#### **Directors' Report**

#### for the year ended 31 March 1997

The directors submit their report together with the audited financial statements for the year ended 31 March 1997.

#### **Directors' Statement**

Company Law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business:

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Principal Activity and Business Review

The principal activities of the business are those of general engineering and retail ironmongery and the directors intend to continue and develop these activities.

This has been another satisfactory year. The profit before taxation has increased significantly, due mainly to a profit on the sale of a part of the Company's freehold property. The sale was the next step in the strategy to relocate certain of the engineering departments out of Cambridge. The relocation, to a recently acquired building, will now be made during the early part of 1998. The new building will enable the departments to operate more effectively and will provide the platform for further growth over the coming years.

The directors are also pleased with the trading in the current year and look forward with confidence to the future and the challenges and opportunities that the new century will bring.

The directors consider the state of the Company's affairs to be satisfactory and do not recommend a dividend on the ordinary shares.

#### Directors and their Interests

The directors who served during the year and their beneficial interests in the share capital of the Company were as follows:

|                         | At end of year | At beginning of year |
|-------------------------|----------------|----------------------|
| D R H Mackay (Chairman) | -              | -                    |

### Auditors' Report to the Shareholders

#### on the Financial Statements for the year ended 31 March 1997

We have audited the financial statements on pages 4 to 13 which have been prepared under the historical cost convention and the accounting policies set out on page 7.

#### Respective Responsibilities of Directors and Auditors

As described on page 1, the Company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

#### **Basis of Opinion**

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### **Opinion**

In our opinion the financial statements give a true and fair view of the state of the Company's affairs as at 31 March 1997 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

#### Notes to the Financial Statements

#### for the year ended 31 March 1997

#### 1 Principal accounting policies

#### Accounting convention

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of freehold land and buildings.

#### Accounting standards

The financial statements have been prepared in accordance with the applicable accounting standards.

#### **Turnover**

Turnover represents amounts receivable, excluding value added tax, for goods invoiced during the year.

#### Depreciation

Depreciation is calculated to write off the cost of tangible fixed assets over their estimated useful lives by annual instalments at the following rates.

Freehold property - 2% on cost or valuation
Plant and machinery - 15% on net book value
Motor vehicles - 25% on net book value
Fixtures, fittings and office equipment - 15% on net book value
Computer equipment - 25% on net book value

#### Stocks

Stocks are valued at the lower of cost and net realisable value. In the case of work in progress and finished goods, cost includes an appropriate proportion of fixed and variable factory overhead expenses.

#### Deferred taxation

Provision is made for deferred taxation in respect of all material timing differences only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

#### Pension costs

The Company's pension obligations are covered by contributions paid to a group personal pension scheme. Contributions are written off to the profit and loss account in the year in which they are paid.
