trade discounts and attributable direct production costs. In the case of other stock items, cost consists of purchase price less trade discounts, calculated on a first in first out basis.

Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal.

Progress payments received and receivable are deducted from work in progress. Where progress payments exceed the value of work in progress the excess is included in creditors.

#### 1.8 Provisions

A provision is recognised in the balance sheet when the Company has a present legal or constructive obligation as a result of a past event, that can be reliably measured and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the amount required to settle the obligation at the reporting date

Where the Company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its group, the Company treats the guarantee contract as a contingent liability until such time as it becomes probable that the company will be required to make a payment under the guarantee.

Warranty provisions are made against certain contracts delivered to customers. The value of the provision is dependent on the technical complexity of each individual contract concerned and includes consideration of past experience on similar contracts undertaken and, where appropriate, reports commissioned by independent experts. Warranty provisions are normally held for a number of years after contract delivery, during which time any charges incurred are applied against the outstanding provision. At the end of each accounting period, the outstanding provisions are reviewed and, if the individual warranty provision is no longer required, the remaining provision is released to the profit and loss account. Any further provision that may be required is charged to the profit and loss account in the year in which identified.

#### 1.9 Research and development

Research and development expenditure is written off in the year in which it is incurred.

#### 1.10 Defined contribution pension

The staff and employees of the company are eligible to be members of Voith AEGON Pension Scheme, a defined contribution pension scheme. The pension costs charged against profits represent the amount of the contributions payable to the scheme in respect of the accounting period.

## 1.11 Revenue recognition

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on dispatch of the goods. *Rendering of services* 

Revenue from paper machinery servicing is recognised upon completion of the service work or over the term of the service contract.

At 30th September 2017

## 1. Accounting policies (continued)

#### 1.12 Expenses

Operating lease

Payments (excluding costs for services and insurance) made under operating leases are recognised in the profit and loss account on a straight-line basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation; in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in profit and loss over the term of the lease as an integral part of the total lease expense.

#### Finance lease

Minimum lease payments are apportioned between the finance charge and the reduction of the outstanding liability using the rate implicit in the lease. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent rents are charged as expenses in the periods in which they are incurred.

#### 1.13 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; and differences relating to investments in subsidiaries, the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is provided in respect of the additional tax that will be paid or avoided on differences between the amount at which an asset (other than goodwill) or liability is recognised in a business combination and the corresponding amount that can be deducted or assessed for tax. Goodwill is adjusted by the amount of such deferred tax.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that is it probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

At 30th September 2017

#### 2. Turnover

Turnover is the total amount receivable by the Company in the ordinary course of business for goods supplied as a principal and commission on sales secured for other group companies, and excludes value added tax. In respect of short term contracting work performed, the Company recognises a proportion of turnover on contracts appropriate to the stage of completion.

Commission income from group companies is accounted for on a receivable basis.

Turnover is attributable to the principal activity of the provision of services for the maintenance and upgrade of paper finishing and other specialist paper machinery, analysed as follows:
