The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2022.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2022 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

Balance Sheet - continued 31 December 2022

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director and authorised for issue on 2 August 2023 and were signed by:

M Brooks - Director

Notes to the Financial Statements for the Year Ended 31 December 2022

1. Statutory information

The Company is a private company limited by shares, incorporated in England and Wales. Its registered office is 5, Grange Court, The Limes, Ingatestone, Essex, CM4 0BE.

The company's principal business activity is that of insurance brokers.

2. Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

3. Accounting policies

Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Turnover

Turnover represents commission receivable on insurance policies issued by the company during the year.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings - 10% on cost

Plant and machinery etc - 33% on cost and 15% on cost

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Notes to the Financial Statements - continued for the Year Ended 31 December 2022

3. Accounting policies - continued

Pension costs

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Going concern

After making enquiries the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

Insurance debtors and creditors

The company acts as agent in broking the insurable risks of clients and normally is not liable as a principal for premiums due to underwriters or for claims payable to clients. Notwithstanding the legal relationship with clients and underwriters, the company has followed generally accepted accounting practice for insurance brokers by showing debtors, creditors and cash balances relating to insurance business as assets and liabilities of the company itself. This recognises that the company is entitled to retain the investment income on any cash flows arising from these transactions.

In the ordinary course of insurance broking business, settlement is required to be made with certain market settlement bureaux, insurance intermediaries or insurance companies on the basis of the net balance due to or from them rather than the amounts due to or from the individual third parties which it represents.

However, under FRS 102 Section 1A, assets and liabilities may not be offset unless net settlement is legally enforceable and, therefore, insurance debtors and creditors are shown gross within these financial statements.

Investments

Fixed asset investments are initially recorded at cost, and subsequently stated at cost less any accumulated impairment losses.

Listed investments are measured at fair value with changes in fair value being recognised in profit or loss.

Government grants

The company accounts for government grants on an accruals basis. During the year ended 31 December 2021, the company recognised grant income receivable from the UK Government's Coronavirus Job Retention Scheme and from the Local Authority Discretionary Grant Fund in other operating income.

4. Employees and directors

The average number of employees during the year was 8 (2021 - 7).
