BACKHOUSE INSURANCE BROKERS LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2015

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Turnover

Turnover comprises revenue recognised by the company in respect of services supplied during the year, exclusive of Value Added Tax and trade discounts.

Commission income forms the revenue of the company and is recognised at the date of policy confirmation.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Motor vehicles	-	25% straight line
Fixtures and fittings	-	5-10% straight line
Office equipment	-	20% straight line
Computer equipment	-	25% straight line

1.4 Investments

Investments held as fixed assets are shown at valuation.

1.5 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account on a straight line basis so as to reduce the net obligation outstanding by an equal charge in each period.

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2015

1. ACCOUNTING POLICIES (continued)

1.6 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.7 Pensions

The company contributes to personal pension plans and the pension charge represents the amounts paid by the company to the plans in respect of the year.

1.8 Insurance broking debtors and creditors

In common with other insurance brokers, the company acts as agent in placing the insurable risks of its clients with insurers and, as such, is not liable as principal for amounts arising from such transactions. Notwithstanding these legal relationships, debtors and creditors arising from insurance broking transactions are shown as assets and liabilities. This recognises that insurance brokers are entitled to retain the investment income on any cash flows arising from these transactions.

In presenting this gross position, the financial statements are presented in accordance with the guidelines of Financial Reporting Standard 5, 'Reporting the substance of transactions'.
